GOVERNOR PUTS AUDITOR OUT

State Official of Indiana Removed for Breach of Public Trust.

BIG SHORTAGE IN ACCOUNTS

[SPECIAL TELEGRAM TO THE GAZETTE.]

INDIANAPOLIS, IND., Sept. 14.—State Auditor David E. Sherrick was removed from office today by Gov. Hanley, who charges him with "a gross betrayal of the public trust," in that he invested funds of the state to the amount of about $145,000 in private ventures. After making several demands for his resignation, none of which were complied with, Gov. Hanley today declared the office vacant and appointed Warren Bigler of Wabash to the position. A warrant was issued for his arrest tonight.

In a formal statement relative to the matter the governor says that he has been investigating the affairs of the office since the last of August. He had received information that Sherrick had not made his settlement for July of the moneys which had come into his hands since April 1. These amounted to about $235,000. Gov. Hanley asked for a settlement, which was made at once.

The auditor, in his report to the governor, stated that he was at that time chargable with state funds received since the July settlement, of $145,197.80, for which he filed a schedule of collateral he held to secure this amount. Gov. Hanley insisted that this collateral, amounting to $152,883.33, be turned over to John E. Reed, the settlement clerk. This was done. On investigation, Gov. Hanley asserts, only $37,355.01 of the securities were found to be of any value.

The governor then demanded that settlement for the $145,197.80 be made by noon the following day. The governor was informed by friends of Sherrick that this could not be done. The message requesting Sherrick to resign was then sent, verbally. At noon yesterday it was again sent to him, but no resignation was made, and the governor thereupon removed him.

ARREST A WELL-KNOWN CITIZEN FOR BURGLARY

Prominent Franklinite Discovered in House Other Than His Own, Late at Night.

[SPECIAL TELEGRAM TO THE GAZETTE.]

FRANKLIN, PA., Sept. 14.—Early this morning the police were notified by telephone that burglars were in the house of Mrs. M. W. Hull and Mrs. Emily Kingsbury, who live together. Two officers responded and after searching the first and second floors for the intruders, discovered no one.

When they were coming through the dining-room on their return to the front of the house, Mrs. Kingsbury, who was leading them, suddenly exclaimed: "There he is," pointing to a man standing beside a table.

He was hurried off to the police station and there, to the amazement of the officers, he was found to be Robert McDonald, a promindent citizen of the Third ward, a property owner and the head of a family. Today Mrs. Hull made information against him, charging burglary. McDonald says he was intoxicated and remembers nothing that took place.

MORE TROOPS HAVE BEEN ORDERED TO BAKU

TIFLIS, Sept. 14.—Further reinforcements have been ordered sent to Baku. The governor of Elizabethpol has telegraphed for more troops owing to the menacing attitude of the rioters. The revolutionary party here today issued a proclamation calling for a general uprising.

The body of the hated general, Prince Amilakhovri, formerly governor of Baku, was brought into this city by troops today and was buried without disorder occurring.

WORKMEN HAVE NARROW ESCAPE

Falling Wires Completely Tie Up the Fort Wayne Railroad This Morning.

FLYER FLAGGED IN TIME

Almost a hundred workmen engaged in the work of abolishing Allegheny grade crossings had a narrow escape from being electrocuted at 12:45 last night at the Washington avenue crossing, Allegheny, when the big feed wire of the Allegheny County Light Company and the Pittsburgh Railways Company dropped down upon them.

The accident was caused by the arm of the steam shovel used in grading along the tracks of the Fort Wayne railroad catching in the guy wire which steadied the pole carrying the wires of the two electric companies. The light company's wire carries a current of 9,500 volts. The railways company's wire carries 550 volts. The beam of the steam shovel catching the guy wire broke off the top of the pole and dropped the wires until they hung just over the heads of the workmen laboring in the cut below.

The flyer was due from the west at the time and flagmen were hastily sent out to stop the train. This was accomplished just in time to prevent the train plunging into the death-charged wires which hung in its way.

A large force of workmen were speedily on hands. The wires were raised on scantlings high enough to permit the flyer to pass and were then lowered and all further operation of the road was suspended for several hours while a new pole was placed by the linemen who had been summoned.

ARMISTICE IS ARRANGED

Gens. Ovanosky and Fukishma, After Nine Hours' Conference, Come to Terms.

GUNSHU PASS, MANCHURIA, Sept. 14.—Major-General Ovanosky, and his suite returned from Kochlation at 8 o'clock this morning.

At 7 o'clock last evening General Ovanosky and General Fukishima signed an armistice ordinance in the open plain near Shakhedze, after negotiations had been conducted for nine consecutive hours.

WORRIED INTO RABIES.

Woman Who Insisted Her Husband Died from Dog Bite, Follows Him to the Grave.

PHILADELPHIA, Sept. 14.—(Special.)—Constant worry over the death of her husband a month ago in the Philadelphia hospital from what she believed to be hydrophobia, the physicians say, hastened the death of Mrs. Annie McCue, who died at the Germantown hospital last night.

Mrs. McCue and her husband were bitten by a small dog June 30. The coroner's certificate stated that the death of Thomas McCue was due to oedema of the lungs. Mrs. McCue and her friends believed it was hydrophobia. The physicians say that every symptom of hydrophobia was present. They attribute it to nervous prostration.

Mule Proves a Good Detective.

LANCASTER, PA., Sept. 14.—(Special.)—A case was tried in criminal court here today in which it developed that a mule proved a good detective. Augustus Burkhart of Breakneck township was convicted of stealing chickens, because, when in the act of killing fowls in the mule's stall, the quadruped kicked him. He could not get away from the place. Burkhart's hat found in the stall proved his undoing.

METROPOLITAN IS UNDER FIRE

Member of Its Finance Committee Cannot Remember Salaries of Officers.

BANKERS CONTROL SITUATION

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, Sept. 14.—When the special legislative committee which is probing life insurance companies' methods adjourned today, Chief Counsel Hughes had finished for the present the examination into the Mutual Life Insurance Company. The Metropolitan Life Insurance Company was started on when Silas B. Dutcher, a director and a member of the finance committee, was called to the stand.

Mr. Dutcher was questioned regarding the securities held by the Metropolitan and as to the syndicate operations of his company. He was asked the salaries of the company's officers, but could not remember them. He will present the list of officers' salaries to the committee tomorrow.

Earlier in the day, Treasurer Cromwell had taken the stand to continue his explanations of the Mutual Life's syndicate operations. In explaining the relations of the Mutual with trust companies, Mr. Cromwell stated that on the purchase of $1,120,000 shares of the Title Guarantee & Trust Company, the Mutual had received in dividends $1,220,000, making these shares cost nothing, and realizing a profit. Mr. Cromwell stated these shares are selling at over 600.

Bankers Control Situation.

On the advantage of dealing through syndicates in preference to buying railroad bonds direct, Mr. Cromwell said he had actually tried to buy bonds directly from a railroad company. He went to his friend, Stuyvesant Fish, president of the Illinois Central.

"Mr. Fish told me he could not afford to sell bonds to the Mutual," Mr. Cromwell said.

"Then the truth is, the railroads must stand in with the bankers in order to sell their securities, and the insurance companies must stand in with the bankers in order to buy at low prices?" Mr. Hughes asked.

"Exactly."

"The bankers control the situation?"

"No doubt about that."

MEN IN STRIPES MAY YET HAVE INNOCENCE PROVED

Attorney Insists They Are Victims of Popular Prejudice.

SERVING TEN YEARS FOR BANK ROBBERY

Confession of Man Who Participated Clears the Prisoners of All Guilt.

APPLICATION FOR A PARDON

John Conlin and Robert Simpson, well-connected young men, who are serving 10-year sentences in the Western Penitentiary, may have been unjustly convicted. The presumption of their innocence is so strong that Assistant District Attorney John S. Robb has taken an interest in the case. Attorney Marron, who defended the men, says he is confident that Conlin, at least, is innocent, and is the victim of public sentiment aroused by the crime.

Conlin, who is also known as "Farmer John," and Simpson, who has acquired the sobriquet of "Little Robbie," were convicted of participating in the robbery of the First National bank at Irwin on December 3, 1903. They were arrested in a house in Penn street, Allegheny, by a Pinkerton detective, assisted by local officers. Judge A. D. McConnell of Westmoreland, tried the case and sentenced the men. Since their conviction a strong feeling that the men were innocent has grown in Allegheny and Westmoreland counties.

Expects to Secure Pardons.

Mr. Robb expects to carry the matter to the board of pardons and is confident that he can establish a strong doubt as to the guilt of his clients. He has known Conlin for years and carefully followed the testimony offered at the trial in Greensburg. Recently Mr. Robb visited Conlin at Riverside and has investigated evidence used by the prosecution.

If the plans now under way are carried out, Mr. Robb will open communication with District Attorney J. E. B. Cunningham of Westmoreland county, who con-

ducted the prosecution, and with Attorneys E. B. McCormick and John Wentling, Sr., counsel for the bank, who assisted in the preparation and the conduct of the trial.

Up to Westmoreland Authorities.

If the Westmoreland county authorities promise that no opposition will be offered to the appeal to the pardon board, the plans will be carried out as at present contemplated. Judge McConnell, who sat at the trials, may be advised with, but it is not thought he would take a stand either way in the matter. It is asserted that his interest in the case ceased at the conclusion of the trial, and that because of his position on the bench he would offer no resistance to the proceedings, or even take any official cognizance of them.

JAPAN WILL REQUIRE MANY LOCAL PRODUCTS

Repairing Captured Russian Vessels and Reinstalling Machine Tools, Etc., Taken for Arsenal Use, Make Pittsburgh Orders.

Pittsburgh and other Pennsylvania machinery, etc., is to be largely utilized by the Japanese for the purpose of repairing the battleships and cruisers captured from the Russians and considerable equipment will also be shipped from the Pittsburgh district for the big Japanese industrial plants which were stripped of the most of their installation in order to satisfy the urgent needs of the arsenals, etc., during the late war.

F. W. Horne of Yokohama, the pioneer and largest handler of Yankee labor-saving devices in the far east, who has been in America for several months past for the purpose of rushing the enormous quantities of various material requisitioned for by the Japanese authorities for shipyard and arsenal use during hostilities, has received big contracts by cable for different kinds of machinery, quantities of which will be purchased in the Pittsburgh district.

Mr. Horne, who placed the major portion of the machine tools ordered during the recent fighting by the mikado's government, at present holds the Japanese agencies for nearly 50 of the big American machinery builders. He is making further arrangements with manufacturers on this side and expects that Yankee plants will turn out far and away the most of the big orders for labor-saving devices which industrial Japan will need in the near future.

As a further proof that Americans intend to leave no stone unturned to capture the Japanese machinery trade in opposition to the British and German builders, it can be stated that Manning, Maxwell & Moore, the largest distributors of labor-saving devices in this country, have decided to open offices in Japan in conjunction with the Japanese house of Takota & Company, which represents the Westinghouse interests in that part of the world.

CRUISER FIRES TWO SHOTS AT AN ERIE TUG

Fishing Boat William J. McCarter Is Struck Twice, but Not Seriously Damaged.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

ERIE, PA., Sept. 14.—While fishing near the boundary line in Lake Erie this afternoon, the fishing tug William J. McCarter, a small boat of 15 tons, was struck twice by shots from the Canadian cruiser Vigilant in the efforts of the Canadians to compel the tug to stop and surrender.

Captain Frank Handy, the engineer and four men were on the tug, but they were determined to escape and made the run home in their damaged boat. The tug was struck once near the water line, but the hull was only dented. The second shot knocked over "the iron man," a piece of machinery used in hauling in nets. The men were not hurt.

The boat sustained such small damage that just before dark, Captain Handy started out again to pick up the nets he left behind. The captain said that he was in American waters when the shots were fired, but many of the fishermen admit that they are going over on the Canadian side regularly to fish at this season of the year.

The Vigilant comes down inside the Canadian line and intercepts all tugs that are not speedy enough to get away.

CHICAGO WOMAN IS SURE MARRIAGE IS A FAILURE

Has Tried It Six Times and Ought to Know—Will Ask for Her Fifth Divorce.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CHICAGO, ILL., Sept. 14.—Mrs. Laura W. Hodges, principal in six marriages, the last of which was but one day past when her husband fled from her, has come to bitter conclusions about men and matrimony.

Mrs. Hodges' latest experience came last Monday when she told Justice Wolff that W. C. Hodges, to whom the justice had married her Saturday, had fled from her, leaving her a dowry of unpaid bills and protested checks.

The woman's first husband drank and she divorced him. The second was a similar case. Her third husband deserted her and the divorce court again set her free.

Her fourth husband went crazy and tried to kill her. She shot him dead. Six weeks later she married her fifth and he fled. The divorce court was again appealed to. Now her sixth is gone and she is disgusted.

RAMSEY WANTS PROXIES OF THE WABASH HOLDERS

Desires to Vote Them at the Annual Election of the Road's Directors.

MAY WREST CONTROL FROM GEORGE GOULD

Says He Has Been Denied Access to the Stock Books of the Company.

POINTS TO HIS GOOD WORK

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square,
NEW YORK, Sept. 14.

As a climax to recent dissentions among Wabash railroad interests, Joseph Ramsey, Jr., president of the road, whose retirement was expected on October 1, today issued a remarkable public statement, in which he asks stockholders of the road for proxies in his name for use at the annual election of directors, to be held at Toledo, O., October 10.

From the wording of this statement, the only construction that can be placed on it is that an attempt is being made to dispute the control of the great railroad property with George J. Gould. The serious contemplation of any such attempt, however, is decried in railroad circles, as it is a well-known policy of the Goulds to retain 51 per cent of the stock of their properties, so that in the event of a contest, it would no great effort for them to maintain a controlling interest.

Mr. Ramsey, who has been at the Holland house, left there two days ago to go to Orange, N. J. It was said at Orange today that he had left there also.

Ramsey Issues Circular.

In his circular, addressed to Wabash shareholders, Mr. Ramsey says:

"During my service of 16 years to you as general manager, vice president and president of your company, the lines of your railroad have been extended to the cities of Omaha and Des Moines on the west, and to Buffalo and Pittsburgh on the east, over its own and its leased and controlled lines. The tracks have been relaid with heavy rails. Many miles of wooden trestles have been filled in with solid embankments or replaced with iron bridges. More than 20 miles of double main track have been built. Nearly the whole of the old and obsolete motive power and equipment has been replaced with the best modern types, more than double in power and capacity for handling traffic, and your properties brought to a high standard as operative railways.

"Of the cost of this work, at least $11,000,000 was paid out of net earnings. I think I may fairly claim all of the improvements and extensions mentioned have been made by or carried out at my suggestion or by my initiative. During the period named, the gross earnings of your properties have increased from $11,[illegible],000 to $25,000,000 per annum.

"Under this statement of the results of my administration I feel that I am entitled to ask you to honor me with your proxies, for use at the annual election of directors, to be held on October 10 next. I realize fully the responsibility assumed by me in making this request, and should you honor me with your confidence I shall use the power you confide in me in an endeavor to elect such directors as will fully recognize the obligations assumed by them as representatives of all the owners of your properties.

Knows Road's Possibilities.

"I question if any one is better acquainted with the Wabash railroad, its capabilities and its possibilities than myself, after my long connection with its management, and I do not hesitate to say that, with prudent, conscientious and impartial operation, there should be at an early date some pecuniary return to its owners.

"Having been denied access to the stock books of the company, I take this method of reaching you, and therefore ask you for your proxies in my name as described, with full power of substitution, and with a revocation of any proxies heretofore given to you, or I will forward blank proxies to you in proper form on receipt of your addresses. My address will be at the Holland House, New York City."

Unusual activity was observed in the stock market today in stocks and bonds of the Gould roads. Missouri Pacific, after dropping to [illegible], rose to [illegible], closing at a gain of 1½ points. Gains were also made by Wabash stocks. The debenture "B" mortgage bonds, which sold on Tuesday at 7[illegible], advanced today to 7[illegible].

RECEIVES FOREIGN ORDER.

Lackawanna Steel Company of New York Enters the Export Steel Rail Trade.

NEW YORK, Sept. 14.—(Special.)—The Lackawanna Steel Company has decided to enter the export steel rail trade and has just been awarded a substantial Australian contract and is also figuring on some interesting Japanese contracts.

The Australian order requisitions for 5,500 tons of 80 and 100-pound rails for the Victorian government railroad system. Shipment will be made to the port of Melbourne. Deliveries are to be concluded by January of next year.

Shot for Oil and Got Ore.

SANDUSKY, O., Sept. 14.—(Special.)—An oil well was shot late this afternoon on the Brown farm north of town, and large piece of nearly pure iron were thrown out. There is much excitement over the discovery of the ore.

NEBRASKANS WANT NO PASS

Republicans of That State Have Platform Which Calls for Paying Fare.

INDORSE PRESIDENT'S POLICY.

[By Associated Press to The Gazette.]

LINCOLN, NEB., Sept. 14.—Nebraska Republicans in state convention today nominated the following ticket:

Justice of supreme court, Charles B. Letton of Fairbury.

Regents of the university, V. G. Lyford of Falls City; Frederick Abbott of Columbus.

Interest centered largely in the platform, which was adopted unanimously. It recommends a law be enacted to prevent the distribution of railroad passes. The platform opens with an indorsement of the administration of President Roosevelt and accords him praise and congratulation for securing peace between Japan and Russia. It continues:

"We believe strictly in the principle of equality before the law as applied to the transportation business, and therefore demand immediate relief through the enforcement of existing laws, or through amendatory legislation, from the payment of rebates to favorite shippers, and unlawful and wrongful discriminations between communities and individuals, both in the state and in the nation.

"With unbounded confidence in the integrity and statesmanship of President Roosevelt we heartily approve his recent utterances, as to the control of railroads and large corporate interests.

"We request and demand of our representatives in congress active and harmonious co-operation with President Roosevelt along these lines to the end that corporate rapacity, extortion and abuses may be subdued and abolished and the sovereignty of the people over corporations fully, promptly and permanently established."

The concluding sections refer to state issues.

SHOOTS HER HUSBAND.

Wife Is Enraged Because He Does Not Keep Promise to Pay for Her Support After Leaving Her.

NEW YORK, Sept. 14.—(Special.)—Enraged because he would not pay her a weekly sum for her support, to which he had agreed in a police court, Mrs. Elizabeth Wilson, 23 years old, today shot her husband, Edward R. Wilson, 29 years old, a compositor, in Center street. The bullet entered Wilson's left side, and surgeons at the Hudson street hospital say it will probably prove fatal.

Mrs. Wilson was arrested and admitted the shooting. She said Wilson married her and then wanted her to continue her work as a typewriter. A child was born to them, but died when a year old, and she says Wilson then left her. She had him arrested on a charge of non-support, and he promised a magistrate he would pay her $5 a week. He didn't keep his promise, she declares.

COUNT REFUSES MONEY.

Italian Nobleman Turns Down Bequest Offered Him in Mysterious Woman's Will.

FLORENCE, ITALY, Sept. 14.—When the will of the woman known as Mrs. Mary R. Newbree, who died here on May 13, was opened today it was found that her real name was Mrs. Guy Cuzner of Los Angeles, Cal., and that she had been divorced.

The woman's estate amounts to $66,000, and the will bequeaths $20,000 to charity, $1,000 to servants, $8,000 to female friends and the remainder to her son James and to a count whose name has not been disclosed. The former husband of the woman and her son have decided to contest the will, and it is understood that the count has declined to accept the amount bequeathed him.

Invitation to Go to Philadelphia.

A letter from Dr. William O. Stillman of Albany, N. Y., president of the American Humane association, was received yesterday by the Western Pennsylvania Humane society, announcing the annual meeting to be held in Philadelphia October 10, 11 and 12. The letter extends a cordial invitation to attend the convention, not only to humane societies, but to anyone interested in the work. Supt. James S. Bell will likely represent Pittsburgh at the meeting.

Soldiers Hold First Reunion.

GREENVILLE, PA., Sept. 14.—(Special.)—Over 500 persons, 250 of whom were former members of the Fifteenth regiment, N. G. P., attended the first annual regimental reunion at Exposition park, Conneaut Lake, today. The big resort was given over to the ex-soldiers and their friends. Many of the men had not seen each other since the regiment was mustered out seven years ago.

Ready to Turn Over the Keys.

Members of Etna Volunteer Fire Company No. 1, who resigned from the department last Monday night, held a meeting yesterday evening and arranged for the official surrendering of their keys at the meeting of council Monday night, when the resignations go into effect, and a new chief and company will be chosen by council.

Third Death from Wreck Occurs.

NEW CASTLE, PA., Sept. 14.—(Special.)—The third death from the Western New York & Philadelphia wreck last Thursday near Wilmington Junction, occurred this afternoon when Harry Schetrom of this city died at the Shenango Valley hospital. He was 18 years of age and was the son of Mr. and Mrs. George Schetrom of this city.

"I have had no formal notification yet of the plan to go before the pardon board in behalf of Conlin and Simpson. The matter has been informally discussed, but in so far as I am concerned, nothing definite has been done."

Conlin Made a Good Impression.

"Would you offer any opposition if a pardon were asked for?"

"I will make no statement of what my intentions are or what my action might be until I have been formally notified that such plans are under way and until I have talked with the attorneys for the Irwin bank. We conducted the trial in all fairness and got a conviction. Conlin was a frank sort of fellow on the stand and made a good impression upon everyone who followed the case. I have heard it said repeatedly that he was not the kind of man who would go into a job as daring as that done at Irwin, and there was nothing shown in the trial that would lead to the inference that he had previously participated in similar burglaries."

Edward B. McCormick and John Wentling, Sr., who were the attorneys engaged by the directors of the First National bank, were seen at their offices in the Huff building, Greensburg. Mr. McCormick said:

Conlin Seemed Least Culpable.

"Neither Mr. Wentling nor I have any personal feeling in this matter. We were counsel for the bank and assisted in the trial of Conlin and Simpson. Mr. Wentling and I were talking about that case yesterday. Conlin aroused the greater interest because he seems to come from a good family. His brother, an attorney in Detroit, was at the trial. Conlin was frank and seemingly honest and never tried to hide the fact that he visited country fairs and played cards. To me Conlin has always seemed the least culpable of the trio tried for the Irwin bank robbery."

Mr. Wentling, who was present at the interview, concurred with Mr. McCormick.

Mr. Robb, it is said, has found some startling evidence to use in the application for a pardon. Samuel, alias "Cedar" Ross, who was captured in Allegheny after making a murderous assault upon Henry Kleiman, a plumbing contractor, was tried for complicity in the Irwin bank robbery. Ross was said to be the leader of the notorious gang of safe-crackers that worked in the western end of the state for several months during the winter of '02 and '03. He was defended by W. H. McGary and was acquitted, although almost the same testimony was used against him as was employed to convict Simpson and Conlin.

Confession of "Cedar" Ross.

Since going to the Western penitentiary for seven years for his assault upon Kleiman, Ross is said to have confessed that of the three tried for the Irwin bank robbery, he was the only one who actually had any part in it. His willingness to tell this is said to have arisen because of his assurance that he cannot be tried again for that offense. Ross declared that neither Conlin nor Simpson were near Irwin at the time of the robbery and had no knowledge of it, perhaps, until they read of it in the papers.

During the trial Conlin asserted that the identity of himself established by Miss Bessie Fulton, night telephone operator at Irwin, who was bound and gagged by the burglars, was a mistake. He expressed his belief that "Altoona Bill" Dailey, who greatly resembles Conlin in stature and features, was the real culprit. Dailey is one of the most famed safe-crackers in the country and took part in the Garrettsville (O.) bank robbery on March 28, 1903, just a few weeks after Conlin and Simpson were arrested. Alonzo Blair, who was with Dailey at Garrettsville, was shot and killed during a running fight with United States Marshal Joe Bradley. Dailey escaped and was arrested May 12, 1903, at Union station, Pittsburgh, by Detectives Elmore and Aymer. He was taken to Cleveland for trial and is now serving five years in the Columbus penitentiary.

NEGRO'S SMOOTH STORY PUNCTURED AT LAST

Educated Black, Who Nearly Fools Philadelphia Police, Charged With Burglary.

[By Private Wire to The Gazette.]

PHILADELPHIA, Sept. 14.—Two charges of robbery have been fastened on the stylishly-dressed and well-educated negro giving his name as John Williams, who since his arrest in West Philadelphia a week ago, has been something of a puzzle to the police.

While he was attempting to break into the residence of James Richmond, 3935 Walnut street, Williams was arrested. He told the police he was a business man from the south and had no intention of robbing the house. When asked for an explanation of his attempt to enter the house, the negro said he had made a wager with several friends who were visiting here that he could enter a house undiscovered, the bet being made after a discussion of the value of the Philadelphia police force.

The accused showed a large roll of bills and his general appearance seemed to warrant his assertion he was well-to-do. He said the name he gave was fictitious, but he would sooner go to jail than allow his friends to learn in what a predicament he had placed himself. The police were beginning to believe the oft repeated story when evidence of a second robbery, supposed to have been committed by Williams, was discovered.

After his arrest Williams displayed, as one of the marks of his respectability, a jeweled match case and a valuable diamond pin. Today, however, Thomas Williams of 4203 Walnut street identified the jewels as part of $1,000 worth of plunder stolen from his home, despite the fact the smooth John Williams declared a mistake had been made, he was arraigned before Magistrate Harris and held for court on two charges of burglary.

WANT DEAN'S PICTURE.

Request Is Made by Dr. Brashear at Meeting of Dean Pupils' Association.

At the meeting of the Dean Pupils' association in the Fifth Avenue High school last night, B. S. Morrow presented a communication from Dr. John A. Brashear of the Allegheny conservatory, requesting the association to secure a picture of Prof. Dean for the observatory. Prof. Dean was the second director of the observatory and his picture is wanted for the collection.

The place for holding the banquet on the evening of September 25 was changed from the Fulton building to the Fifth avenue building. Letters were received from the Rev. Dr. James Y. Boice of Philadelphia, accepting the invitation to speak on "Prof. Dean;" from Dr. Henry Berkowitz of Philadelphia, to speak on "The Wood Street School," and from John H. Kerr of Allegheny county, to speak on "The High School in the Civil War." Amos L. Asper, class of '59, tenders an original poem on "The High School's Golden Anniversary." It was accepted and Prof. George M. Sleeth will be asked to read it at the celebration.

THE JOINT COMMITTEE SETTLES GLASS DISPUTES

Several disputes between the workers and the manufacturers in the pressed and blown branches of the flint glass trade were settled amicably at the meeting of the joint committee representing the workers and the manufacturers. Among those settled were the disputes at the Crystal Glass Company's plant at Bridgeport, O., and one at the Westmoreland Specialty Company's factory at Grapeville.

Redmond Guest of Honor.

BOSTON, Sept. 14.—William Redmond, Irish member of parliament, was the guest of honor today and tonight at an outdoor celebration held under the auspices of the United Irish League of America at the American league baseball grounds. The festivities were attended by over 5,000 persons and the proceeds will be made part of $50,000 pledged to the Irish cause by the league.

CHINA AND JAPAN TO BE LINKED TO AMERICA

Yankee Enterprise Has Won Way to Direct Communication by Cable With Far East.

[By Associated Press to The Gazette.]

NEW YORK, Sept. 14.—Through American enterprise, the way has been won to connect the western continent by direct submarine telegraphic lines with the empires of Japan and China. Clarence H. Mackay, president of the Commercial Pacific Cable Company, today made the announcement that his company has secured the necessary concessions to enter Yokohama, Japan, and Shanghai, China.

Yesterday the last step in a series of diplomatic negotiations, which were begun at the wish of President McKinley, and which have extended over a period of about three years, was taken when Mr. Takahira, the Japanese minister to the United States, affixed his signature to Japan's agreement with the Commercial Cable Company, for landing rights at Yokohama. An agreement for landing rights at Shanghai was signed by China several weeks ago.

When the new cables are completed, Mr. Mackay said, their length, added to other cables already laid or about to be built, will form part of a system which extends two-thirds of the distance around the globe.

The cable connections with both Japan and China will be made by extending the present lines of the company, which run from San Francisco through the stations of Honolulu, Midway and Guam, to Manila. Japan will be reached by laying a cable from Guam in the Pacific ocean, direct to Yokohama. The cable to China will be laid from Manila to Shanghai.

WYLIE FOR GOVERNOR.

Bay State Prohibitionists Want Traffic in Liquor Prohibited in the Panama Canal Zone.

BOSTON, Sept. 14.—At the state convention of the Prohibition party held here today, Willard O. Wylie of Beverly was nominated for governor. The following resolution was unanimously adopted and sent to president Roosevelt:

"That the manufacture and sale of alcoholic liquors for beverage purposes ought to be prohibited in the Panama canal zone, and that any person who shall give, sell or in any way furnish alcoholic liquors of any kind to an employe, engaged directly or indirectly upon the canal work, shall be imprisoned for 30 days and permanently expelled from the canal strip."

SAY CHECK IS WORTHLESS.

Woman Is Charged With Drawing It and Man With Getting It Cashed.

W. H. Jones of 1612 Wylie avenue and Mrs. Susan M. Lucas of 1038 Forbes street were arrested yesterday by Detective George W. Cole at the Union station and are being held as suspicious persons. It is alleged that Mrs. Lucas drew a check for $85 on the American National bank of Waynesburg, Pa.

The woman, it is alleged, gave the check to Jones to get it cashed. Jones was to receive $45 and $40 was to be given to Mrs. Lucas. Jones had the check indorsed by Robert Moxley, a messenger for Robert Pitcairn, and then had it cashed in a local bank. The check was sent to the Waynesburg bank and returned marked "no funds."

MILLVALE BRIDAL PAIR ARE NEATLY TRAPPED

While Harry Bender and Miss Margaret Shafer of Millvale were being married last evening in the residence of the Rev. K. Loos, pastor of the Millvale German Lutheran church, their friends outside replaced the two horses in their carriage with a pair of mules. The couple hastened from the house, entered the carriage and pandemonium broke loose. Rice, old shoes, such signs as "Yum, yum," "He is a dead one," "Just married," "Dead in love," showed up, and a procession, headed by a brass band started. The couple were released only when they reached the bride's home, where a reception was held.

BOARD OF MISSIONS HAS HEAVY DEBT

SEATTLE, WASH., Sept. 14.—The 96th annual meeting of the American board of commissioners of the Congregational church opened here this afternoon. Treasurer Frank H. Wiggin in his report showed that the total receipts for the year were $812,059, expenditures $895,000 and indebtedness $176,000.

LUMBER TO REPAIR RAVAGES OF WAR

PORTLAND, ORE., Sept. 14.—Carrying 3,780,000 feet of Oregon pine, one of the largest lumber cargoes that ever left this port, the British steamer Tottenham sailed today for Taku, China. The lumber is intended for reconstruction work in Manchuria and Korea.

Will Place Large Car Order.

PHILADELPHIA, Sept. 14.—(Special.)—The Philadelphia & Reading and the Jersey Central railroad companies are in the market for 6,000 freight cars. This increase in rolling stock will take over $6,000,000. It is the largest order for cars ever given by these companies. When the order is placed it will be for delivery of the cars next year.

Charges Attorney With Libel.

Attorney D. B. Maxwell of 1719 Farmers Bank building, will have a hearing next Monday before Alderman F. M. King on a charge of libel on information of L. H. Steele, who alleges that Maxwell wrote a number of letters to business men slandering his character. He was held in a $1,000 bail.

BRIBER'S OFFERS ARE OF NO AVAIL

John N. Guss Resists All Attempts to Get Him Off the Chester County Ticket.

WHY HE WOULD NOT QUIT

The Pittsburgh Gazette Bureau,
Press Building,
PHILADELPHIA, Sept. 14.

The Press, under a West Chester (Pa.) date, tomorrow morning will say:

The efforts which the Eyre organization made to force John N. Guss to withdraw from its ticket and the failure to move the original candidate for district attorney are now matters of recent political history. Just what shape the efforts took has been a matter of conjecture, though it has been known from the beginning that the most vigorous attempts to move Mr. Guss were made.

It is now understood that no less than four separate offers, each one involving a cash consideration, or its equivalent, were made to the candidate. From a thoroughly well informed source it was learned today that the attempts to get Mr. Guss to resign from the ticket took the shape of the following distinct offers, viz.:

On August 1 he was offered a federal job at $3,500 a year for five years.

On August 14, the appointment as deputy district attorney under the new act; to get half of the aggregate salary in the four years of office, estimated at $7,000.

On August 29, the district attorney's salary for three years, estimated at $14,400, $2,000 to be paid on January 1, with security for the balance.

On September 6, $12,000 in cash, payable immediately.

Mr. Guss was one of the three men nominated by the Eyre organization county committee whom the leaders deemed it wise to displace. The other two declined to withdraw unless all the other candidates named by the committee also withdrew. This the other candidates agreed to do—all except Mr. Guss.

He gave as his reason for refusing to get off the ticket the fact that he had been nominated regularly, and if he was good enough to go on the ticket three months ago he was good enough to stay on it.

VOTED AT FOUR MONTHS.

Died Ten Years Ago at That Age, but Is Duly Registered and Casts a Ballot in Philadelphia.

PHILADELPHIA, Sept. 14.—(Special.)—From the testimony of witnesses before Magistrate Gorman today the voting population of the Seventh division of the Eleventh ward included infants, dead men and phantoms of about every recognized brand.

As the result of the hearing James McMenamin, the assessor, was held in $1,300 bail for court, while Owen Hand, judge of election; James Husted and William Trumpheller, the inspectors, were held in $1,000 bail each. William Zigler testified that Henry Zigler, who was listed as a voter and voted at the last election, died about ten years ago. At that time Henry was about 4 months old. Henry was listed as a "cutter," which caused Thomas Raeburn White, who conducted the prosecution, to ask "was he a cutter of teeth?"

CITIZENS UNION BOLTS.

Withdraws from Fusion Conference Held to Nominate Anti-Tammany Mayor of New York.

NEW YORK, Sept. 14.—The representatives of the Citizens union withdrew tonight from the fusion conference of the various local political organizations opposed to Tammany Hall. The conference had been called to determine on a mayoralty candidate to oppose Mayor McClellan, who, it is generally understood, will stand for re-election as the Tammany nominee.

The fusion forces, organized several weeks ago, have been composed of the Citizens union, the local Republican organization, the Municipal Ownership league and the German-American league. After leaving the fusion conference the Citizens union delegates held a session by themselves. It was understood they would not consent to a decision by the fusion conference to delay the mayoralty nomination until next Monday.

HOLDS WELLER FOR COURT.

Former Salesman for Ward-Mackey Company Charged With False Pretense.

E. G. Weller, formerly salesman for the Ward-Mackey Company, was held for court last evening by Alderman E. C. Negley on a charge of false pretense made by W. B. Brenneman, secretary of the company. It is alleged that after he had secured employment without giving a bond on his assertion that "his word was as good as his bond," it was discovered that he was short in his accounts in Chicago, where he formerly worked.

He was discharged and then, it is alleged, it was discovered that he had collected considerable money from customers. When arrested he had $108 in cash and a check for $22 in favor of the Ward-Mackey Company.

MISSING CONTRACTOR HOME.

Philadelphian Returns from Far West, Whither He Fled, to Help Investigation.

PHILADELPHIA, Sept. 14.—(Special.)—George W. Dietrich, the contractor who said his financial ruin was caused by the Durham-McNichol Contracting Company, who has been away from the city, returned yesterday. This morning he was at city hall prepared to tell Mayor Weaver's committee of experts all he could about the filtration contracts. Judge Gordon introduced him to Maj. Gillette, chairman of the commission. The contractor remained with Maj. Gillette far into the afternoon, examining papers, answering questions and making suggestions.

Negro Escapes from Quarantine.

CONNELLSVILLE, PA., Sept. 14.—(Special.)—Excitement was caused here today by the escape of Henry Coville, one of two negroes quarantined in a smallpox camp on Davis island, near Connellsville. The guard saw him fleeing and raised his shotgun to fire, but the weapon failed to work. Coville started toward Pittsburgh.

Zimmerman Denies Reported Sale.

CINCINNATI, Sept. 14.—Eugene Zimmerman, president of the Cincinnati, Hamilton & Dayton railway, arrived from New York late tonight. He denies the report that the Cincinnati, Hamilton & Dayton system had been sold, but intimated that negotiations for its sale are now in progress.

METROPOLITAN COMPANY UNDER FIRE

Continued from First Page.

plaining a matter of a purchase of Bank of California stock, Mr. Cromwell said the issue price of the new stock was 350. Mr. Cromwell hoped to get the shares at this figure, but in the end the shareholders, to whom, under the California law, the rights to the new issue belonged, held out and the Mutual obtained its 2,000 shares at an average price of 380. The sale was entirely by individuals and there was no syndicate. The transaction was left entirely to William Babcock, with absolute confidence he was dealing fairly with the Mutual.

Cromwell Controls Balances.

Mr. Hughes asked how the increases or decreases of bank balances were controlled.

"I control them," said Mr. Cromwell. He recalled that in one instance he added $1,000,000 to the deposits in the Guaranty Trust Company, because the trust company needed the money for a special purpose. He could not remember what was the special contingency, but he promised to look up the records and disclose it. This case, he said, was in no wise unusual.

Mr. Hughes asked if nobody else had a word to say about increasing a deposit.

"No, I do it," was the answer, "I take the responsibility."

Mr. Cromwell said the company's business could not be conducted effectively unless some one had the power to regulate the deposits. But finally, he added, the finance committee must approve all his actions, for all the bank balances were scrutinized by the committee every week. His own power of regulation, therefore, was temporary, and anything he might do could be revoked within a week.

Couldn't Answer These Questions.

Mr. Cromwell was asked whether he increased or decreased his holdings in the debentures of the United States Mortgage & Trust Company to assist the trust company. He replied:

Not entirely so; it is partly to help our whole western clientele to know that through one of our companies they can get money on bond and mortgage.

The advertising, printing, stationery and postage accounts of the Mutual is $1,124,-833 76; of the New York Life it is $921,-284 65; for the Equitable $712,445 39. Can you explain these very large amounts?

I know nothing about it. Current expenses of the Mutual are under a special committee.

Is the same true of the legal expenses to the sum of $264,234?

I have nothing to do with it. It would be under the law department.

Do you, as subsidiary companies, make advances to agents?

No, sir.

How are advances made to agents by the Mutual?

It is done through the general agents of the departments; but I understand the amounts are not large.

Does the Guaranty Trust Company or the United States Mortgage and Trust Company make loans on mortgages?

Not to my knowledge; I would not like to swear to it.

You have an account with the American Exchange bank?

We have had it for nearly a generation.

You do not receive any interest?

None whatever; its president is one of our trustees and he tells us frankly if we want interest we must go elsewhere, but we have not thought it gracious to close our account.

Metropolitan Is Examined.

It was at this point Mr. Dutcher was called. While his testimony developed nothing of a startling or sensational nature, several statements made by the witness were of passing interest. One of these was that the company has no treasurer, the cashier acting in that capacity.

The list of stock and securities held by the Metropolitan on January 1, 1905, was marked for identification; also the lists of purchases and sales of securities and syndicate participations in the last 10 years were produced and put in as evidence.

Of $75,000,000 of the securities held by the Metropolitan, about $67,000,000 were purchased from Vermilye & Co., and W. A. Reid & Co. The reason, Mr. Dutcher thought, why so great an amount of business was done with these firms, was because they have done business satisfactorily and the company deemed it advisable to continue with them. Mr. Dutcher said the president usually did the purchasing of securities for the Metropolitan.

It appeared from the questioning that the president of the Metropolitan had sole discretion in which banks and trust companies deposits should be kept.

What is the sum deposited in the Hamilton Trust Company?

Between $175,000 and $200,000.

Does the Metropolitan hold stock in the Hamilton Trust Company?

About $130,000 out of $500,000 total capital.

What interest does the Metropolitan receive?

Two per cent. There is an agreement as to withdrawal, but the account is not very active.

OIL KING WINS FIGHT AGAINST SALOONKEEPER

John Melin Will Close His Bar at North Tarrytown After a Hard Struggle.

[Special Telegram to The Gazette.]

NORTH TARRYTOWN, N. Y., Sept. 14.—"Rockefeller always wins," sighed J. J. Melin, today. "How can you beat him? If he can't knock you out he will tire you out. I am going away from here." Melin has lasted for eight years in his little saloon on the boundary of the Rockefeller estate. He has fought John D. Rockefeller in the courts and at the polls. He has beaten the billionaire in elections, but he has lost all appetite for fighting.

"I was here before Rockefeller came," explained Melin. "For 21 years I have lived right in this place. One by one he bought out all my old friends around here and they moved away. I wouldn't sell. He kept on buying out my old friends and clearing their land. Now I am going to sell out—but not to Rockefeller."

Undoubtedly an agent of John D. Rockefeller will pick up the Melin property and eliminate the only saloon within reaching distance of his employes.

Druggists May Fight Ordinance.

Notices have been sent to the members of the Retail Druggists association from the headquarters of the association, requesting them not to pay the license fee of $5 required by the ordinance regulating the keeping of combustibles. The sending out of the notice is construed to mean that the association will fight the ordinance in the courts, but the vice president, J. R. Thompson, said he did not know whether the association itself would oppose the ordinance.

Will Arrange for Dedication.

HARRISBURG, Sept. 14.—Gov. Pennypacker today appointed Senators William C. Sproul, of Delaware; John E. Fox, of Dauphin, and Speaker Henry F. Walton, of the house of representatives, members of the commission created by the last legislature to arrange for the dedication of the new capitol.

OLD SOLDIERS ARE FOR FAIRMAN

Another Big Organization of Civil War Veterans Give Him an Indorsement.

CANDIDATES ARE ALL BUSY

The old soldiers in the county are taking an active interest in the campaign of John A. Fairman for the Republican nomination for recorder. He now has the indorsement of the two big soldier organizations of the county.

The War Veterans' association of Allegheny indorsed Fairman last week. Yesterday the conference committee of the Soldiers' Civic league declared for Capt. Fairman. It has also given an indorsement to Irvin K. Campbell for the nomination for county commissioner.

Effort is being made by the opponents of Fairman to show that Sheriff Dickson has discharged two deputies because they were not for Fairman. William Davis quit his position. He was not discharged nor asked to quit. Another deputy was discharged, but not for political reasons. The sheriff does not care to say for publication, unless compelled to, why the man was dismissed. The best evidence that Sheriff Dickson is not discharging men because they are opposed to Fairman is found in the fact he retains Deputy Lowry, who is himself a candidate for recorder. The relations between Dickson and Lowry are just as cordial as ever, even though the sheriff is fighting his deputy politically.

V. P. Gibson of the Amalgamated association wishes it understood that in indorsing William Dodds it was never understood that he was representing the entire Amalgamated association. The association extends over the entire United States, while Mr. Dodds is a candidate for clerk of the courts in Allegheny county, but he does wish it distinctly understood that in indorsing Dodds he expresses the sentiments of the rank and file in Allegheny county, as Mr. Dodds, being secretary of the United Mine Workers, and a strictly union man, will receive the support of its members tomorrow, through the entire county. Gibson urges all members to make an extra effort to go to the polls in the interest of Mr. Dodds, as a vote for him is a vote for a union man for clerk of courts.

The primaries will be held tomorrow, the polls being open from 2 until 7 o'clock p. m. The candidates are all busy. The principal contest is in Allegheny, the home of Fairman and R. K. Cochrane, who is opposing Fairman for recorder. The Fairmen men are confident of victory. Cochrane's managers admit he has lost much ground in the last week.

MAYOR COLLINS' CALL IS SUDDEN

Boston's Chief Executive Dies Unexpectedly at Hot Springs, Virginia.

FAMOUS CHARACTER IS GONE

[BY ASSOCIATED PRESS TO THE GAZETTE.]

BOSTON, Sept. 14.—The death of Mayor Patrick A. Collins at Hot Springs, Va., was announced here today by M. J. Curran, secretary to the mayor. A telegram was received by Mr. Curran briefly reporting the sudden demise of his chief.

Mayor Collins left here about a week ago for Hot Springs to obtain a greatly needed rest. He was accompanied by his eldest son, Paul Collins. When he started south the mayor was apparently in good health.

Mayor Collins was one of the leading Democrats of the country. He served in congress from 1885 to 1889 and was United States consul general at London from 1893 to 1897. He was presiding officer of the national Democratic convention of 1888.

When the announcement of the mayor's death was received at City hall, Daniel A. Whelton, chairman of the board of aldermen and acting mayor, notified all the city departments. Soon afterward flags were flying at half-staff from all the city buildings and many private buildings. A special meeting of the city council has been called for tomorrow when official action will be taken.

Mayor Collins is survived by a widow, two daughters, Miss Marie and Mrs. Charles Roy Stevenson, and one son, Paul.

Under the city charter the mayoralty falls upon the chairman of the board of aldermen until January 1, and Daniel A. Whelton will therefore serve as chief executive.

HOT SPRINGS, VA., Sept. 14.—Mayor Collins had been here about a week and complained more or less of being ill. The immediate cause of his death was a hemorrhage of the bowels. The mayor had kept to his room for three days, but had not been confined to his bed entirely. He was sitting up talking with his son this morning when seized with the attack, death occurring at 9 o'clock.

The arrangements for conveying the body were completed this afternoon. The body will leave for Boston at 7:15 o'clock tomorrow morning over the Chesapeake & Ohio railway via Washington, D. C., being shipped thence by the congressional limited, leaving there at 4 o'clock in the afternoon.

ATTORNEY IS EJECTED FROM CORONER'S OFFICE

Unwonted Excitement Is Caused in the Inquest on the Death of John Earl Hull.

The inquest was held yesterday in the death of John Earl Hull, who was killed in a brawl with Joseph Paroli September 8 in Grant street, and the latter was exonerated by the coroner's jury. Attorney Edward Coll represented the prosecution and asked the coroner permission to question a witness. He was informed by Coroner Armstrong he could do so if he put the question in writing. Attorney Coll said he would not do that, and what was more he would not permit the coroner to question the witnesses as he was doing.

Coroner Armstrong promptly informed Attorney Coll who was conducting the inquest and unless the lawyer would be more orderly he would be ejected. This angered Attorney Coll and Coroner Armstrong ordered two deputies to take him out of the court room, which they did.

Patrick McCarthy, aged 47, of 819 Omega street, who was found lying in a foot of a cellar way at the Hotel Ganster, 6299 Frankstown avenue, died early yesterday morning from his injuries.

The body of an unknown infant was found in the sewer at Mitchell street and Woods Run avenue, Allegheny, yesterday afternoon. There is no clue as to the identity of the persons who left the child there.

Monongahela Valley Epworth League Holds Quarterly Meeting.

The Monongahela Valley Epworth League association, which includes 40 chapters between Pittsburgh and Brownsville, held its forty-eighth quarterly rally last evening in the Fourth Avenue Methodist Episcopal church, Homestead. The principal business was the installation by the Rev. Dr. W. C. Weaver, pastor of the Homestead church, of the following officers:

President, Nathan Shipley, McKeesport; vice presidents, William Hodgson, Turtle Creek; H. D. Shaw, Hazelwood; Laura Soles and Mary Kinter, Braddock; secretary, Sylvia Beam, McKeesport; treasurer, Homer Pierce, Braddock. An address was made by W. W. Hall.

Allegheny Steel Buys Pig Iron.

The Allegheny Steel Company has concluded a purchase of 7,500 tons of pig iron. The purchases were made in several lots at prices ranging from $14.85 to $15. It was reported yesterday that a deal had been concluded by the United States Steel corporation, but this was not confirmed.

Is Found Unconscious in Cemetery.

Henry Zimmerman, aged 60, of 4604 Comrie alley, was found unconscious in the Allegheny cemetery by Michael McSteen of Engine Co. No. 6, yesterday morning. He was taken to the West Penn hospital, where it was said that he was suffering from a stroke of apoplexy.

TOWN MEETING FOR QUAKERS

Mayor Weaver Will Speak Saturday Night at Broad Street Theater.

REPUBLICAN TICKET IS READY

THE PITTSBURGH GAZETTE BUREAU,
Press Building,
PHILADELPHIA, Sept. 14.

The new Republican county ticket may be announced tomorrow. A conference lasting several hours was held this morning between the Union league committee of Twenty-one and the sub-committee of the Republican city committee, which are jointly engaged in selecting candidates for sheriff, coroner and county commissioners. Senator Penrose is confident that a ticket acceptable to every one will be agreed upon.

Mayor Weaver is going on the stump. He will make his first speech Saturday night at the Broad street theater. His political as well as his municipal program will be outlined in this address. The event is to be known as a "town meeting." It was planned by Judge James G. Gordon, who utilized the committee of nine as an agency of publicity. Not since the anti-gas mass meeting in the Academy of Music has the committee of nine been moved on the local chessboard. It is composed of some very respectable gentlemen, most of whom have fathered anti-Republican movements here for a decade or more. They are Francis B. Reeves, John H. Converse, Clarence L. Harper, W. W. Justice, Mahlon N. Kline, William Potter, William T. Tilden, John C. Winston and Charles Wood. Some of the nine are also members of the "70" and Weaver's advisory board. After a conference today with Gordon and Weaver the committee issued a call for the "town meeting." It is announced that the mayor will speak on "the present municipal situation and measures for the promotion of the general welfare of the city." Wayne MacVeagh, William Potter, Rudolph Blankenburg and Director Sheldon Potter and Charles Emory Smith will make addresses.

A prominent broker tonight offered to bet $2,000 even that the Republican county ticket would be elected. The City party has issued a circular asking contributions, and it states that "fifty-cent" donations will be accepted. As the City party seems to have an abundance of money the circular is regarded as an alibi.

WANT NEW LOOP.

Residents of Eighteenth Ward Appeal to Traction Company.

Samuel J. Wainwright, Jr., has been appointed a committee of one by the Eighteenth ward board of trade to confer with the Pittsburgh Railways Company with a view to building a two-mile loop from Butler street to connect with the Morningside car line. Property owners are said to be willing to contribute toward the cost of the loop.

It is proposed to start the loop at Fifty-seventh and Butler streets, and to run it out Stanton avenue to Jancey street and there connect with the Morningside line. With such a loop it is proposed to open several plans of lots and an increased population of at least 2,000 is promised.

Friday, Sept. 15, '05.

Weather—Fair.

Penn Ave. and Fifth St.

Important to Remember. That we are selling a handsome brass bedstead, double size, worth $45.00, for the extraordinary underprice of $35.00. At the price of $45.00 anyone conversant with values would pronounce the bed very low priced. Since this announcement was made many people have taken advantage of the offer.

New Silk Blouses, New Silk Waists, New Lace Waists.

Herewith for this Friday we present a display of Waists and Blouses that will hold the attention of women. Each and all are in the very newest designs for Autumn; each and all are handsome; each and all will appeal to women who like to dress correctly.

Fine Silk Blouses.

In these silk blouses we have Parisian ideas executed in minutest detail—the designs are after French models.

The waists are in messaline, chiffon taffeta, crystalline, chiffon cloth and crepe. In the finer blouses there are featherbone supporters, which hold out the sleeve, giving broad shoulder effect.

These waists have a more Parisian air than any other domestic waists we know of, and are decidedly moderate in price. The colors: Black, navy and old rose.

Effective styles at $8.50 each, and more elaborate blouses up to $40.00.

200 Pretty Silk Waists at $2.75.

Worth $4.00 to $6.00.

At such an underprice it hardly pays to do without a silk waist. The silk waist is admirable at all times.

These waists can be worn now and on through the Autumn and Winter.

Some white china silk waists in the lot taken from our own stock, and these are trimmed in pretty lace effects.

The others came from a manufacturer who had a few dozens of waists left over from large orders, and he favored us.

New Lace Waists.

Black, white, cream, ecru—colors that will be preferred this Fall. It is going to be a lace season—lace waists, lace coats, all over lace gowns.

We have a splendid assortment of these lace waists in styles suitable both for street and evening wear. All sorts of trimmings. All our lace waists are made over a china silk lining, and the finer ones have an added lining of mull.

A special number for today is a waist of Irish lace for $17.75, a copy of a $25.00 French model. It is an all-over lace waist, deep yoke, front and back of figured net lace. A further touch of beautiful Irish embroidery applique enhances the sightliness of the waist. Elbow sleeves with double row of insertion. This waist is made over a silk foundation and sleeves have the new extenders at shoulders.

Other lace waists at $5.00, $6.00, $7.00 and up to $40.00.

Fifty Black Broadcloth Skirts, $5.00 Each.

Candidly the cloth cost more. Style of skirt is the new pleated effect, perfect in shape and also perfect fitting. Every seam is bound and the skirt has deep hem.

These skirts were made when tailors were anxious for work, and the maker was willing to lose his profit to keep his factory running.

We started out to have the best $5.00 skirts in town and have cut our profit also.

Many women who will see this skirt today will purchase two.

The Sale of Carpets and Rugs.

Yesterday we made many people acquainted with underprices on Carpets and Rugs and we sold many floor coverings. Everybody that visited the department was greatly pleased and not a little surprised at the specially low prices named, which special prices will also obtain today.

95c yard for ten-wire Brussels Carpet—If you are new at housekeeping ask some old householder about ten-wire carpet—Roxbury, Stinson and such other well-known weaves. This price covers making, laying and lining.

$22.50 for Body Brussels Rugs—9x12 feet size—this class of rugs may be said to last a lifetime. Our regular low price, $25.00.

$1.15 yard for $1.40 quality Velvet Carpet—When we sold this carpet at $1.40 we charged for making, laying and lining—our special $1.15 price covers everything—fifty patterns to select from.

$29.50 for Royal Wilton Rugs—12x9 feet size, $35.00 is our close-to-cost price, though most people ask $40.00.

Relative to Blankets and Comforts in Our Special Sale.

If you are given to putting things off the weather will remind you that blankets and comforts are to be bought for the coming cold season. This notice is to remind you that they can now be bought here for very much less than what such fine bedding is really worth. It was a lively day yesterday in the Bedding Store, West Basement, which goes to show that women of the great city are students of household economy. All honor to the thrifty.

Friday, September 15, 1905.

Arrangements are complete for extension of the Pacific commercial cable to Yokohama and to Shanghai, thus giving this country direct cable communication with Japan and China. This is but one indication of the closer relations between America and those oldest of the civilized nations—relations that will necessarily improve with the lapse of time, though they may never realize all that is hoped by the president of the Congregational conference at Seattle.

An important order, reversing a former decision, has been made by the internal revenue commissioner. It affects patent medicines, requiring those who use a large percentage of alcohol in their preparations to take out licenses as rectifiers of spirits and as liquor dealers. The effect is likely to be a marked reduction in the amount of spirits used, and a decline in the popularity of some preparations in prohibition districts. It is the reopening of an old controversy.

Sale of the Cincinnati, Hamilton & Dayton system to the Erie, with the probability of the Pennsylvania and New York Central as parties in interest is a reminder of the report that Joseph Ramsey, Jr., is to become the head of that system. The C., H. & D. system occupies much of the same territory as the Wabash, so it looks like carrying the war into Africa. It is one of the odd features of Wall street that Gould railroad stocks led the advance in prices the same day this deal was completed.

Minister Corea of Nicaragua has received a transcript of proceedings in the case of Albers, which throws needed light on the controversy. Apparently the American representative, Donaldson, somewhat exceeded his proper functions in his zeal to assist the American citizen in duress, thereby seriously offending President Zelaya. Now the American minister to Costa Rica has been sent to straighten out the affair it is probable national honor will be satisfied on both sides without resort to arms.

President Charles W. Eliot's indorsement of the plan to establish a newsboys' scholarship at Harvard was to have been expected. Harvard's former extreme conservatism has undergone many changes in the last few years, and from being perhaps the most aristocratic institution of learning in the country it has become one of the most democratic. Poor boys who are working their own way through college are numerous at Harvard. The colored man at Harvard is treated as he should be. Some of the best scholars and athletes at Cambridge are of this race. The charge of un-Americanism was brought against Harvard, not without foundation, in years gone by, but today, like most other colleges in this country, it is a place where every student gets that "square deal" to which he is entitled.

Reading of the comings and goings of the notorious Pat Crowe, who has been a fugitive from justice for several years out in Nebraska on the charge of kidnaping the little son of Edward Cudahy, one is tempted to wonder whether the vigilance or the integrity of Nebraska officials is deficient. Kidnaping is a particularly atrocious crime for which speedy, severe punishment is found to be a deterrent. Since the commission of his crime Crowe has been in and out of Lincoln a dozen times. The officials seem to have agreed that he is a distinguished character who should be treated with proper respect. Consequently no move is ever made for his arrest until after he has taken his departure. Possibly now the stimulating effect of a fat reward is absent, the police are disinclined to exertion, but they should be prodded to do their duty in a matter that affects every home in the country.

Revise the Tariff.

The Pittsburgh "Gazette" has flopped clear off the Republican state platform on the question of tariff revision.—Philadelphia Press.

After making the foregoing brilliant statement, the Press continues:

This is a rather remarkable position for a newspaper that has been saying all sorts of things about those who are not disposed to support one of the nominees of the same convention that made the platform our Pittsburgh contemporary now kicks out of the way.

This comment is typical of several that have appeared in Pennsylvania papers that claim to be Republican—papers that "steal the livery of heaven to serve the devil in." The Press has "flopped" out of the Republican party and is trying to defeat its candidates. It is keeping company with the Pittsburgh Times, Post, Dispatch and Leader, carrying the soiled banner of Democracy.

It is true the Republican state convention adopted a resolution last spring favoring the policy of letting the tariff alone. If that convention was in session now it would not adopt that resolution touching national party policy. Situations change. The platform resolution recognized a growing demand for tariff revision by declaring its opinion that it was not necessary. That demand has increased, and The Gazette is convinced it should be met by an honest revision along protective lines as a matter of good party policy, in order that the task shall not be given to the Democrats, whose tariff policy is ruinous.

While The Gazette openly favors Republican revision of the tariff, the Press and its co-workers are striving for the Democratic revision that spells free trade. They are trying to accomplish the election of William H. Berry, free trade and free silver advocate, to be treasurer of the state of Pennsylvania. It is a "state issues" campaign for a blind until election, but if Berry could be elected he would be heralded next day as the apostle of free trade and free silver, elected by Pennsylvania.

This campaign of skulduggery in Pennsylvania for the free trade party is proof it will be wise to revise the tariff in the Fifty-ninth congress, safely Republican and soundly protectionist. In Pennsylvania the citadel of protection and Republicanism cannot be assaulted from in front. It has to be attacked in the rear. It is being so attacked, and the Philadelphia Press is shamelessly lending aid and comfort to the enemy. The attack is directed against one outpost, alone. It is the more insidious and dangerous. It is the more discreditable.

The Gazette has no apology to offer in departing from the subsidiary recommendation of a platform resolution. It is supporting the principle of protection as ardently as did the Republican state convention, but disagrees with the means suggested to reach that end. The Press and its renegade companions, while pretending to indorse the means, are stabbing at the grand old party and trying to tear down the principle. With the Pittsburgh Times it is an old story. It helped make the breach for the election of Grover Cleveland and the adoption of the Wilson tariff of infamous memory. It helped then to deliver Pennsylvania to the Democracy before the open attack was made. It is an adept in the renegade camp. The Philadelphia Press is new to the business, and it ought yet to be ashamed of the company it is in.

Character Comes First.

With the opening of the public schools there is timeliness in the observation of a well-known educator relative to the growing regard for the moral as well as the intellectual welfare of the child. That there is this deeper perception of the teacher's duty seems to be a fact. The days of indiscriminate "stuffing," regardless of the pupil's mental capacity, are past. Not only are individual intellectual requirements more carefully considered, but teachers are coming to realize their responsibility in the matter of character building. Even where home environment of pupils is of the best, there is work supplementary to that of the parents to be done, but in a large number of cases the undesirable result of parental apathy and ignorance must be corrected.

The chief duty of the public school system is to turn out good citizens—and the lessons to be taught that are not found in the books are for the girl as well as for the boy. If the standard of thinking and living toward which the children are to aim is to be raised, the standard cannot be set too high for the teachers. Many a successful man has looked back fondly to the little country school house and attributed no small part of his success to the example set by his country schoolmaster or schoolmistress, whose lack of polish was atoned for by their fullness of character. Character building is becoming more and more an indispensable part of our public school curriculum.

Lessons in Laughing.

A New York woman with a head for business has established a school where laughing is to be taught as an art. Society girls, especially, are expected to take advantage of this opportunity, but would-be artistic laughers of the sterner sex will also be welcomed. The fair founder of this institution proceeds upon the assumption that few persons know how to laugh correctly. For instance, many use the loud guffaw when the cultured "te-he" would be more appropriate. Others, who squeal in a high soprano key to evidence their appreciation of a joke, could exhibit their mirth in a much more seemly manner by a low-toned contralto chuckle. Loud, hearty laughter, according to this self-constituted authority, should be tabooed in the drawing rooms of fashion and reserved for outdoor amusements, such as golf, tennis and the killing of pedestrians by autos. In order that her pupils may learn to laugh melodiously and always in the proper key, this teacher will insist upon daily practice with the tuning fork.

For many reasons it is to be hoped this effort to make laughter any more artificial than it is at present will end in failure. The most charming laughter is that which is spontaneous. Little girls laugh naturally. Older girls are more prone to laugh when they imagine the situation calls for laughter, whether they feel like laughing or not. "Do you know," said a society woman the other day, "my face actually aches this morning from the smiling I did yesterday afternoon, when I stood in line at a reception for two hours." This is no uncommon experience. Women may embrace the opportunity to gain instruction in laughing, but men will hardly follow their example. They will probably continue to take their smiles in the same old way—through a straw.

A Commendable Order.

It affords The Gazette great pleasure to have an opportunity to commend the administration. It has done a good thing. It has ordered 3,000 street signs, and if it succeeds in getting all of them "on straight," it will not have lived in vain.

There has been much and frequent complaint in various quarters of the lack of street signs. The stranger in the city has been uncertain whether he, like Davy Crockett said to the orator, might not be "coming out at the same hole he went in." The resident visiting in another ward has been obliged to inquire at every crossroads; real estate agents have been compelled to furnish a guide every time they have sent would-be renters beyond the range of office vision.

Signs would have been ordered a year ago, but it was then apparent others would be needed this year, so the matter was deferred to have them all uniform. More than half the streets had no signs on them. Hardly any have signs now. Of the few that are up, some bear the wrong names. But soon 3,000 new signs—it is hoped the order will be filled soon—will "guide the traveler on his way," whether the silver moon rolls on, or off.

The Socialists' Scheme.

The recent increase in the activity of socialist propagandists has been quite noticeable. The latest development is the formation of an Intercollegiate society to spread the principles of socialism not only in the colleges of the country but among the pupils of high schools in the larger cities. Literature is to be distributed broadcast, while lecturers will be sent from school to school to explain the doctrines for which it is hoped to make many converts. Among those back of this movement we are not surprised to find E. Benjamin Andrews, Jack London and Charlotte Perkins Gilman.

Whatever position the colleges may take in the matter, the public school authorities of our cities cannot afford to have socialistic fallacies confuse the immature minds of the pupils entrusted to their charge. Our high school students have sufficient, and generally much more than sufficient, work in the regular course to occupy every moment of their time. When they shall have learned to think for themselves, and are competent to form an opinion on the questions involved in socialism, will be time enough to have the matter brought to their attention. Certainly the schools of Pittsburgh have no place for such a society, and any attempt to establish a branch here should meet with prompt opposition from the authorities.

Our Democratic contemporaries are very busy trying to create an impression that "bosses" are trying to do something or other in the Republican primaries. A fair example of the result was afforded by the sapient Dispatch a day or two ago, in the allegation that these "bosses" are anxious to secure a large vote for Mr. Kirker. Mr. Kirker, be it known, will have exactly 90,594 votes. He will tie with Judge Young and Franklin P. Booth, despite the efforts of the aforesaid "bosses" to run him ahead of the ticket. Almost everybody—the Dispatch always excepted—has known this fact all along.

It is hardly fair for the W. C. T. U. to hold President Roosevelt up on the allegation that he received 60 bottles of beer, sent as a present by a brewer. How could he refuse them? Moreover, might not 60 bottles of beer been sent where they would do more harm?

"Russia produces more oil than the United States," says the Dispatch. Previously its ignorance was supposed to be mainly confined to politics. Apparently it is an authority on nothing except hosiery in use.

Pastors of fashionable churches seem to be gradually coming around to the liberal view that golf on Sunday is all right, but Sunday "shinny" by small boys is a cardinal sin.

A Colorado editor who is opposed to woman suffrage in that state asks for suggestions on how to prevent women from exercising the privilege. Raise the age limit to 30 years.

At last the Post has struck a subject of which it knows something. "The cohesive power of plunder" exactly fits the Post's relation to the local one-man power ticket.

Under a new law in Norway every would-be bride must exhibit a certificate that she knows how to cook. In Norway a dyspeptic is regarded as a natural curiosity.

Gentlemen who are able to compose anecdotes of the early life of Japanese generals and statesmen are in great demand by the monthly magazines just now.

The magazine writer who says every Chinaman is "eleven-tenths a thief" has probably lost a 10-cent collar some time or other in the laundry.

If Mr. Bryan were to "run on his record," as Mayor Dunne suggests, he would have to do more or less zigzagging to keep on the track.

The new $20 bill has come in for a good deal of criticism, but nobody has yet accused it of being "tainted."

The pugilists who are talking so much forget that the way to mount the ladder of fame is by rounds.

A PREACHMENT BY THE QUIET OBSERVER

Touching on the Inhumanity of Man's Amusements and Sports.

By ERASMUS WILSON.

What has become of the pigeons?

Before the war there were thousands upon thousands of wild pigeons. These birds were much given to flocking together, there often being several thousand in a single flock.

In the late autumn several of these flocks would combine before starting south for the winter. Sometimes these would unite in one flock, and other times each flock would remain separate, flying in sections. So large and so dense were some of these flocks that they shut off the glare of the sun like a dark cloud.

What has become of the pigeons?

An answer to this question will be read with much interest by those who remember seeing them in such vast numbers.

These birds did no injury to crops, or at least farmers never complained or made war against them. Their food seemed to consist mainly of wild fruits, such as wild cherries, blue-gum berries, beech nuts, and the like.

One peculiarity of these birds was that no matter how far away they went during the day they would return to their roosts at night, even if they should happen to be belated so they could not get back until after dark.

Usually a number of flocks roosted and nested in the same neck of woods, returning year after year as long as the food supply continued.

* * *

The pigeon was never regarded as a game bird, although early settlers in this section occasionally indulged in pigeon pie.

In those days there was not much hunting done for the fun of the thing, or the sport of killing, as is the vogue now among those who are at a loss for something to do, or who have a craving for blood, a desire to kill—to kill something that cannot, or will not hurt them.

Now and then we read glowing accounts of wild pigeon shoots, and hear of hale and husky men winning prize cups and various trophies for bringing down the greater number of birds.

In order to give these bold shooters a most decided advantage of the frightened birds they are let loose one at a time, and at such distance and in such order as best suits the convenience of the sportsman, or rather the wanton maimer and murderer of birds, God's ministers of good to mankind.

* * *

The bird question is becoming more and more serious, so much so indeed that farmers are resorting to severe measures to restrain sportsmen from killing their feathered friends.

But the desire on the part of some human but inhumane men to shoot, slay and kill innocent, useful birds, is so great that they pay no attention to the warnings posted up by the farmers, but go on indulging in their bloody pastime.

Wonder if bird killers make good soldiers?

Hardly, for in war the game can answer shot for shot.

Killing is sport only when the sportsman has the game at great disadvantage.

Mr. Quiet Observer:—Permit me to thank you in the name of our birds for the magnificent appeals you frequently make for them; and especially for the beautiful sentiment expressed in your column of September 11. It could not fail to appeal to all in whom "love is not dead." Such words find sympathetic response in hundreds of hearts you may never know of, but it is none the less real.

I herewith enclose some observations afield apropos to bird life in Western Pennsylvania. C. L. B.
The Borroughs Club, Wilkinsburg.

As with men, the facility with which a livelihood may be had, is the greatest determinant in the selection of bird homes. Of course, there are other considerations, such as climate, nearness to large water courses, abundance of natural enemies, the activity of the trap and gun, incentives offered by man in the way of homes and protection; but the ultimate factor will be found to be the food question. Birds will remain within sense of a well-filled larder. This almost in spite of all the other conditions before mentioned.

As almost nine-tenths of all our native birds are insectivorous, or partially so, the abundance of bird life in Western Pennsylvania, as elsewhere, increases or decreases with respect to entomological conditions. The interdependence has not in many years been so clearly shown as in the present season. Within 15 years, I have never known bird life to be so plentiful.

This is especially true as to those voracious feeders, the vireos—the red-eyed, warbling and yellow-throated thronging every woodland, and the white-eyed being found in almost double their usual number—which have been making great havoc with the geometer larvae, or "worms," as they are popularly called, that infested the forest trees in multitudes for more than three weeks, but which have now totally disappeared in the larval stage.

Natural enemies of the birds lurk on every hand. Theirs is a continuous life of fear, by day and by night. Perils beset them on all sides, at all times and from every conceivable source.

Nature is herself cruel to these, her sweetest children. Snakes, minks, weasels, foxes, skunks, opossums, birds of prey, squirrels—all these keep the birds on the qui vive, not for their comfort, but their very lives and those of their children. They are not by any means immune from disease. Storms, rains, hail, frost, hot sunshine, add to this, perhaps the greatest tragedy in nature.

Thousands of eggs and young in every community perish in every severe rainstorm. Add to this the spirit borne toward the unfortunates by man, the boy with the gun and "beanie," the "sportsman," the "collector," and unthinking woman, together with the ravages of man's domestic animals, grazing and working, and most of all the cat, and you have some idea what hard fare can mean to these, our feathered brothers.

I doubt if one bird in a million ever dies of the infirmities of age. If you wish to find out something of the tragedies of the woods and fields, select twenty nests in any one season and watch the developments until the birdlings should be fledged.

Let us see what can be done toward mitigating in a degree, at least, the wanton treatment accorded to the birds by man.

IRISH EXHIBITS ARE BEING TRANSPLANTED

Madison Square Garden Hall is Blossoming Into Regular Cork Exposition.

By FRANK A. PARKER.

[By Private Wire to The Gazette.]

NEW YORK, Sept. 14.—Ireland's famous industries and a great number of the sacred and historical records of the Emerald Isle are being transplanted from the old country to Madison Square garden's gigantic arena at a rate that bids fair to make this famous exhibit hall look like a reproduction of the famed Cork exposition of 1902 by the time the doors are thrown open next Monday night at the opening of the Irish industrial exposition and carnival.

The Rev. M. O'Flanagan has returned to New York after a short visit to Ireland in connection with the exposition. He was a delegate of the Gaelic league of New York at the parliament of the Gael held in Dublin during the middle week of August. He arranged to have a large exhibit from the Loughlynn school of industries, whose exhibit was the largest and most interesting at the Oireachtas exhibition in Dublin. It is his ambition to make it also the largest and most interesting of its kind at the coming exposition. Mr. O'Flanagan arranged to bring two of the teachers and four of the workers from his school of industries at Loughlynn, who will show precisely the conditions under which the work is being carried on.

Coney Island on Its Last Legs.

Coney Island's mardi gras and fall festival is at hand. This means that the official closing of the "pleasure city by the sea" is about to take place and after that it would be as great a breach of "what's what" to enter the portals of the seaside city as it would be to pack your society raiment and try to storm Newport out of season. The big mardi gras festivities begin next Tuesday, and for five days Coney Island will be a blaze of glory, which will die out in a big celebration Saturday night. Already Coney Islanders and the owners of the private pleasure parks are getting ready for the farewell "blowout."

Weather Just a Little Frosty.

Weather akin to the winter brand came upon the city suddenly today. Over night there was a fall of 27 degrees in the temperature, and when New Yorkers left their homes this morning they found themselves in an air which sent them back a-shiver for overcoats and warmer clothing. As the morning wore on, the sun's warm rays gave battle to the cold wind, but at noon the mercury had climbed only to 60 degrees. Forecaster Emery predicted frost in the interior towns of the state tonight.

Preparing for Future Sport.

Forty-five thousand of the black trout hatched out at the aquarium four weeks ago, from eggs supplied by the United States hatchery in the Yellowstone park, will be shipped tonight to the state hatchery at Saranac lake, to be distributed among the lakes of the Adirondack region. The aquarium people are especially proud of their success with this hatching, which breaks all records of state and national hatcheries for this year. Out of 50,000 eggs, less than 1,000 failed, and of those hatched, not one has been lost.

Great Roost for the Stork.

A welcome sign for babies hangs out at the Dorilton apartments, Broadway and Seventy-second street. They like babies up there. They have been blessed with 25 of them within four years, and the hospitality for the little ones grows stronger every day—a condition which is indeed wonderful in this era of "race suicide" landlords in New York. The Dorilton is one of the most exclusive apartment buildings on the upper west side. It is the abode of the wealthy. In other apartment houses of like character one may see expensive toy poodles and similar pets, but no babies.

Makes $2 on the Deal.

Arthur Braun, secretary to Charles W. Morse, the ice king, was speeding his automobile up Riverside drive last night when his hat blew off. He stopped and went back after it when up came Bicycle Policeman McLaughlin and arrested him. "I've been chasing you for half a mile," panted McLaughlin. "You were exceeding speed limit." Braun explained in Harlem court today that he did not know his machine was running so fast. He was polite and apologetic and he got off with a $2 fine. On this basis he figures that he saved money, because the hat cost $5.

Carnations in Honor of McKinley.

Pink carnations were much in evidence today in coat lapels in honor of the late President McKinley, who died just five years ago at the hand of an assassin. The pink carnation was Mr. McKinley's favorite flower, and after his death the Carnation League of America was formed by his millions of admirers to pay tribute to his worth on each anniversary of his birth and death by wearing pinks.

Success of the Defeated.

Alton B. Parker, who will be recalled as the late Democratic candidate for president, is now receiving $100,000 a year as counsel for the Brooklyn Rapid Transit Company. This is twice as much as he would have received had he been elected president, and is doubtless more than Col. Bryan makes out of two defeats, though they have been very profitable to him.—Philadelphia Press.

HAVE GOLD AT HOME, WHY DIG ELSEWHERE?

Precious Metal Found in the Appalachian Region—Can Be Worked Profitably.

James H. Rea, writing to the Washington Post, says that since the gold production of the British empire is nearly double that of the United States, and bids fair to be largely increased, it is proper that we should develop new fields. Nowhere are there greater inducements for exploitation than in the Appalachian ranges. The richest gold field of Colorado was encamped on for years without discovery, and about the same can be said of some Michigan mines, and the mines of Western Africa were developed when the Boer war closed those of the Rand.

If the money squandered in any single year in the mining states of the west could be expended in developing the mines of the east astonishing results would follow. Gold exists in these mountains from beyond the Susquehanna to Alabama. And long ago the Georgia mines justified the establishment of a mint there. The first large nugget of gold found in North Carolina was in 1799 by a boy while fishing in Cabarrus county. Not being able to have its character determined, it was used as a door weight for several years, when finally his father, having business in Fayetteville, took it along and parted with it for $3.50, its real value being nearly $1,000; but this led to the discovery of a nugget in 1803 weighing 28 pounds in the same locality, and many others were found, the [illegible] largest weighing 16 pounds. And in Rowan county the Gold Hill mines yielded over $800,000 in a few years.

Where Nuggets Were Found.

These nuggets were found in the streams and were the growth of the fine particles that under favorable conditions adhered. Float gold has been found 200 miles down the Platte from the Rockies. One of the largest nuggets ever brought to the Philadelphia mint came from the North Carolina gold region. But while this locality is given as an example, others of the same region are known to be equally attractive.

The igneous rock from which these nuggets have had their source has been but slightly investigated, and quartz mining can only follow the introduction of capital. There are no grub-stakers to keep these mountains filled with prospectors. There are no thousands of poor miners to offer their findings to the ever-present wealthy—who buy into a score of mines, from one of which they are sure of sufficient reward—but let this region be prospected and capital would follow the miner.

There are many freak deposits, such as on the Chancellorsville battlefield, where mines were worked 50 years before that battle, and gold is still found there. These deposits all indicate a great original source in the hills or mountains.

Our Per Capita of Gold Too Small.

Our per capita of free gold is too small, and may become less. It was the gold power of England that enabled her to override the immemorial usages of mankind and dictate to the world what was money. It was her greed for gold that caused her to expend $250,000,000 of gold to destroy the Boers—though the mines of the Rand fell in one year from over $80,000,000 to less than $7,000,000 as a consequence of the war.

If the inhabitants of our eastern mountain region could be instructed in prospecting great results might be expected. There are several cheap ways of discovering gold in the streams—the sinking of riffles lined with woolen cloth will in a few days determine the presence of the mineral—if plates are used they will be found more effective in the cool streams than in the warmer, sluggish ones, as gold amalgams more readily in the cool. There is no process by which all the gold can be saved—it is a fickle metal—but there are vast quantities of ore to be found in the Appalachian ranges much richer than some used in the west and freer from hostile elements, more easily mined and the metal with less difficulty saved.

"Marse" Henry on the Water Wagon.

New Orleans Times-Democrat.

Writing of England, Col. Henry Watterson says in the Courier-Journal of Louisville: "In nothing have the usages of gentlemen more changed than in the use of wine. Time was when each plate and table was enfiladed, almost surrounded by an escort of wine glasses, ranging from sherry to champagne, and tapering thence to Madeira and brandy—port, claret, Burgundy, the red alternating with white—and he was no good man and true who did not go through the list and survive it. Today at the great houses you may have what you want, but rarely more than three glasses are visible, for white wine, for red wine and for champagne. Apollinaris is largely in evidence. The fine old English gentleman who made it a merit to get drunk on port and to sober up on claret has disappeared."

Altoona's Rapid Growth.

Altoona is claiming an addition of 4,000 to its population within the past year, and also that it has gained approximately 3,000 in each of the other years since the last census was taken. There is nothing improbable in these claims, as it is pretty well known that no city in Pennsylvania is growing more rapidly than is Altoona. It had a population of 38,000 five years ago, and as it is expecting to take in some of the suburban surroundings soon, it is looking forward to 50,000 inhabitants within the next year. This is going to make some other places jealous.—Philadelphia Press.

No Race Suicide.

STORIES FOUND IN THE LOBBIES

Interesting Happenings About the People Who Are Traveling.

Maj.-Gen. O. O. Howard, U. S. A., retired, of Burlington, Vt., passed through Pittsburgh last night on the St. Louis limited of the Pennsylvania system, being en route from Washington to Cumberland Gap, Tenn. At the latter place he will be present at the opening of Lincoln Memorial university, of whose board of directors he is president. Accompanying him was his grandson, who will enter the university. Gen. Howard, although 75 years old, is as sprightly and energetic as a man in the prime of life.

"I was retired 11 years ago," said he, "but I am still as good a man in physique as when I was 50. I can vie with any of the younger men and stand hardships of travel better than many of them."

Speaking of the Lincoln Memorial university he said:

"We had 320 students at the institution last year and the president, Dr. William L. Stooksbury, writes that the prospect for this year is much brighter than it was for last. We have been enlarging the institution materially with new buildings, including a Carnegie library. Mr. Carnegie gave us $25,000 on condition that a like sum would be raised and we did that. The building will be in use this year. We have also built a number of extra cottages for the use of families who will live there during the years their children are in the university. The institution is prosperous, and the demands are growing each year. All of our scholarships are taken for this year. A scholarship of $50 annually will, with a student's earnings, maintain him through the year. We have 600 acres of ground and, in addition to the more or less technical and scholarly subjects we have thorough courses in such lines as telegraphy, business, domestic science, carpentering and agriculture. The university is, of course, co-educational, and is a monument to Abraham Lincoln, who loved the loyal mountaineers for whose benefit the institution is maintained in the heart of the Cumberland mountains. Through the work of the university itself and through its sending out well equipped teachers, it is doing a great work among the people of that district, which is certain to develop wonderfully in industrial lines in the not far distant future."

Hotels and Trains Crowded.

Pittsburgh hotels were simply swamped last night. Early in the evening—at 7:30 o'clock at one hotel—the word was passed over the desk by the clerk that there was not a room to be had. This condition was noted in four of the hotels, while all of the others reported all but two or three rooms occupied, and the registers showed long lists of names. The longest list of names, with almost every one assigned to a room, was at the Seventh Avenue hotel, where seven pages of the register were used for yesterday's arrivals, including about 175 people. The Henry, Colonial and Boyer also were filled up, while the Monongahela House, Lincoln, Anderson, Newell, Antler, Duquesne and Griswold admitted incapacity for the demands at a late hour. Part of this rush was due to the Pittsburgh Exposition visitors.

New Coal Company for West Virginia.

J. M. Fulton of Johnstown, James M. Rhodes and Howard Butcher of Philadelphia, C. L. Lewis of Reynoldsville, F. R. McElfresh and S. D. Fairman of Paterson, N. J., coal operators, met last night at the Seventh Avenue hotel with several Pittsburgh capitalists. The party is said to have held options on 2,500 acres of coal land in the West Virginia field at $[illegible]. They will leave this morning in a special car for the scene of their projected operations and close the deal for the purchase. It is said they will build several hundred coke ovens in or near the famous Pocahontas field for the purpose of supplying fuel to independent manufacturers.

Taking Vacation in Bermudas.

Two well-known Pittsburghers, with their families, are enjoying their vacation of six weeks on the Bermuda islands, off the North Carolina coast. They are Fred [illegible], general agent of the United States Express Company, and George E. [illegible], vice president and manager of the Ward-Mackey Company. They left Pittsburgh Monday and sailed for the Bermudas Wednesday from New York on the Quebec Steamship Company's New York and Bermuda line steamer.

✦ ✦ ✦

"Pittsburgh is the Right Place."

"Pittsburgh is the right place." This was the expression of W. N. McCreery, head of the well-known firm of McCreery & Co., of New York and Pittsburgh. Mr. McCreery left for New York last night after having spent a couple of days looking into the condition and interests of the Pittsburgh store. "When we opened the store here a year ago," said he, "there were some who doubted our wisdom in doing so, but we are more than satisfied with the first year, which, from the standpoint of a business man, is saying a good deal more than the average layman knows. Pittsburgh is the right place."

✦ ✦ ✦

Mr. McCrea Returning from Europe.

James McCrea, vice president of the Pennsylvania lines west, reached New York yesterday from a month's tour of England and France, and will arrive here this morning. He will resume his duties after a pleasant time abroad, which is his usual manner of spending his vacation. He was accompanied by his son, Archibald McCrea, president of the Union Spring and Manufacturing Company of this city.

✦ ✦ ✦

Rate Clerks in Session at Schenley.

The rate clerks of the Pittsburgh lines are holding a two-day session at the Hotel Schenley to consider the fall rate sheet for the Pittsburgh district. The meeting is being attended by representatives of all the lines concerned.

✦ ✦ ✦

Pullman Agent Kim Leaves.

J. W. Kim, one of the agents of the Pullman Company at the Union station, left with his wife last evening for a vacation jaunt to Colorado Springs and other Rocky mountain points. He will visit D. C. MacWatters, general passenger agent of the Short Line, who was formerly located in Pittsburgh.

✦ ✦ ✦

Returning from Wheeling Fair.

A large party of Pittsburghers, who have been attending the races at the Wheeling fair, returned home last night over the Baltimore & Ohio railroad. The fair has attracted many people from here.

GILLESPIE COMPANY BUYS JERSEY CONCERN

Pittsburgh Contracting Interests Secure Control of Paterson Pipe Plant.

The interests connected with the T. A. Gillespie Company, the Pittsburgh contracting concern, have in conjunction with S. B. Cox, formerly of the Lackawanna Steel Company, obtained complete control of the East Jersey Pipe Company.

In addition the East Jersey company has acquired the American manufacturing rights of the Ferguson "Lock-Bar" steel pipe, the material used in the construction of the famous Australian "Coolgardie" pipe line, the longest in the world.

The president of the East Jersey company now is Thomas H. Gillespie of this city, and T. A. Gillespie also is a director.

The Gillespie interests have always had a connection with this pipe company, but heretofore have not held the control. They have obtained with Mr. Cox possession now of the entire stock. The company is one of the most important manufacturing riveted steel pipe, tanks, stacks, caissons, airlocks, etc. Its factory is at Paterson, N. J.

SOUSA WILL PLAY FAMOUS "WELSH RHAPSODY" TODAY

Original Orchestral Score Which Met With Great Favor Abroad to Be Heard at the Expo.

The "Welsh Rhapsody," a musical number with which Sousa and his band achieved additional fame while playing in London last spring, and which was enthusiastically received in New York and Chicago during the past summer, will be played under direction of the "March King" during the second concert at the Exposition this afternoon.

The rhapsody is extremely long, requiring 18 minutes to complete, but according to the reputation it received for sweetness and originality in London and New York, it is well worth the time required to hear it. Special efforts are being made to make the farewell concerts of tonight and tomorrow night attractive. Last year 20,000 people attended Sousa's farewell concert, and it is expected that this year's attendance will be greater.

Yesterday the second of the rural days attracted over 12,000 persons. Yesterday the entrance to the Expo resembled a typical country fair. In the foyer the Canadian government has installed its agricultural exhibit, consisting of grain, fruit, pictures of farm life and other interesting data relative to the inducements held out to the settler.

For this evening the following programs have been arranged:

2 P. M.

A Congress of Famous Melodies.......Conradi
"Cujus Animan" from "Stabat Mater".Rossini
Mr. Leo Zimmerman.
"Agnus Dei" (Golden Light)..............Bizet
Michaela's aria from "Carmen"..........Bizet
Miss Ada Chambers.
Idyl, "Blue Violets"...................Eilenberg
Scene, "In the Bavarian Highlands" (new) ....Elgar

4 P. M.

"Welsh Rhapsody (new)...............German
(Especially arranged from the original orchestral score for Sousa's band by Dan Godfrey, Jr.)
Fluegelhorn solo, "Bright Star of Hope" ....Robaudi
Mr. Franz Helle.
Sounds From the Universities (new)...Weidt
Violin solo, "Scene de la Czarda"......Hubay
Miss Jessie Straus.
(a) Paraphrase, "Forsaken Am I"..Schwalm
(b) March, "The Diplomat" (new)....Sousa
Overture, "Poet and Peasant"............Suppe

MILK SUPPLY RUNS LOW; DRIVERS HELP THEMSELVES

Edward Jones, a driver for the Ohio and Pittsburgh Milk Company, and a companion, Charles McDonald, both of Braddock, were arrested yesterday morning in Swissvale on information received from R. S. Guttridge of Rankin, who sent word to the police that several large cans of milk had been stolen. The boys had passed through Rankin on the wagon and the missing cans were found in the vehicle. Jones claims that he was short of milk for his route and had to make it up somehow.

By reason of the fact that The Safe Deposit and Trust Company of Pittsburgh is managed by able and experienced bankers and business men, it is able to secure for estates more profitable investments than the individual executor could ordinarily secure. This is one of the many advantages in naming this company your executor. Write for booklet, Fourth avenue and Wood street.

PUMPKIN CONTEST City people that intend to enter roof-grown sweet or cow pumpkins must notify us 10 days before contest so that we can see pumpkins growing on some roof. The seed must have been planted on roof, not on ground and then vined upon roof. You can enter field-grown and also roof-grown pumpkins. If you enter both contests you must have two pumpkins. When we go to examine pumpkin grown on roof we will mark it and photograph it. No cheating in this contest. First Prize $225.00 merchandise; Second Prize, $60.00 merchandise; Third Prize, $30.00 merchandise; seven other smaller prizes. Special City Prize, $25.00 in merchandise for smallest, lightest roof-grown pumpkin.

LOOK OUT FOR THE FROST—COVER VINE AND PUMPKIN AT NIGHT.

FARMER CONTEST For any kind of field-grown pumpkins, sweet or cow, heaviest receives $100.00 merchandise; second, $50.00 merchandise; third, $25.00 merchandise; fourth, $20.00; fifth, $10.00; fifteen other smaller prizes. Correct list with names of merchants that donated prizes will be mailed to you September 23. Send postal card for list and instructions how to ship pumpkins. We don't have to see field pumpkins growing. Pumpkins must be shipped so as to arrive here any time between October 25 and 28. Contest takes place October 30, for three days.

The Death Roll

Captain Edward J. Mentel, Sr.

Capt. Edward J. Mentel, Sr., aged 54, of No. 9 engine house, Allegheny, died last night at 10 o'clock at his home, 342 Spring Garden avenue, Seventh ward, Allegheny. He had been captain of No. 9 for two years, but had been in the fire department for 15 years. Capt. Mentel was born in Allegheny and learned the trade of painter, which he followed until entering the fire department. He was twice married, his first wife, who was Miss Sophia Winthurst, dying two years ago from burns received while cooking some preserves in the yard, the captain receiving severe burns while attempting to extinguish the flames. One year ago he was married to Miss Lena Lippert, who, with four children, survives him. The children are: Edward J. Mentel, Jr., Mrs. Daniel Weisentine, Mrs. Charles Hahn and Mrs. E. J. Rambach, all of Allegheny. Capt. Mentel was four times injured while in the service, once by falling from a horse at the Columbia engine house, when he was severely injured about the head, and three times while answering alarms for fires. He was a member of St. Peter's Lutheran church.

John Logan Boyd.

John Logan Boyd, once in the hardware business in this city, died yesterday in the Philadelphia Home for Incurables, which he entered last April. Mr. Boyd first came to Pittsburgh about 1840, engaging in the hardware business with Logan & Kennedy, now the Logan-Gregg Hardware Company. Later he engaged in the steel business, being associated with the firm of Jones, Boyd & Co. during the Civil war. He was also for a time connected with the Pittsburgh Novelty works. He had been in poor health for the past 10 years. Mr. Boyd was living at Ligonier before going to Philadelphia. He is survived by his widow, a son, John L. Boyd, Jr., with H. Childs & Co., of this city, and a daughter, Mrs. Henrietta B. Cochran of Philadelphia.

Alfred J. Walters.

Alfred J. Walters, aged 63, died at his home in Springdale yesterday. He was born in Clearfield county and was for a long time prominent in Democratic politics. He practiced law for 15 years and was district attorney while a resident of that county. Of late he has been connected with the internal revenue department of the government and has made his home in Springdale. He was a member of the United Presbyterian church of Springdale. He is survived by his widow and one son, Dr. George Walters.

D. M. Edmonson.

D. M. Edmonson, aged 64, of Wilkinsburg, died in Charleston, W. Va., yesterday after a short illness due to pneumonia. He was employed by the Expanded Metal Fire Proofing Company of this city as an assistant foreman, and was employed on some work for that concern when he became ill. He is survived by a widow and family. Mrs. Edmonson left for Charleston yesterday to bring back the remains.

Mrs. David Stanton Borland.

Mrs. Julia Wilkison Borland, aged 44, wife of David Stanton Borland of Buckingham, Fla., and sister of Mrs. Jabes B. Boreland of Braddock, died yesterday morning after an illness of several months. Mrs. Borland was formerly a resident of Pittsburgh, but moved south some years ago, returning recently to visit relatives and friends here. The remains will be taken to Steubenville, O., for interment this morning.

T. S. Drummond.

PUNXSUTAWNEY, PA., Sept. 14—(Special.)—T. S. Drummond, proprietor of a plumbing establishment and a member of the town council, died this morning from Bright's disease, aged 40 years. He was a member of the Knights of Pythias, Odd Fellows, and was exalted ruler of Punxsutawney lodge B. P. O. Elks. A widow and one son survive.

Mrs. Honora Barrett.

Mrs. Honora Barrett, one of the oldest residents of the Ninth ward, died Wednesday at her home, 1733 Liberty avenue. She was born in Ireland and came to this country 43 years ago. She was one of the oldest members of St. Patrick's church. She leaves eight children, 17 grandchildren, and one great-grandchild.

Dennis O'Leary.

Dennis O'Leary, aged 82, died Wednesday at his home, 245 Grandview avenue. He was born in Ireland and came to Pittsburgh when a young man, settling in the First ward. He leaves his widow and the following children: Daniel, William, James, Michael, Mrs. H. Howe, Mrs. Katie O'Connell and Miss Mary O'Leary.

Obituary Notes.

Vinton D. Johnston is dead at New Castle from typhoid fever. He was born 44 years ago at Greenville, Pa. He is survived by his widow and five children.

TIME TO GET YOUR FALL CLOTHES.

We are good and ready to furnish them. And it will be worth your while to come here for them. Every garment here is of reliable quality and, therefore, bound to give satisfaction. The styles are faultless; the assortments choice and complete; the prices on a low expense basis that will win your favor.

Fall Overcoats, $10 to $25

Made of regular and rainproof fabrics. Nobby short box, dressy long Chesterfield and swell frock styles. Tans, greys, blacks and mixtures, all finely trimmed and tailored. In short, the kinds that will dress you properly.

Men's Suits, $8 to $32

Best collection we ever gathered. Single and double-breasted new long coats, with vents at side or center; side seams swung in at waist and creased. Vests single and double-breasted. Trousers moderately full at hips. New green, grey and brown effects, also blues and blacks. Sizes 34 to 50 and special sizes for men formerly hard to fit.

Youths' Suits, $7.50 to $28

These are similar to the Men's, but designed especially in cut and colors for young fellows of 14 to 20 years, who like to have every new "kink" that's out. These suits have them and you'll like their prices.

Boys' Suits, $2.50 to $12

Plain double-breasted and pleated Norfolk styles, in nobby strong fabrics for boys of 5 to 16 years. Boys' clothes get more attention here, as you will see by the larger stock, superior styles, better wear and lower prices.

For boys of 3 to 10 years the new Russian and Eton Blouse Suits in velvets, plain color serges, cheviots and mixtures. Richly trimmed—sparingly priced.

Boys' Reefers and Overcoats, $2.50 to $12

men's hats

On January 15th, 1797, John Hetherington appeared on the Strand in London with a high hat, the first ever worn, and he was nearly mobbed—in fact, the event almost started a riot and he was arrested for creating a disturbance.

Today it is the man without a Hat or an unbecoming one who attracts attention.

We are Hatters to the critical and want those who are most particular about what they get and what they pay to come.

Our Hats are made by America's best Hat maker—the first to make stiff Hats in America fifty years ago—50 years of progress.

Hat values—Soft and Stiff Hats at $2.00, $3.00 and $4.00—that we hope you will see.

Derby Hats are different this season—we think the new blocks are a great improvement.

Silk and Opera Hats, $5.00 to $8.00.

Coachmen's Hats, $3.00 to $6.00.

Better Hats all the way through.

SEVEN JAPANESE ENVOYS DEPART

Start on Long Journey Home Leaving Barons Komura and Kaneko Behind.

THE LATTER IS ALSO ILL

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square,
NEW YORK, Sept. 14.

Seven members of the Japanese envoys started back to Japan this afternoon via Seattle. The party included H. W. Denison, the envoys' American legal adviser; Minsitciro Adachi, private secretary to the Japanese minister of foreign affairs; Megoro Yamaza, director of the Japanese bureau of political affairs; Shosaku Ishiuju, Japanese chancellor of consulates, and Messrs. Tachicana, Otchiai and Kerela.

The departing Japanese were seen off on their long journey by a number of distinguished Japanese, among them being Minister Takahira. Baron Komura sent his good wishes to the departing Japanese by his secretary, M. Saduchi.

Mr. Denison, before he embarked on the train, said they were going back uncertain of their reception, but hopeful for the best. He added he did not expect to remain in Japan very long, but would return to this country and take up the practice of his profession at Kansas City, his home.

FORMS NEW STEEL COMPANY.

Plant to Be Built in South Africa With Material from Pittsburgh Industries.

NEW YORK, Sept. 14.—(Special.)—J. C. Anderson, at one time connected with the management of the Thurlow Rolling mills, the Pennsylvania Bolt and Nut works and the Lebanon Iron Company, is the prime factor in a new company formed in London for the purpose of erecting and operating an extensive plant in South Africa for the manufacture of iron and steel from scrap. The equipment, etc., will be purchased principally in the Pittsburgh district.

The Transvaal Iron and Steel Company, Limited, is the name of the new enterprise, whose initial capital is $250,000. Mr. Anderson is the managing director. Thirty thousand tons of scrap have already been purchased.

MARKEL'S CONTRACT STANDS.

President Decides He May Have Restaurant and Hotel Concessions On Ishmian Canal.

OYSTER BAY, L. I., Sept. 14.—A contract for the hotel and subsistence concession on the Panama canal zone awarded to Jacob E. Marzel of Omaha, Neb., by President Theodore Shonts of the Panama Railroad Company, will stand.

This is the decision of President Roosevelt, who today approved a report on the subject made to him by Mr. Shonts. The contract amounts in the aggregate to many millions of dollars, but Mr. Shonts' report indicates that it may be abrogated at the will of the government, which actually owns the permanent plant used by Mr. Markel in filling the terms of his contract. Hudgins & Dumas and H. Balfe of New York protested against the award of the contract to Mr. Markel.

MR. FAIRBANKS NOT IN IT.

Issues Denial That He Is a Stockholder in Mergenthaler Company—Money Lenders in Hard Lines.

WASHINGTON, Sept. 14.—(Special.)—Col. Daniel N. Ransdell, sergeant-at-arms of the senate, today denied the report that Vice President Fairbanks was an owner of Mergenthaler linotype stock and lent his influence of the use of typesetting machines of that type in the government printing office.

Oscar J. Ricketts, the new public printer, is making things uncomfortable for the managers of certain "symposiums" or money-lending organizations which have thrived in the big shop for many years.

CONSIDER SALE OF BONDS.

Directors of National Fireproofing Company Place New Issue in Hands of a Committee.

At the regular meeting of the directors of the National Fire Proofing Company yesterday afternoon a committee was named to take charge of the new bond issue and negotiate its sale. President W. D. Henry will be chairman of the committee, and two other executive officers will be the other members.

The issue is $2,500,000, based on one of the underlying companies of the National. At the next meeting of the board, to be held on the second Thursday of October, the dividend will come up, as it is payable October 25.

Postmasters Will Get More Money.

WASHINGTON, D. C., Sept. 14.—(Special.)—Two postoffices in Western Pennsylvania will upon October first be raised from fourth to the presidential class. They are Ellsworth, Washington county, the salary of which is raised $1,000 and Albion, Erie county, raised to $1,100. According to the regulations of the department it will be necessary for both of these postmasters to be reappointed by the president if they wish to retain their positions.

Wants Pay for Press Work.

WASHINGTON, Sept. 14.—(Special.)—Charles C. Randolph of this city, has brought suit against the National Signal Company of Pittsburgh and Washington for the sum of $1,000. It is alleged in Mr. Randolph's complaint that he holds an unpaid bill for $1,000 against the Pittsburgh concern for services as press agent and work in securing a valuable concession to the company in Cuba.

Must Pay a Liquor Tax.

WASHINGTON, Sept. 14.—The commissioner of internal revenue has decided that manufacturers of patent medicines containing alcohol must take out licenses as rectifiers and liquor dealers, and that druggists and others who sell the medicines at retail must pay a special tax as liquor dealers. The order is effective December 1 next.

POLYGAMY EVEN EXISTS IN VEGETABLE KINGDOM

At Least This Was the Discovery Made by the Pittsburgh Botanists in an Examination of the Matrimonial Vine.

The matrimonial vine is polygamous. The strange new specimen was discovered last night in a collection of the plants which graced the exhibition tables in the Fifth Avenue High school building at the monthly meeting of the Botanical society of Western Pennsylvania. It might be remarked that the polygamous matrimonial vine did not come from a herbarium in Utah.

The matrimonial vine is a modest plant that in the fall produces two little red berries. One of these is larger than the other and is supposed to represent the bridegroom. The smaller represents the bride. President William Falconer had just explained these peculiarities to the audience when one of the botanists who was examining the plants looked up with amazement.

"I can't understand this," he shouted. "Here is a vine with one large berry and two small ones. How's that?"

"That's a polygamous matrimonial vine," remarked Mr. Falconer. "You know they will sometimes occur."

The discovery of the peculiarities of the matrimonial vine was only one of many incidents in the first meeting of the society after the botanists had returned from their summer vacations.

Next year the Pittsburgh botanists will spend a week or more in the highlands of New York. The Torrey Botanical society of New York is planning the excursion and it is hoped that an expedition can be made into the wilds of the Adirondacks where the botanists of New England can join those of the middle states.

PARADE ON HALLOWE'EN.

Sixth Ward (Allegheny) Business Men Arranging for a Brilliant and Humorous Demonstration.

New Orleans' Mardi Gras is to look like a pauper's funeral beside the magnificence of the second Hallowe'en demonstration of the Sixth ward, Allegheny. The parade will march in five divisions over the principal streets of the Fifth and Sixth wards. Walter W. Shook will be chief marshal. Councilman William Frederick will be marshal of a division composed of mounted men; Thomas McBride of the division composed of wagons and floats; George D. Fearnley of the division composed of ponies and pony carts; J. L. Shook of the division composed of organizations and individuals on foot, and Dr. Paul B. Doyle of the division composed of automobiles.

The general public is invited to take part in the parade, and an especial invitation is given to organizations. A special point will be made of the prizes, which will be so divided as to provide for every feature of the parade. The judges will be Thomas W. Harvey, Adam Hoffman, Alderman F. J. Schellman, Norman R. McAfee and John Gray.

Company Quick to Start Work.

Within an hour after Judge Shaffer had settled the injunction case between the borough of Millvale and the West Penn railroad yesterday noon the railroad company had a gang of men at work laying 89 feet of track across the disputed ground. The court dissolved the temporary injunction obtained by the borough until such a time as Millvale can produce fuller records to establish its claim.

ARMENIA REORGANIZED.

The Local Insurance Company Is Now Managed by New York Men and Interests.

The changes in the management of the Armenia Insurance Company resulting from the change of stock ownership, were accomplished yesterday at a meeting of the board of directors. The new directors chosen are Messrs. Robert Dickson, Tweeddale, Ambrose and Wolff, all of New York.

In the election of officers the following were chosen: President, Robert Dickson, New York, succeeding John I. Shaw; vice president, P. V. Roynlanek, Pittsburgh; secretary-treasurer, Robert H. Marshall, succeeding J. D. Bremer, who resigned some time ago.

Messrs. Dickson and Tweeddale of New York were elected general agents to have complete charge of all underwriting, including Pennsylvania. This makes the agencies in Pittsburgh which formerly reported directly to the company, report now to the New York general agency.

MURDER MAY BE RESULT OF FIGHT BETWEEN BOYS

Joseph Kige is in jail and E. A. Erichson is at his home in Rankin, almost disembowelled and at the point of death. Each is 17 years old and employed in a glass house in Rankin. On their way home from work Wednesday they quarreled and fought. Kige is alleged to have drawn a knife and stabbed Erichson.

Elfie Fay at the Alvin.

There are some comedians who get as much pleasure out of amusing others as their audience does. Chief among the performers of this variety is Elfie Fay, known throughout the American theatrical world as "The Laugh Creator," and who is to appear at the Alvin next week in the new musical play, "The Belle of Avenue A." If ever there was an entertainer who had a surfeit of fun in her make-up it is Miss Fay.

THREATEN TO THROW BOMB AT OBALENSKY

Finnish Anger at Russia's Latest Interference Vent Itself on the Governor.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

ST. PETERSBURG, Sept. 14.—The breaking up by troops yesterday at Helsingfors of a meeting of 300 delegates from all towns in Finland, called to discuss the political situation, has aroused great indignation throughout Finland. The meeting was an orderly one. Many of the best citizens and even women were in attendance.

The action of the government has fanned the dissatisfaction felt by the Finnish people, which today even went so far as to bring forth threats to throw a bomb at the governor-general, Prince John Obolensky. The disbandment of the last battalion of the Finnish guards by the Russian authorities has proved to be unpopular and since the dispersal of the meeting of delegates yesterday this has been taken up as an additional grievance against Russia.

NEW YORK, Sept. 14.—While the peace negotiations were in progress at Portsmouth, Prof. H. Montagu Donner of the Girls' Technical High school, this city, an ardent advocate of justice to Finland, wrote to M. Witte, the Russian envoy, asking for the latter's personal views on the Finnish question. Through a mistaken address, M. Witte's reply was not received until today. It is as follows:

> Dear Sir—In reply to your letter dated September 4, in which you beg me to let you know my views on the Finnish question, I have the honor to inform you that the fate of Finland has always been a subject of the greatest solicitude to me. It is superfluous to assure you that the Finlanders, like all other Russian subjects, have a right to the protection of the imperial government in order to allow of their fulfilling their historic mission, and I am convinced that the general measures to that end which have just been taken by my august sovereign will not fail to bring about good results.
>
> I regret that lack of leisure does not permit of my replying in extenso to your letter, but I can assure you that these are the beliefs that animate the majority of Russian statesmen.

VIEWERS READY TODAY.

Second Report on Hamilton Avenue Improvement Is to Be Made.

The viewers on the Hamilton avenue improvement held a meeting in the city solicitor's office and examined witnesses. They will complete their report and turn in at the office of the bureau of viewers this afternoon a schedule of benefits and damages.

The improvement was viewed once before, but the previous board gave the property owners such damages and inflicted such benefits on the city that the report was not satisfactory to Director Bigelow, and he had the ordinance for the improvement repealed. The present viewers are working under a new ordinance.

Dies While Visiting.

TO FIGHT ORE DUST.

North Side Board of Trade Wants Edith Furnaces to Abate the Nuisance.

At a meeting of the North Side board of trade, held in its hall in the Enterprise Bank building, Beaver avenue and Franklin street, Allegheny, yesterday afternoon, by unanimous vote it was decided to begin legal proceedings against the American Steel and Wire Company if the company does not stop the ore dust nuisance caused by the Edith furnaces in Preble avenue. The Sixth, Ninth and Eleventh wards, it was stated at the meeting, suffer severely from the ore dust, which is depreciating the value of property. Residents of the wards have promised the board of trade all financial assistance necessary to take the matter through the courts.

PREPARING TO TAKE UP ALLEGHENY GRAFT CRUSADE

The crusade against vice and graft in Allegheny will be resumed in a short time, and Attorneys Marron and Haymaker, who conducted the prosecutions, will hold a conference with District Attorney Stewart tomorrow afternoon to arrange for the trial of graft cases now pending. The Rev. Dr. McClenahan, who has been active in the Federation of Churches, stated a circular letter will be sent Allegheny citizens outlining the position of the federation. The federation will support a candidate for mayor, but so far Dr. McClenahan stated no candidate has been indorsed by the federation.

DISFIGURED BY ECZEMA

Wonderful Change in a Night. In a Month Face was Clear as Ever.

ANOTHER CURE BY CUTICURA

"I had eczema on the face for five months, during which time I was in the care of physicians. My face was so disfigured I could not go out, and it was going from bad to worse. A friend recommended Cuticura. The first night after I washed my face with Cuticura Soap, and used Cuticura Ointment and Resolvent, it changed wonderfully. From that day I was able to go out, and in a month the treatment had removed all scales and scabs, and my face was as clear as ever. (signed) T. J. Soth, 317 Stagg Street, Brooklyn, N. Y."

ELEVEN INNINGS WITHOUT A SCORE

Pirates Run Up Against a Snag In a Country Pitcher and Got But Two Hits.

FLANNIGAN SAVES THE GAME

[Special Telegram to The Gazette.]

SPRINGFIELD, ILL., Sept. 14.—In the greatest game ever played on the home grounds Springfield team of the Three "I" league and Pittsburgh battled for 11 innings and darkness found the game 0-0. Pete Taylor, a pitcher from the Brush, did remarkable work for the locals, holding Clarke's men to two hits. Great support saved Case, a former member of the Springfield team.

Taylor handled himself like a veteran, and was never in the hole. Flannigan saved the game twice for Pittsburgh by sensational catches in center field with men on bases. Ludwig, the local catcher, prevented any base-stealing by the visitors, while Lippert of the locals purloined one on Gibson, but Wagner made a mark of him by pretending to drop the ball and catching Lippert off the base. Pitcher Oberlin, who is to go to Pittsburgh next year, was slated to pitch the game today, but was saved for the last series of the season, on which third place in the league hangs. The score:

SHADYSIDE AND KISKI LOSE FOOTBALL CAPTAINS

Harry Pfeiffer and Dick Mueller Out of the Game—The High School Athletic Election.

Kiski and Shadyside academy, the two leading prep. schools in Western Pennsylvania, will be without the services of their football captains this fall. Harry Pfeiffer, tackle on last year's champion Kiski eleven, was recently married and has sent word to Kiski that he will not re-enter school. Pfeiffer is 19 years old, but a young giant, standing six feet and weighing 195 pounds and is strong and active.

Dick Mueller, who played a swell game at left end the past two years for Shadyside, is compelled to stay out of the game, but he will assist in the coaching, and direct affairs in the daily practice. The authorities refused to accept his resignation. Prior to every game he will appoint a captain.

Mueller lost several teeth in a hockey mix-up last winter, colliding with Tom Uptegraff. They were chasing Fleeger of the Wilkinsburg High school. It will be some time before Mueller will be in shape to engage in athletics. Fleeger entered Shadyside yesterday.

Capt. Dunc. Worrell of the Pittsburgh High school eleven will have his candidates at Friendship park this afternoon for the initial workout. At the annual athletic election at high school yesterday the following officers were chosen:

President, Worrell, '06; vice president, Munrce, '06; treasurer, Cooper; secretary, Crosby, '06; reporter, Conrad, '06; marshall, Teplitz, '06.

Executive Committee—Academical: 1906, Smith; 1906, Dowling; 1907, Bright; 1908, Gass. Commercial: M., Woodside; M., Turner; D., L. Haggerty. South High: 1907, Pollock; 1908, Slater.

Tom Wilson of Pittsburgh, who pitched and captained the St. Vincent college nine last spring, will enter Georgetown to study law. Dezmura of Braddock, who played at St. Vincent, leaves soon to enter a university in Hungary.

Charles Kohne, formerly of Shadyside, last year's tackle on the Princeton prep., leaves next week for University of Pennsylvania. Burkett Budd, guard on the Sharyside eleven two years ago, will enter Penn. He weighs over 200 pounds. Walter S. Straub, another Pittsburgh boy, last year at the Bethelam prep., goes to Penn also next week.

Jay Zahniser of Pittsburgh, captain of the Princeton hockey team, would like to have the Princeton seven play in this city next holidays. Princeton was not allowed to come last winter.

BROTHER FRANK'S BIG SURPRISE

Mrs. Durnell's Horse Is 200 to 1 in the Betting, Yet Steps Out and Wins the Event.

BAD DAY FOR FAVORITES

[By Associated Press to The Gazette.]

NEW YORK, Sept. 14.—The surprise of the season occurred at Gravesend today in the victory of Mrs. C. E. Durnell's Brother Frank, a 200 to 1 shot, in the fifth race. Brother Frank met and defeated some fair two-year-olds. The race was a handicap at about six furlongs and 11 starters went to the post with Debar, an 11 to 5 favorite. The start was fair and Wiley got off in a good position with Brother Frank. After following the pace to the stretch he came away and won, driving by three quarters of a length from Bellsnicker, with Zienap third. Brother Frank has been racing nearly all year, and in most of his races finished last. Nannie Hodge, the only winning favorite of the day, easily won the Bayshore stakes by two lengths. Summaries:

First race, about six furlongs—Graceful, 97, McIntyre, 20 to 1 and 8 to 1, won; Marjoram, 108, O'Neil, 13 to 10 and 1 to 2, second; Diamond Flush, 93, Wishard, 15 to 1 and 5 to 1, third. Time, 1:10 1-5. Mamie Worth, True Wing, Druid, Oriska, Astarita, Luretta, Suffice and Adios also ran.

Second race, selling, five and a half furlongs—Ingleside, 98, L. Smith, 4 to 1 and 7 to 5, won; Bribery, 94, Myers, 12 to 1 and 5 to 1, second; Nostromo, 106, W. Knapp, 13 to 5 and even, third. Time, 1:09. Euro, Jay Austin, Penguin, Usury, Niantic, Ell, Water Tank, Riggs, Mahogany Islands, Winifred A., John A. McBride and Guy Mannering also ran.

Third race, one mile and a sixteenth—Don Royal, 102, Miller, 12 to 1 and 5 to 1, won; Race King, 110, Lyne, 7 to 1 and 5 to 2, second; Jacquin, 120, Dominick, 10 to 1 and 4 to 1, third. Time, 1:47 3-5. Pretension, Alma Dufor, Adriutha, Miss Crawford, Gold Enamel, Sir Lynnewood, Uncle Urigh, Lady Prudence and Holscher also ran (coupled).

Fourth race, the Bayshore stakes, selling, about six furlongs—Nannie Hodge, 106, Diggins, 11 to 5 and even, won; Right and True, 101, McDaniel, 4 to 1 and 2 to 1, second; Jocund, 116, Smith, 7 to 1 and 5 to 2, third. Time, 1:10. Broadcloth, Diamond, King Pepper, Incantation and Letola also ran.

Fifth race, about 6 furlongs—Brother Frank, 98, Wiley, 200 to 1 and 80 to 1, won; Bellsnicker, 114, O'Neill, 10 to 1 and 4 to 1, second; Zienap, 115, Lyne, 8 to 1 and 3 to 1, third. Time, 1:11 2-5. Inquisitor, Midas, Anodyne, Debar, Lawsonian, Lancastrian, Fine Cloth and Old Guard also ran.

Sixth race, selling, 1⅛ mile—Sir Breeze, 103, Sewell, 7 to 2 and 7 to 5, won; Monacolor, 92, B. Smith, 15 to 1 and 6 to 1, second; Blennenworth, 106, Burns, 11 to 5 and even, third. Time, 1:55. Telephone, Brigand, Orly Second and Marriage Belle also ran.

Gravesend entries for tomorrow:

First race, handicap, all ages, about 6 furlongs—Roseben, 132; Lady Amelia, 122; Rapid Water, 119; Toscan, Jacksanders, 109; Bryanin, 105; Platoon Grenade, 100; Cederstrome, 92; Belligerent, 88.

ROYALS HAD TO WORK TO BEAT THE SHRINERS

Duckpin Bowlers Show Fine Skill—Edgewood Club Prepares for a Tournament.

In the duckpin games between the Royals and the Shiners on the Wylie avenue alleys there was excitement galore. The Royals succeeded in winning three games, but they had to do their best to win. The Shiners tied the score in the last game, but lost on the roll-off. Lee was the star of the evening, having high score and high average. The score:

The Royals have finished their schedule and are champions of the duckpin league. They finished away in the lead. The Royals are open for match games, either for fun or money. Address all challenges to Lonmaster, care Wylie avenue alleys.

The Edgewood club opened the bowling season on September 12 with a handicap tournament, to run during September and October. The club has added two alleys to its space, and now has a total of six alleys, which are said to be the finest in the county. On November 1 the winter tournament for the Graham cup opens. This tournament is participated in by ten teams, made up of club members, and will run until late in March, the schedule calling for two contests a week, three games to the contest.

Edgewood is very anxious to have the club league arranged, as quite a number of high-class bowlers are among its 200 members, and they feel confident they can give a good account of themselves. They also desire games at home and abroad with other social clubs having their own alleys, and will give all challenges prompt attention. Address Edgewood club, Edgewood Park, city.

There will be a meeting of the Pittsburgh section of the Allegheny County Bowling league this evening at 8 o'clock on the Club alleys. All Bloomfield, South Side and lower Pittsburgh alleys managers, captains of teams and those wishing to enter the county league are requested to attend, as this will be the last meeting before the meeting of the county league.

Mr. Bobes, at 4310 Butler street, had a fine opening on Wednesday. Quite a few of our prominent bowlers took part in trying out the new alleys. Some fine scores were put up. H. Vannes made some good scores. He is proud, because he says he did the work in putting the alleys down.

Sharon Loses Two to Youngstown.

YOUNGSTOWN, O., Sept. 14.—(Special.)—Youngstown took both games in a double-header with Sharon. The first game was easy for the locals, 5 to 1, owing to Thomas' good pitching. Youngstown won the second game 7 to 4. Whitney's three-bagger tied the score and McCloskey won the game with a hit which would have gone for two bases. The scores:

Tim. Flood Assaults List.

AKRON, O., Sept. 14.—(Special.)—Umpire List was assaulted today following a close decision at second base by Capt. Flood of Zanesville. Flood, who is much larger than List, struck the latter. List retaliated with his mask and made a nasty cut in the player's cheek. Zanesville then did the baby act by playing school boy ball. The score:

New Players at W. & J.

WASHINGTON, PA., Sept. 14.—(Special.)—The Washington and Jefferson football squad received another acquisition this morning. McCleary, the star halfback of the California team of last season, entered college this morning and reported for practice this afternoon. Core, who was at West Virginia Wesleyan last year and an excellent player, entered Washington and Jefferson yesterday and reported for football this afternoon. Coach Piekarski is more confident than ever of having a winning team at Washington and Jefferson this fall. The first lineup and scrimmage between the 'varsity and the scrubs will be held next week.

Oldest Jockey Fatally Injured.

CORRY, PA., Sept. 14.—(Special.)—Sam Rice, aged 73, oldest jockey on the race track, was fatally injured here this afternoon in the last race at the fair. He was riding and was in a bunch at the back stretch when his horse stumbled and fell on him. He was picked up unconscious and taken to Corry hospital, where no hopes are entertained for his recovery. His son Charles was killed at Sheepshead bay some years ago by being thrown from a horse and disemboweled on a picket fence. Rice lives at Union City.

Two Post-Season Series.

Arrangements were completed yesterday for post-season series between the Chicago National and American teams and the Boston teams of the opposition leagues.

BIG TENNIS SURPRISE IN SEMI-FINAL ROUND

Myers Defeats Edwards—Interest Heightens and Big Gallery Will See Final Round Today.

The semi-final rounds of the tennis tournament at the Pittsburgh Golf club furnished a big surprise in the defeat of George D. Edwards by W. L. Myers. Edwards is a former champion of Western Pennsylvania and has one leg on the cup. He was looked upon as an almost certain finalist. Myers is the former northwest champion, coming here from Chicago to live.

The victory of Myers in the semi-final round was clean cut and decisive. His back hand strokes, low drives and cross court placing were a delight to see. It was said that Edwards' game was not up to his standard, but in many brilliant rallies his flashes of form stamped his class in no unmistakable manner. The match was really closer than the score of 6-3 and 6-2 in Myers' indicated.

The other semi-final match between C. L. Childs, who has two legs on the cup, and E. Sunstein, the Princeton crack, also had a big gallery. It went to three sets, in which deuce was called three times in each. Childs won the first set in 6-3, when Sunstein duplicated it in the second set in such fast tennis that it was thought for a time that he would provide another surprise by downing Childs. The latter's work at the net was too much for the Princetonian in the third set and he succumbed 6-1.

The results in the singles, third round, were as follows:

E. Sunstein won from his brother, L. C. Sunstein, by default.

C. L. Childs beat J. E. McLain, 6-4, 6-2.

W. L. Myers beat J. T. Neely, 6-4, 6-3.

G. D. Edwards beat B. H. Thompson, 3-6, 6-0, 6-0.

SEMI-FINAL ROUNDS.

C. L. Childs beat E. Sunstein, 6-3, 3-6, 6-1.

W. L. Myers beat G. D. Edwards, 6-3, 6-2.

Today at 3:30 p. m. C. L. Childs will meet W. L. Myers in the finals. The sets will be three out of five. The biggest gallery ever seen on the side lines at a Pittsburgh tennis tournament is expected.

But slow progress was made in the doubles. The results were:

Johnston and Waddell won from Myers and partner by default.

Stephens and Naly beat Snodgrass and Marshall, 6-0, 6-4.

D. C. Byers and Brooks won from Allen and partner by default.

Cook and Hanford beat S. W. Childs and Browne, 4-6, 6-3, 6-4.

Siverd and Siverd won from Abbott and Oliver by default.

Guyton and Canfield beat J. F. Byers and Oliver, 6-3, 6-1.

The pairings in the consolation are as follows: Browne and Garland; P. Siverd and Snodgrass; Oliver and J. R. Swift; G. Siverd and Abbott; Iams and Kimball; Wright and D. C. Byers; H. O. Smith and W. A. Thompson.

Members of Pittsburgh Golf Club Conclude First Match Play Round.

The first match play round in the tournament at the Pittsburgh Golf club for the members' championship trophy was played yesterday, eight having qualified in previous medal play.

M. A. Preston beat Lawrence Dilworth, 4 and 3; A. K. Oliver beat F. R. Holland, 5 and 3; J. F. Byers beat T. M. Marshall, Jr., 7 and 5, and J. H. Reed, Jr., beat Joseph Wood, 5 and 4.

This afternoon M. A. Preston will play A. K. Oliver and J. F. Byers will meet J. H. Reed, Jr.

Oakmont Country club announces for Saturday a team contest in which G. A. Ormiston will captain the "Blues" and W. C. Fownes, Jr., the "Reds." The captains will have alternate choices until the teams are completed. Members arriving before the 1:20 train will play on the teams. The entrance will be two golf balls, the winning side to take the balls. After the team match there will be a putting and approaching contest for a cup offered by W. C. Fownes, Jr.

The rule will be enforced prohibiting threesomes and foursomes Saturday afternoon.

Edgeworth club announces for Saturday match play against bogey under assigned handicaps for cup presented by C. P. Byrnes.

GREAT DAY FOR THE DR. WALTER ORBIN OF HOMESTEAD

It was Orbin day yesterday at Homestead. Dr. Walter Orbin, late of the McKeesport team, now of Homestead, threw a bad spell over his former teammate's pitcher by hitting for a home run, far over George English's head, and then again by walloping the ball for three bases when the circuit was populated. A single was his third contribution. Homestead won 13 to 7. The score:

Princeton Starts Practice.

PRINCETON, N. J., Sept. 14.—(Special.)—The first football practice of the Tigers this season took place this afternoon on Osborne field, and a large number of players were out to the call of Capt. Cooney. The squad consisted of only those who played last year and the substitutes. None of the first year men have been called yet, but with the opening of the college on Wednesday next another call will be made by the captain, and the men will then get down to work in preparation for their game September 23. The practice this afternoon consisted of all preliminary work, such as limbering up for the harder task to come. They were set to work tackling the dummy, sprinting, passing the ball, quick starting and running with the ball. Much attention will be given to tackling this fall, and the men will be drilled in that part.

W. U. P. Showing Speed.

EXPOSITION PARK, PA., Sept. 14.—(Special.)—The presence of several more of last year's regulars was a pleasing feature of today's practice at the park. With Jud Schmidt back in his old place the backs were given an opportunity to show their skill in receiving punts. The squad has now three fine punters in Sullivan, Capwell and Schmidt. Klawuhn is slightly under the weather, but will report again by Monday. Perry is rapidly recovering from his sprain. The surprise of the week is the speed developed by the heavy linesmen, Edgar and Zieg holding their own with ends and backfield men with Leidenroth, Waddell and big "Tex" Yielding, the 225-pound broncho buster, close at their heels.

SOCIETY

OF MORE than ordinary interest was the wedding of Miss Emily Louise Wormald, daughter of Mr. and Mrs. Walter Wormald of Franklin street, Allegheny, and Anthony T. Smith of Avalon. The ceremony was performed at 6 o'clock last evening in Emmanuel Protestant Episcopal church by the rector, the Rev. Ernest M. Paddock. Miss Olive Jeannette Wiley was maid of honor and Miss Ethel Viola Smith, sister of the bridegroom, bridesmaid. The men in the party were T. J. Chidlow of Meridian, Miss., best man; Samuel McFall, Herbert Byrnes and John N. Bowes, ushers. The bride wore a handsome white lace robe, hung over silk. Her tulle veil was caught up with a spray of lilies of the valley and she carried a shower of white roses and valley lilies. Miss Wiley appeared in white Persian lawn and lace with a pink girdle, and carried white asters. The bridesmaid's gown was also of Persian lawn, while her flowers were pink carnations.

Mr. and Mrs. Anthony T. Smith.

The church was prettily, but simply decorated with palms, arranged about the chancel and clusters of asters on the altar and flanking the chancel stairs. Cosmos and asters carried out the same color scheme of pink and white at the home, were a reception and wedding dinned followed the ceremony. After the dinner Mr. and Mrs. Smith began their wedding trip, at the conclusion of which they will reside in Avalon, receiving their friends after October 1. Among the out-of-town guests at the wedding were Miss Ruth M. Mason and Miss Eunice R. Olney of Kansas City, Mo.; Mr. and Mrs. J. C. Miller of East Liverpool, O., and Mrs. E. B. Dobbs of Chicago. The bride is the eldest daughter of Mr. and Mrs. Wormald, the former of whom is a vestryman in Emmanuel church. The bride has been a member of the choir and also a Sunday school teacher.

Gilleland-King.

Mr. and Mrs. Wilson A. Gilleland of Wilkinsburg have issued cards announcing the marriage of their daughter, Miss Katherine Louise Gilleland, and Charles M. King of Pasadena, Cal., the ceremony taking place last evening in the Hotel Schenley. When the bride was 8 years old she was a flower girl at the marriage of her uncle and aunt, Dr. and Mrs. H. R. Bowers of Lancaster. Last evening their 8-year-old daughter, Miss Kathrene Bowers, a namesake of the bride, served in the same capacity at her cousin's wedding. The other attendants were the matron of honor, Mrs. W. Arthur Gilleland; maid of honor, Miss Elizabeth Brinker; bridesmaids, Miss Ida Niele and Miss Blanche Duke; best man, W. Arthur Gilleland; ushers, John Bradley of Bellevue, Paul Ache of Allegheny, Lester Degelman of Pasadena, Cal., and Harry Turner of Wilkinsburg. The Rev. William L. McEwan, D. D., pastor of the Third Presbyterian church, performed the ceremony at 7:30 o'clock. The bridal gown was an exquisite creation of white crepe meteor and rose point lace. A plumed aigrette fastened her tulle veil, while her flowers were orchids, roses and lilies of the valley, arranged in shower effect. She also wore Mr. King's gift, a magnificent ring set with pearls and diamonds. Mrs. Gilleland, the matron of honor, was entirely in pink, her gown being of crepe de chine and point lace, and her flowers pink roses. Pink chiffon cloth was worn by Miss Brinker, who carried pink and white roses, and the maids, each in pink net hung over white, carried bouquets of white asters. The little flower girl wore a dainty frock of white Paris muslin and valenciennes lace, and in an apron of the same material she held white orchids, roses and valley lilies, which flowers composed the bridal bouquet. The bride's mother appeared in black voile with touches of white lace. Among the wedding guests were several from a distance, including Dr. and Mrs. Charles Frederick Stewart of Chicago, Dr. and Mrs. Edward King of Pasadena, Cal., and Dr. and Mrs. H. R. Bowers of Lancaster, Pa. After the wedding supper Mr. and Mrs. King left for the east. They will return to Pittsburgh in a fortnight and later will go to Chicago to be members of a house party which Dr. and Mrs. Stewart will entertain at their home, and after October 15 will be at home in Pasadena, Cal. The bride is well known in musical circles having been a pupil at the Pittsburgh Conservatory of Music. She is also a composer of some note. Her husband is a nephew of Mrs. Alexander King of "Baywood," North Negley avenue, and a son of A. M. King of this city.

Two Hostesses at Cards.

Mrs. Thomas P. Henderson and her daughter-in-law, Mrs. Clarence Henderson, were joint hostesses at cards yesterday afternoon at their home in Oakmont. There was no special guest of honor, the mother and daughter receiving their guests alone. Six tables of six-hand euchre were called into play, and at the close of the game prizes were awarded Mrs. William Hepburn Tinsman (lone hand), Mrs. Clarence P. Tiers and Mrs. Charles Dabney. Nasturtiums, asters and verbenas in large clusters about the different rooms formed very effective decorations.

Wedding Day Is Chosen.

Miss Hazelle Wisener of Beaver Falls has chosen Wednesday, October 7, as the date for her marriage to C. Arthur Rossmyer of Rochester, Pa. The bridal party will consist of Miss Helen Fitz-Randolph as maid of honor, and Charles E. Kascher of Niles, O., as best man. The wedding is to be a small affair, taking place at the home of the bride. Quite a number of social events have been arranged in her honor.

Will Inaugurate Fifth Year.

The opening dance of the Pastime Cotillon club will be given at Kenwood lawn on Tuesday evening, September 28, the event inaugurating the club's fifth season. The committee in charge of the series of dances includes J. Newell Mackrell, Howard Agnew, James W. McAllister, William C. Scott, William McElliott and J. Negley Harbin.

Glockler-Franz.

Yellow and white were the colors chosen for the wedding of Miss Tresa Elizabeth Glockler and Raymond Franz, which was an event of yesterday morning in St. Philomena's Roman Catholic church, Fourteenth and Liberty streets. Solemn high nuptial mass was celebrated at 9:30 o'clock by the Rev. Father Schnorr and the Rev. Father Kraus. The bride's only attendants were her sister, Miss Mathilda Glockler, and the bridegroom's sister, Miss Manuelita Franz. Frederick Good performed the duties of best man, while the ushers included Michael Stafford, Joseph Cunley, Thomas Walsh, Milton Franz and George Hess. The bride, in an imported lace robe and tulle veil fastened with orange blossoms, carried a prayer book marked by lilies of the valley. Her sister, as maid of honor, wore point d'esprit over yellow chiffon, a white lace hat completing the toilette. Her flowers were yellow roses. Lilies of the valley were carried by Miss Franz, who appeared in white batiste and lace, with a picture hat. The church was tastefully decorated with palms. Only the relatives of the bridal couple were entertained at the wedding breakfast at the home of the bride's parents, Mr. and Mrs. Bernard Glockler, [illegible] Millvale avenue. The bridal couple are now on their wedding trip and will be at home after December 1 in Johnson avenue, Hazelwood.

Working for Hospital Fund.

The largest semi-social affair ever held in the Sewickley valley is the Sewickley valley affair, which was opened in Association park, Sewickley, yesterday, and which will continue during this afternoon and evening. The booths, arranged in a circle and within this under a large umbrella, was the Sewickley Troop band, which gave concerts. In the gymnasium of the Y. M. C. A. building, which had been fitted up as a Japanese theater, continuous vaudeville was given during the afternoon and part of the evening. Pony carts and ponies, together with automobiles and goat carts, were busy hauling people over the valley, the pony cart trip being through the estate of Mrs. Henry W. Oliver. The ponies were loaned by the little Misses Bowser, Becket, Walker, Arrott, Smith, Cole and Masters Chaplin, Walker and Craig; automobiles by Mrs. F. M. Hutchinson, Joseph McClurg, W. McC. Grafton, Glen T. Braden, J. D. McCord, J. W. Porter; goat carts by Masters Gillett and McCracken.

One of the most unique features is the "Mrs. Wiggs of the Cabbage Patch," in charge of Miss Anna Nevin. Those in charge, who are gowned in old style, include Mrs. Wiggs, the children and all the well-known characters in the book. The place attracted continuous crowds. The large ice cream booth was decorated in green and white. There were the fortune tellers, the orange tree and the doll booth. At this latter booth is a life-sized doll wearing in its entirety the wedding gown of the late Mrs. Thomas Shields. The doll will be given to the person drawing the correct name. There are old-fashioned dolls, one presented by Mrs. Frank McKinnie being over 100 years old. In the novelty booth are articles of all descriptions. The Japanese booth is most interesting. Tea is served and music is discoursed, all in real Japanese style. Takahira, the Japanese minister, sent four exquisite cloisonne vases of wrought silver on enamel, which were centers of attraction. Various articles are being raffled off, including a pony, a dog, a handsome jardiniere, and other small articles. The affair is being given by the Women's auxiliary to the Sewickley Valley hospital, to furnish the proposed building, and it is estimated that $5,000 will be raised in the two days. A slightly different program will be carried out this afternoon, the sport contests being an important feature. Following are the chairmen of committees in charge:

Afternoon amusements, Mrs. George P. Rose; advertising, A. C. Walker; badge, Mrs. William Walker; band, Mrs. J. B. Chantler; electric light, Gilbert A. Hays; candy booth, Mrs. Frank H. McKinnie; doll house, Miss Amelia Oliver; fish pond, Miss Helen Smith and Miss Agnes Black; fruit and flower booth, Mrs. William P. Snyder; gypsy tent, Miss Mary Porter; household goods, Mrs. G. A. Gormley; ice cream booth, Mrs. Thomas Liggett; Japanese booth, Mrs. William Arrott; lemonade booth, Miss Margaret Adair; novelty booth, Mrs. Samuel Church Scott; orange tree, Miss Frederica Hays. Program and advertising committee, Mrs. Willis J. Toner; peanuts and popcorn, Mrs. Fred Way; supply table, Mrs. Howard G. Murray, general chairman, Methodist church, Mrs. Jeannette McCready; Leetsdale Presbyterian church, Mrs. Creese; United Presbyterian church, Mrs. J. W. Arrott, Jr.; Catholic church, Mrs. John Marron; Baptist church, Mrs. W. B. Robinson; Presbyterian church, Mrs. A. E. McCord; Episcopal church, Mrs. Severn P. Kerr; supply table, Mrs. Joseph Rankin; Mrs. Wiggs of the Cabbage Patch, Miss Anna Nevin.

Hogg-Walker.

Miss Isabella Motheson Hogg, daughter of Mr. and Mrs. George Hogg of Fourth street, Braddock, and John J. Walker, were married at 8 o'clock last evening at the home of the bride's parents. The ceremony was performed by the Rev. J. F. Clokey, pastor of the Calvary Presbyterian church. The ceremony was witnessed only by the immediate members of the two families. After an extended tour Mr. and Mrs. Walker will live in Braddock. The father of the bride is a wealthy contractor, and the bride is well known in society circles of Pittsburgh and surrounding towns. Mr. Walker is a pharmacist of Braddock.

People Coming and Going.

The Rev. Mr. and Mrs. Ernest M. Paddock have just returned to their home in North avenue, Allegheny, after spending the summer in Andover, Mass.

Mr. and Mrs. Ernest Elbert Jones of Oakmont expect to go to Chicago in a few weeks. They will be entertained by Mrs. Jones' brother-in-law and sister, Dr. and Mrs. Charles Frederick Stewart of the western city.

Announces Daughter's Engagement.

Formal announcement has been made by John A. Lambing of Franklin street, Wilkinsburg of the engagement of his daughter, Miss Emma Louise Lambing, and Harry A. Bigley, a son of Mr. and Mrs. Andrew J. Bigley of the East End. The wedding will be an event of next spring.

Society Notes.

The many friends of the Countess Dennet de [illegible], formerly Miss Edith Oliver of Shields, will be interested to know that she is the mother of a boy, born at the home of the young couple at Naples, Italy.

Scalds Fatal to Baby.

WEST NEWTON, PA., Sept. 14.—(Special.)—Walter Paulik, 3-year-old son of Samuel Paulik, died here this afternoon from scalds received by falling into a tub of boiling lye. The child was scalded from the neck down, and lived only two hours.

Prescription Writer Convicted.

FAIRMONT, W. VA., Sept. 14.—(Special.)—Dr. Walter L. Leach of Rivesville was today convicted of illegal writing of prescriptions for liquor. Dr. Leach formerly practiced in Morgantown. The evidence showed he received 25 cents for each prescription.

Herbert Writes the Music.

BUFFALO, Sept. 14.—Julian Mitchell's new musical extravaganza, "Alice and the Eight Princesses," was given its initial production at the Star theater here tonight. The music for the new play was written by Victor Herbert.

GUARD THE HEART

Rheumatism, Is Always Liable To Attack This Vital Organ.

Dr. Williams' Pink Pills Strike at the Disease at Its Root in the Blood and Eradicate It.

Rheumatism is one of the most obstinate diseases to treat after it has once gained a good foothold. The power of Dr. Williams' Pink Pills has been tested in extreme cases and no one should despair of a cure if he has not tried this sovereign remedy. The wisest course, however, is to begin the effort to expel it from the blood the moment its presence is first recognized in the inflamed and painful joint. There is always present the danger that it will reach the heart and prove quickly fatal.

Mr. W. F. [illegible] of No. [illegible] East [illegible] street, Moberly, Mo., had an experience which everyone liable to rheumatism should read. He says:

"I had been at work for a long time in a laundry where I was exposed to dampness. First my feet began to hurt and swell, then my ankles and my shoulder joints began to be affected in the same way. Finally I could not walk without great difficulty and suffering and had to stop work altogether. My appetite was feeble and I grew pale and weak. I began to have pains about my heart and it fluttered a great deal. I became greatly alarmed about my condition. My mother knew about the virtues of Dr. Williams' Pink Pills as they had given her back her health when she was nearly wasting to death, and when she found that they were good for rheumatism too, she began to give them to me about a month after I was attacked. That was in the early part of March, [illegible], and by June they had driven away the pains and swelling and had restored my appetite and color. Then I felt strong enough to take up a line of outdoor work, and now I regard myself as entirely well."

Dr. Williams' Pink Pills for Pale People are so efficacious because they begin at once to change the character of the blood, in which rheumatism is seated. They also cure other diseases springing from impure blood or disordered nerves, such as sciatica, locomotor ataxia, partial paralysis and all forms of weakness in male or female. They may be had at all druggists, or directly from the Dr. Williams Medicine Co., Schenectady, N. Y., at fifty cents per box, six boxes for two dollars and a half.

Among the Clubs.

Reports from All the World.

Reports from world congresses and training schools and from the mission fields at home and abroad will constitute an important feature of the program for the annual meeting of the Interdenominational Missionary society of Allegheny county next Thursday, September 21, in the East End Cumberland Presbyterian church, Shady avenue and Aurelia street. Mrs. James A. Maxwell of McKeesport, who has just returned from Europe and was in attendance at the Baptist World's congress in London, early in July, will speak in the evening of her impressions of that body, while Mrs. E. M. Hill of the United Presbyterian church will report the work of the Northfield Bible school at the afternoon session. A number of missionaries will also be present. At the afternoon session Mrs. E. B. Ewer will speak on temperance, while Mrs. Mary Porter will have charge of the memorial service. At the evening session an open parliament of young people's work will be conducted under the direction of representatives of the Reformed Presbyterian, the Lutheran, the Methodist Episcopal, the Presbyterian and the United Presbyterian churches. There will be two sessions, afternoon and evening, and important business of deep interest to women will be discussed at each.

The officers of the society include the president, Mrs. R. C. Wylie; recording secretary, Mrs. Thomas Walters; corresponding secretary, Mrs. Lougdon; treasurer, Mrs. E. F. Heim; honorary president, Mrs. M. F. Hutchins. The vice presidents include Miss Annie Allen, Mrs. T. D. Davis, Mrs. Gustave Seamon, Miss Margaret Phillips, Mrs. S. F. Nicholas, Mrs. Fisher, Mrs. A. C. Diffenbach, Mrs. A. B. Hedges and Mrs. J. L. Pritchard. The society includes in its membership the following evangelical denominations: Reformed Presbyterian, Cumberland Presbyterian, Methodist Episcopal, United Presbyterian, Presbyterian, Baptist, German Baptist, Congregational, Episcopal, Reformed, Lutheran and Christian.

Enthusiastic Quarterly Meeting.

A large delegation of Baptist women from Pittsburgh and Allegheny went to Turtle Creek yesterday for the quarterly meeting of the Women's Home and Foreign Missionary society of the Pittsburgh association. The meetings were conducted morning and afternoon in the Baptist church of Turtle Creek, the Rev. F. B. Williams pastor. Mrs. Bowser of Ingram presided at the morning meeting and Mrs. Squibb at the afternoon. Mrs. George Lauman of Pittsburgh opened a discussion on "How the Local Circles Help the Church," in which many of the women took part. The feature of the afternoon session was an informal address made by Mrs. James A. Maxwell of McKeesport, who gave an account of a woman's impressions of the Baptist World's Congress in London, England, in July.

Returns to America.

Mrs. Enoch Rauh, president of the Columbian Council of Jewish Women and of the Pittsburgh and Allegheny Sterilized Milk and Ice association, is back on American soil. Mrs. Rauh, who has been in Europe for the last six weeks with her husband, landed yesterday in New York, crossing in the Baltic. They will reach Pittsburgh tomorrow morning. Since sailing for Europe six weeks ago Mr. and Mrs. Rauh have made hurried trips through Germany, France and England, and toured Switzerland in an auto. They had a very pleasant trip, and Mrs. Rauh returns to Pittsburgh eager to take up her work in the various clubs and societies of which she is a member.

Becomes a Sub-Station.

Arrangements were made yesterday afternoon for the opening of a sub-station of the Braddock Carnegie library in the industrial school which is a part of the mission work carried on in Rankin among the foreigners. This mission work was inaugurated a year ago among the Slavs, Hungarians, Bohemians and Italians by the Pittsburgh Baptist association, the department of work among the foreign-speaking people being conducted under the direction of the Rev. Henry C. Gleiss, pastor of the German Baptist church on the South Side. The industrial school in Rankin has been so successful that officials of the Braddock Carnegie library became interested in it, with the result that a sub-station will be established immediately, books having been selected for the children yesterday afternoon. Miss Lyda Jenkins is in charge of the school work.

Second Watermelon Social.

The Oxford club of the South Avenue Methodist Episcopal church, Wilkinsburg, will hold its second annual watermelon social on Monday evening, September 25, in the basement of the church. Instrumental and vocal music will be furnished by the H. J. Lindsay quartet. The popularity of the watermelon social last September has led to a decision by the club members to make this an annual event, being the opening meeting each season. Some excellent speakers will talk before the club at its regular meetings during the winter. The membership is nearly 100.

Meeting of Oakmont Club.

Mrs. Hugo Rosenberg of the Woman's club of Pittsburgh and the Columbian Council of Jewish Women has been invited to make an address before the Woman's club of Oakmont this afternoon. The club will be entertained by Mrs. William Wade at her home in [illegible] street, Oakmont, and the meeting will be the first this season. A portion of the afternoon will be devoted to vacation experiences told by the club members.

Discuss Equal Suffrage.

The Equal Rights association of Allegheny county met last evening in the home of Mrs. E. F. Heim, Sherman avenue, Allegheny. The meeting was open to men and women.

COLLEGE MEN TO MEET IN BITTER TUG-OF-WAR

Rival Classes of W. U. P. Agree Upon Bloodless Form of Warfare to Settle Supremacy.

The sophomores and freshmen of the Western University of Pennsylvania met in conference yesterday and decided to have their classes meet each other in a tug-of-war on the university campus this morning at 10:25 o'clock.

Yesterday morning the formal opening of the university season was held in the chapel with Chancellor S. B. McCormick, LL. D., presiding. He delivered an address, as did Alexander Dempster, president of the board of trustees; T. H. B. McKnight, treasurer of the Pennsylvania railroad; the Rev. Dr. Samuel Callen of Waterloo, Ia., and Attorney Thomas Patterson.

Dr. McCormick stated in an interview that he had begun to seek subscriptions for new university buildings for which the trustees wanted $1,000,000, and that over $100,000 had been subscribed.

TRIUMPHANT PITTSBURGHERS.

Their Songs and Enthusiasm the Feature of Equitable Life Convention at Manhattan Beach.

THEY WIN MANY PRIZES.

The Equitable Life has just closed one of the most successful and enthusiastic conventions at Manhattan Beach, N. Y., ever held in the history of the society. Delegates from all the agencies east of the Rocky Mountains were in attendance, and many of the delegates were accompanied by their wives. Eloquent speeches were made by President Morton, Vice Presidents Tarbell and Wilson, Comptroller Day and Edward A. Woods, manager of the Pittsburgh agency.

At the closing meeting on Wednesday night the prize trophies offered by Vice President Tarbell last January were awarded, and the Pittsburgh agency carried off nearly everything in sight. This agency won the Blue Ribbon Loving Cup, offered to that general agency which, all things considered, made the best showing during the first three months of this year. Mr. Tarbell also offered six trophies—three for volume of business and three for number of lives assured—to the six delegates to all the agencies attending the convention who individually made the best showing. Mr. B. C. Boyd of Scottdale, a young man who led his entire agency for the whole of last year in number of lives assured, and who won the Challenge Cup of the agency for the same thing, had the honor of carrying off the first prize cup for number of lives assured. Mr. C. F. Austin of Erie, who has also ranked among the leaders of the agency ever since he has been connected with it, won the second prize. The third cup went to J. W. Hunter of Rochester, also a young man, whose record for quality of business is second to none. Not only did the Pittsburgh agency carry off all three prize cups, but J. W. Geibie of Pittsburgh and F. G. Smith of Clearfield, of this agency, were the only delegates who received honorable mention in this class. P. H. Kelly of Altoona received honorable mention for amount of business.

The field of the Pittsburgh agency has within the last week been enlarged by eight additional counties in the eastern part of the state. Its district now comprises the greater part of the State of Pennsylvania, part of Ohio and West Virginia. Those who know the personnel of the agency force of this great agency are not surprised at their wonderful success. The esprit de corps existing among them is something marvelous. Their songs and enthusiasm was the feature of the convention. Following is a list of delegates and guests from the Pittsburgh agency:

Edward Agnew, Mr. and Mrs. C. F. Austin, H. K. Beegle, B. C. Boyd, Miss Minta Boyd, Mr. and Mrs. J. E. Brandon, J. K. Brumbaugh, W. L. Byers, Mrs. Anna Byers, C. B. Coleman, E. B. Coburn, Mrs. Minna H. Cook, J. H. Dechert, William M. Duff, J. H. Eskridge, R. L. Eskridge, G. H. Frank, R. C. Gailey, Mr. and Mrs. J. W. Geibel, H. B. Genoe, H. W. Glasgow, Mr. and Mrs. S. W. Guthrie, O. P. Hood, Rev. R. H. Hood, J. W. Hunter, D. H. Hunter, P. H. Kelly, G. W. Kepner, G. G. Kernohan, Mr. and Mrs. D. S. Lynn, Dr. W. A. Longanecker, William M. Lorimer, J. N. McConnell, J. S. NEW YORK STOCKS AGAIN CLOSED HIGHER

A Steady Advance Throughout the Day on a Moderate Volume of Business—Smelting Dividend Increased—Local Stocks Remain Dull.

By JOHN C. BAGLIN, Financial Editor.

The general direction of the New York stock market yesterday was upward. There were no special or spectacular advances in any particular stock, such as have characterized other markets, but the whole list improved and closed higher. The volume of trading, however, was smaller, the total sales for the day falling below 800,000 shares.

The stronger opening was due to the fractionally higher quotations received from London, but more particularly to the fact that the governors of the Bank of England permitted the minimum rate of discount to remain unchanged at 3 per cent. There was some talk on Wednesday that the bank rate might be again raised this week in order to place an obstacle to the outflow of gold to New York, but no actual engagement of gold in addition to that of last Tuesday was announced during business hours, and foreign money rates remained unchanged. The weekly report of the Bank of England showed a small decrease in total reserve, but an increase of ½ of 1 per cent in the percentage of reserve to liability. The slightly better position of the bank was accomplished, like that of New York last Saturday, by a reduction of loans, but the amount was insignificant compared with the $30,000,000 decrease of the New York banks last Saturday. The weekly statement of the Bank of France showed a decrease of a little less than $400,000 in gold and a decrease of $1,775,000 in loans.

The sharp rally which occurred in the stock market just before the close was accompanied by a rumor that $5,000,000 more gold would be engaged in London for shipment to New York. This rumor was not confirmed, and if it should prove to be true, the gold could not arrive in time to have any effect upon tomorrow's bank statement at least. So far this week it is estimated that the New York banks have lost $5,600,000 through subtreasury operations and shipments of currency to the interior. This sum is in excess of the surplus reserves of the bank reported last Saturday, and it is therefore inferred that there will be another large reduction in the loan account to save the surplus reserve. However, there was no change in the money market yesterday, the rate for call loans ruling at 2¾ to 3 per cent.

The greatest advance in the early trading was scored by American Smelting common, which had been vigorously sold late Wednesday, ostensibly on the disappointment over the delay of the directors in taking action on the dividend. Early yesterday the dividend was increased from a 5 to 7 per cent per annum basis, and the stock rallied to 127⅞. After the official announcement of the increase the stock sold off and the net gain for the day was 1⅞ per cent. Amalgamated Copper was moderately active and closed firm and 1 per cent higher for the day. The United States Steel issues were strong, the common recovering to 37 and the preferred to 104¼, each closing at a net gain of ½ per cent. Republic Iron and Steel preferred scored the largest gain in this group, advancing from 90 to 93 and closing at 92¼, thus recording a new high price for the year. Tennessee Coal and Iron closed 1⅜ higher and Colorado Fuel and Iron ⅞ higher.

The stocks of railroads which will benefit from the crops led the advance in this department. St. Paul rallied to 179¾, Atchison to 91⅛, Union Pacific to 133¾, and Canadian Pacific to 166¾, the last named a new high record. The Rock Island issues were more active than for some time past, and Missouri Pacific was notably strong, advancing to 107¾, the highest on this movement. The Pennsylvania group was strong, and there was a resumption of the upward movement in Erie, which closed 1 per cent higher on the report that a large block of the stock had been acquired by a prominent banking interest.

There was no increase in the volume of business in the local stock market and prices averaged low. In some of the prominent issues there was scarcely enough trading to establish a market. The largest dealings were in National Fire Proofing. The common stock declined to and closed at 6¾, and the preferred sold down to 25⅝, at which it closed. A small lot of Pittsburgh Coal preferred sold at 54 and River Coal preferred at 24¼, prices in both instances being unchanged from the last previous sales. There were no transactions in United States Steel stocks, and only light trading in Crucible, which closed nominally unchanged for both the common and preferred. A small lot of Luster Mining sold at 36, but the stock was subsequently offered down to 35¼, and closed at 33 bid. Tonopah Extension closed slightly lower at $6.10. Just at the close United Copper was bid up to 36¾, and was offered at 37½, but none of the stock changed hands. The natural gas stocks were moderately active and firm. Philadelphia Company common sold at 46⅝, and rallied to 47⅛ bid at the close. Small lots of Westinghouse Airbrake changed hands at 149 to 150, the close being at an advance of a dollar a share. Pittsburgh and Allegheny Telephone 5s rallied to 82¾, but the other members of the bond group closed unchanged.

NOTES AND COMMENT.

While the call loan rate in New York yesterday touched 3½ per cent at one time, the bulk of the business was at or below 3 per cent and the closing quotation was 2¾ per cent. It was this tranquillity of the money market that encouraged professional traders to bid up the stock market. The great strength of the business situation is the easy explanation of the underlying strength of stocks. It is a very general conviction in Wall street that if easy money were assured prices of stocks would advance without difficulty. The enormous grain crops promised are one of the main arguments for this view, and it was natural therefore that yesterday's movement should turn to the quarter of the market where the grain movement would be felt first. Owing to the conspicuous promise of the corn crop, and doubtless also to the fact that the stocks of corn carrying railroads have not been active in the speculation, the corn grangers led the movement. The buying converged on Missouri Pacific. All of the grangers and the southwestern group generally, as well as the Pacifics and transcontinentals shared in the movement, however.

In the local curb market Kansas Natural Gas was quoted at 53 bid, 54½ asked; Fayette County Gas, 92 bid; Tecumseh Oil and Gas, 90 bid; Luna Park, 105 asked; Union Natural Gas, 106½ bid, 107 asked; Golden Anchor, 35c bid, 90c asked; Oriental and Masbate, 55c bid, 60c asked. Unlisted bonds were quoted as follows: Pittsburgh Coal 5s, 103⅝ and interest asked; Pittsburgh Terminal Railroad and Coal 5s, 108 and interest bid; National Glass general mortgage 6s, 97¼ and interest bid.

There was a somewhat better demand for local bonds listed on the exchange, and prices were steady to firm. Pittsburgh and Allegheny Telephone 5s were a fraction higher at 82¾.

Pittsburgh Brewing common was firm and higher, advancing to 26⅝. There were no transactions in the preferred stock or bonds. Independent Brewing preferred was steady at 41, and the bonds sold at 107. Brewing securities have held their own in the local market better than any other of the newer industrials, notwithstanding the market is somewhat narrowed by a sentimental feeling which some investors entertain against this class of security.

Lustre Mining closed weak at 35¼ asked, 33 bid, as compared with recent sales at 36½. There was no explanation for the decline yesterday, which occurred just before the close of the market.

Purchasers of Westinghouse Air Brake between now and Saturday of next week will receive the dividends declared on Wednesday, amounting to $2.50 a share. The stock was a little firmer yesterday, advancing to 150.

The advance in Baltimore & Ohio is said to have the benefit of a little pool organized by Mr. Keene.

The demand for St. Paul in the loan crowd is said to be larger than that for any other active stock, which may or may not indicate the extent of the short interest.

The letters of Wall street commission houses after the close of the market yesterday agreed in the statement that there was little or no increase in the outside interest in the market, the little spurts of activity being the work of professional traders.

The profits of the Welsbach company for the year ended May 31, 1905, were $541,469, an increase of $17,307.

The gross earnings of the Buffalo, Rochester & Pittsburgh for the first week in September decreased $12,640.

The net revenue of the Western Union for the September quarter (partly estimated) were $1,900,000, a decrease of $168,000.

Norfolk & Western, now on a 3 per cent dividend basis, earned a full 7 per cent on the common stock for the fiscal year ended June 30, 1905. The year was a prosperous one, showing an increase in gross earnings of $1,370,282, or over 6 per cent.

A New York stock exchange seat sold this week at $84,000, an advance of $1,000 over the last sale, and the highest price for which a seat has ever been sold. The previous high record being $83,000, obtained a few weeks ago. The high prices now being paid for seats would seem to indicate that an active stock market during the coming fall and winter is generally expected.

The United Gas Improvement Company has declared the regular quarterly dividend of 2 per cent, payable October 14 to stock of record September 30.

The International Power Company has declared a regular quarterly dividend of 1 per cent on its common stock, putting the issue on a 4 per cent basis. A regular semi-annual dividend of 3 per cent and a dividend of 1 per cent also were declared on the preferred stock. All the dividends will be payable October 2. The preferred stock books will close at 3 o'clock this afternoon, and the common stock books will close September 26. All books will reopen October 3. The dividend of 1 per cent on the preferred stock was declared according to the charter of the company, which provides that the preferred stock must share equally in all dividends declared on the common stock after 6 per cent has been paid on the preferred issue. This places the preferred issue on a 10 per cent basis.

The regular quarterly dividend of 2½ per cent on Chicago Telephone capital stock is payable September 30.

Directors of the American Iron and Steel Company have declared a dividend of $1 a share on the common and the regular quarterly dividend of 1¾ per cent on preferred stock, both payable October 2, as registered September 22.

The General Electric Company has declared the regular quarterly dividend of 2 per cent, payable October 16 to holders of record September 20.

The American Smelting and Refining Company declared a quarterly dividend of 1¾ on the common stock, payable October 16. This is an increase of ½ quarterly, or 2 per cent per annum, and puts the issue on a 7 per cent per annum basis. This is the eighth dividend declared on common stock. The company also declared the regular quarterly dividend of 1¾ on its preferred stock, payable October 2. This is the twenty-fifth dividend declared on the preferred.

It is understood that about 60 per cent of the St. Louis shareholders in the American Steel Foundries Company have availed themselves of the opportunity to subscribe to the new bonds of the company at 80. Most of the larger owners of stock have partaken liberally of the new bonds, but the smaller owners have not yet to any extent exercised their options.

The absorption of Erie was on an enormous scale and caused that property to be associated in the current rumor with the open admission that negotiations were in progress for disposing of the Cincinnati, Hamilton & Dayton property. The consolidation thus promised of the trunk line situation helped other members of that group, especially the so-called differential and southern trunk lines.

Speaking of the development of water powers in the south for electrical transmission, the Manufacturers' Record of Baltimore refers as follows to the enterprise backed by Whitney, Stephenson & Co., of Pittsburgh: "Not far behind the first electrical development of Niagara is the undertaking at Whitney, N. C., where several million dollars are being spent in the development of a power which at the initial stage will furnish about 40,000 horsepower, to be followed later on by an additional development which will carry this to 76,000 horsepower. This, by far the largest single water-power enterprise in the south, and one of the largest in the country, has stimulated a widespread interest in what is being done along this line of work throughout the south.

STOCKS RULE STRONG IN A QUIET MARKET

Animation Is Confined to a Handful of Issues, and Deals Are Professional.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, Sept. 15.—The Herald this (Friday) morning says: Stocks ruled strong yesterday, and the active issues advanced in a quiet market. The dealing appeared to be very largely of a professional nature, with the animation confined to a handful or so of issues. About eight or ten properties furnished nearly three-quarters of the trading, while the rest of the list was as stagnant as on a mid-summer half holiday.

Commission houses still complain that they were doing nothing and that the public was participating in the market. However, if the public were not buying they certainly were not selling. There was an entire absence of influential liquidation, and this was so pronounced that many persons attributed the improvement chiefly to the fact that there was no selling pressure.

There were a great many rumors in the market, but not much news aside from the passage of control of the Cincinnati, Hamilton & Dayton property from the syndicate to J. P. Morgan & Co. The street concluded that the Erie would eventually turn up as the owner and Erie was advanced thereon, but how the acquisition will be financed with its numerous new securities was not made public. After the close of business came a proxy call indicating some opposition in the Wabash road, the purport of which did not appear clear.

Of rumors there was no end. Some dealt with various corporations and combinations and some with schemes to import and prevent monetary stringency. As against the latter rumors was the actual development of a loss of $5,668,000 cash by the banks to the government since Friday last.

NEWS FROM THE MINES.

Directors of the New York and Honduras Rosario Mining Company have declared the regular 1 per cent monthly dividend, payable September 2.

Homestake mining directors have declared the regular 50c monthly dividend, payable September 25.

George Mitchell states that a furnace run of 91 days has just been completed at the Mitchell mines, which showed a gross of $131,600 and a net of $104,000. Plans and specifications are prepared to increase the plant to 2,500 tons per day, and this work will be immediately proceeded with.

Casper, Wyo.—The Lucky Strike Mining Company, operating on Deep creek, in the Big Horn mountains, has uncovered a vein of ore that is rich in gold at a depth of 70 feet. The vein is 12 feet wide and the ore is increasing in richness with depth.

The Tonopah Home Mining Company has let a contract for the sinking of the main shaft a depth of 100 feet from the 200 level, and work will be commenced at once. The bottom of the shaft is now in favorable formation and cross cutting will probably be commenced at the 300 level.

The Bunker Hill and Sullivan Mining Company has paid dividend No. 96, of $150,000. This makes the total paid since January 1, 1905, $2,-[illegible], and total to date, $4,886,000. The property is a silver-lead mine at Wardner, Idaho.

Goldfield, Nev.—The Reilly lease on the Florence is proving the mining sensation of the year. In one day ore to the value of $25,000 was taken out, and it is now estimated that the production from the lease will aggregate $[illegible],000 by the time it expires on November 1. The ore as taken out is averaging $300 per ton, and every man who can work to advantage is being employed in its extraction. The force at the mine numbers 125, and during the remainder of the lease the greatest activity will prevail. The rich ore is being extracted from the 100 and 150-foot levels, and the entire production as extracted is being sacked for shipment.

The Metal Market.

NEW YORK, Sept. 14.—The London tin market was unchanged to a shade higher, the gain being on spot, which closed at £145 5s, while futures were unchanged at £145 10s. Locally the market was quiet with spot quoted at $31.87½@32.20. Copper was unchanged at £69 for spot and £69 17s for futures in London. Locally lake and electrolytic are still quoted at $16.00@16.37½ and casting at $15.75@16.12½. Lead was unchanged at $4.85@4.90 in the local market and at £13 17s 6d in London. Spelter was also unchanged in both markets, closing at £28 in London and at $5.85@5.90 locally. Iron was somewhat irregular abroad, Middlesboro closing at 48s 11½d and standard foundry at 47s 7d. Locally the market is reported firm and some dealers say they expect an advance in the near future. No. 1 foundry northern is held at $16.50@17.25; No. 2 foundry northern at $16.00@16.75; No. 1 foundry southern at $16.25@16.75, and No. 2 foundry southern at $15.75@16.25.

BOSTON, Sept. 14.—The copper market showed a little more activity all through the list today under the leadership of United States Mining, Utah, Greene and North Butte. People are commencing to realize the great advantage which Atlantic will obtain through the transfer of land with Baltic and the stock is being quietly picked up, the buying today around 22 being excellent. There still seems to be a strong disposition to hold down Mohawk and Osceola, both stocks being closed weak every day.

HAVE A JOLLY TIME.

Social Meeting of Pittsburgh Railways Company's Relief Association Is Held.

An enjoyable social meeting of the officers of the Relief Association of the Pittsburgh Railways Company, the inspectors and division foremen of the company, was held last night in Duquesne garden. Fully 250 persons sat down to the tables at which the feast was served.

Among those present were John Murphy, the general superintendent; S. L. Tone, second vice president, and Clarence Burleigh, general counsel of the company. A. S. McSwigan was the toastmaster and master of ceremonies.

After the banquet there was a moving picture exhibition and James P. Dunlevy, Joseph Hartman and John Angus Mackaye gave recitations and told stories. Short speeches were made by Mr. Murphy, Mr. Tone, Mr. Burleigh and others.

One Week's Deaths in Pittsburgh.

During last week 127 deaths occurred in Pittsburgh, an annual death rate of 17.83 the 1,000. Typhoid caused nine deaths, scarlet fever 10, consumption eight, pneumonia four and violence 17. During the week 69 cases of typhoid fever, 21 of scarlet fever, and eight of diphtheria were reported. Six cases of typhoid, four of scarlet fever and four of diphtheria were reported yesterday.

First Mortgage Bonds.

Commonwealth Trust Company, No. 327 Fourth avenue, is offering to investors choice first mortgage bonds, yielding 5 to 5½ per cent.

THE MONEY MARKET.

The local money market is steady to firm at 5@6 per cent on call and time loans. Clearing house comparisons:

Foreign Money Markets.

LONDON, Sept. 14.—Money was in considerable demand on the market today for stock exchange requirements and the final call of $2,500,000 on Grand Trunk mortgage bonds. Discounts were unsettled owing to fears of gold withdrawals. Trading on the stock exchange opened dull due to fears of an increase in the discount rate of the bank of England, but prices afterward recovered somewhat, though the tone was not good and little was done beyond the completion of the settlement. Consols were dull on dear money despite the bank rate decision, but they recovered during the last hour. Home rails were a fraction lower. Americans opened weak, firmed to above parity, remained steady and inactive and closed quiet. Foreigners were apathetic. Japanese were a shade better and Peruvians were active. Kaffirs fluctuated, the position of Rhodesians causing nervousness. Japanese imperial 6s of 1904 were quoted at 105. Consols for money 89 13-16 per cent; consols for account 89 15-16. Bar silver steady at 28¾d per ounce. Money 1¾@1¾ per cent. The rate of discount in the open market for short bills is 2⅞@2 15-16 per cent. The rate of discount in the open market for three months' bills is 2 15-16@3 per cent.

PARIS, Sept. 14.—Prices on the bourse at the opening today were heavy, operators fearing an increase in the rate of discount of the bank of England. Later there was an improvement and at the close stocks were firm. Russian imperial 4s were quoted at 94.80 and Russian bonds of 1904 at 519. Three per cent rentes 100 francs 35 centimes for the account. Exchange on London 25 francs 16½ centimes for checks.

BERLIN, Sept. 14.—Prices on the bourse today were weaker on account of the uncertainties of foreign exchange, especially that of New York.

BERLIN, Sept. 14.—Exchange on London 20 marks 45 pfennigs for checks. Discount rates: Short bills 2 per cent; three months' bills 2⅞ per cent.

Foreign Bank Statements.

LONDON, Sept. 14.—The weekly statement of the Bank of England shows the following changes: Total reserve decreased £159,000; circulation decreased £248,000; bullion decreased £428,641; other securities decreased £939,000; other deposits decreased £1,550,000; public deposits increased £417,000; government reserve decreased £298,000. The proportion of the bank's reserve to liability this week is 45.54 per cent, compared with 44.95 per cent last week.

PARIS, Sept. 14.—The weekly statement of the Bank of France shows the following changes: Notes in circulation decreased 5,075,000 francs; treasury deposits increased 33,375,000 francs; general deposits decreased 8,925,000 francs; gold in hand decreased 1,950,000 francs; bills discounted decreased 8,775,000 francs.

Banks and the Treasury.

NEW YORK, Sept. 14.—(Special.)—In redemption of checks drawn by depositors of gold at the Seattle assay office, today's official records show that the sub-treasury paid out yesterday $207,930. Total thus paid since Friday, $590,979, against $386,264 for the same period a week ago. Total payment by government to New York banks for the day, $2,343,000. Payment by banks to government, $3,418,000. Balance on the day's transactions, $[illegible],000, paid by banks to government. Total net payment by banks to government since Friday, $5,668,000, against $4,059,000, similarly paid for the corresponding period a week ago, and $4,676,000 paid by banks to government a year ago.

SALE OF $70,000 IN WILKINSBURG

S. H. Lloyd Gets Quinnette Store and Flat Building in a Trade.

HILL PURCHASE OF $30,000

The Quinnette store and apartment building in Wilkinsburg has been sold under articles of agreement, the buyer being S. H. Lloyd of the East End. The building is known as one of the best of the newer structures in Wilkinsburg, having been erected about two years ago by A. A. Quinnette, the butcher. It is a four-story brick structure, with pressed brick front and stands on 34x132 feet on the south side of Penn avenue, near Center avenue, the building itself occupying 100 feet of the depth. On the first floor there are two large store rooms, one of which Mr. Quinnete occupies, and there are eight flats of five rooms and bath on the upper floors. The building is well finished and thoroughly modern in its conveniences, and rents for nearly $6,000 a year. In part payment for this property Mr. Quinnete gets a frame store and dwelling in Hays street, near Kelly street, Third ward, Wilkinsburg, valued at $10,000, and also some vacant frontage in the Twenty-first ward.

It is understood he has leased his old store room and will remain in business in the Quinnette building.

Hill Deal Comes to $30,000.

The sale is reported of the James P. Speer holdings at the northwest corner of Center avenue and Roberts street, $500 having been paid on the deal as hand money. The reputed buyer is a Fourth avenue real estate man, but it is not known whether he is taking the property for himself or another. The lot is one of the largest corners in the Hill district, having a frontage of 80 feet in Center avenue and 100 feet in Roberts street to an alley. Three frame and one brick building stand on the Center avenue side and two brick houses in Roberts street. These are old, dilapidated structures of little value and bring in a comparatively small income. The property brought about $30,000, which figures at the rate of $275 a foot for the Center avenue frontage, or $3.75 a square foot for the plot.

Through the Real Estate Corporation W. A. Lougeay has sold to Elizabeth O'Connor a fine residence at 5853 Beacon street, between Murray and Shady avenues, Twenty-second ward, for $14,500. The purchase was made for a home and the buyer gets a reception-hall brick house of 11 rooms and two bath rooms on 50x180 feet. The same brokers sold to R. P. Lougeay, Jr., an eight-room brick house on 53x128 feet at 4 Shetland avenue, Nineteenth ward, for $7,500.

A deal is well along for the property at 207 Grant street, the price being about $33,000 and the buyer a well-known downtown realty investor.

Cannot Agree on Site.

The Americus club is as far as ever from selecting a site for the $100,000 clubhouse it proposes to erect. An official of the club said yesterday that over a dozen sites had been offered and of that number half were being considered. But the committee has so far failed to reach any agreement. This is due in part to the division of opinion among the members themselves, many of whom, it is said, favor staying in their old quarters at Penn avenue and Fourth street. A large number of those who favor selling the old property have expressed a desire to build on the Hotel Boyer site, a part of which was submitted to the committee.

The Atlas Automobile Company of the East End, has a deal pending for 125 feet of frontage in the Twentieth ward, on which it proposes to erect a $35,000 garage. It is also reported that King & Larimer are considering building a large garage in Shakespeare street, East End.

Prices Are Too High for Site.

Wilkinsburg will have to wait a while longer for a high school building. So say the school directors, who were disgusted at the prices asked for the various sites submitted. These included a lot in Ross avenue, one in Center avenue, and one east of Wood street, besides several others which received less favorable consideration. No selection will be made at present, it is said, although it was the intention to buy at once.

The Denny estate has just started a row of 12 brick houses at Liberty avenue and Thirty-eighth street. The houses will be five-room brick dwellings and will cost $21,000. They will be rented for about $21 a month.

Architect Charles Bickel has plans for a six-story brick warehouse for W. N. Epping at 106-108 Ross street to cost $60,000.

Architects Robinson & Winkler are taking bids on the Memorial Methodist Episcopal church to be erected on Squirrel Hill by Capt. S. S. Brown.

The work of razing the old Fort Wayne station in Allegheny is nearly completed, and within a week contractors will be engaged on the foundations of the new station. It has been reported frequently of late that the railroad authorities were about to tear down the buildings on the east side of Federal street, opposite the station, but this cannot be confirmed. The old Church of New Jerusalem at Sandusky and Isabella streets has also been razed to make room for the Kerr & Snodgrass warehouse.

CRANBERRIES MAKE THEIR APPEARANCE

First of the Season Crop Gets Into Local Market—Flour Takes Another Drop.

Cranberries appeared in market yesterday for the first time this season. It gave Liberty street a sort of Thanksgiving look and they seemed perfectly in accord with the chill autumn winds which were sweeping the dust of the streets of Pittsburgh into the air. They came from Cape Cod, are fairly good fruit and are selling at $2.50 and $2.75 a box.

Flour suffered another drop yesterday and is now below the $5.50 mark for top. It was only the higher grades of fancy patent which were marked down, the others still holding their former figure. Fancy patent is now $5.40 and $5.45 a barrel. Large lots can be had at a less price and the bottom is not yet in sight. The sugar market is no firmer and no weaker than it was several weeks ago. Coffee is a fairly good sale, but not so strong as before.

Butter, eggs and cheese are all growing a little firmer with the cool weather. No advance is looked for, but they are going more rapidly at the prices quoted than before.

Green goods in general are a little slow. This is customary in the fall, about this time of the year. The grape rush has not started yet, although lots of grapes are coming in. When the grape season is really opened there will be more activity along the street than has been known for a couple of weeks.

HAY AND GRAIN.

Receipts.

Receipts yesterday were: Pennsylvania lines, 25 cars hay, 11 cars oats, 5 cars corn, 5 cars feed, 3 cars straw, 1 car rye; Baltimore & Ohio railroad, 6 cars hay, 2 cars oats, 1 car corn; Lake Erie railroad, 5 cars hay.

Conditions in the hay and grain market yesterday were about the same as have characterized the business for the week. Receipts were light and the market was stronger in consequence, but no advances were made. Dealers are looking for better prices before the week is out, however, as business has taken on its fall liveliness and buyers are becoming more plentiful and more liberal. There is no change in the feed lines and hay remains the same as the first of the week.

The Drygoods Market.

NEW YORK, Sept. 14.—Values were very steady in the drygoods market today and the market was in a very comfortable position as far as the manufacturer was concerned. Buyers were not in a speculative frame of mind and yet they endeavored to secure early deliveries, which they had difficulty in securing.

GENERAL RAINS CAUSE FIRMNESS IN WHEAT

Revised Statistics of Russia's Crop Are Also a Factor in the Improved Demand.

[By Associated Press to The Gazette.]

CHICAGO, Sept. 14.—General rains throughout the northwest caused firmness in the wheat market today. At the close the December delivery was up ⅝c. Corn shows a gain of ⅛@¼c, oats ⅛c, provisions [illegible].

The wheat market was firm from start to finish. Wet weather in the greater portion of the spring wheat country was the source of strength. Many of yesterday's short sellers were eager buyers today, their greatest consideration being that the unfavorable weather would check temporarily the movement of wheat from the farms. Another reason for improved demand was found in the publication of revised statistics regarding the wheat crop of Russia. Today's figures made 421,000,000 bushels as the total yield, as against a previous estimate of 534,000,000 bushels. On the basis of the revised figures, this year's crop will be [illegible] bushels less than that of last year. Initial quotations were practically the lowest of the day. December opened ⅛c to ¼@⅜c higher at [illegible]. For a time prices held comparatively steady, but toward the middle of the session a moderate advance was recorded. Many reports were received from grain centers telling of urgent demand for cash wheat. One message from St. Louis stated that Tennessee and Kentucky millers were buying all grades of cash wheat in the St. Louis market. For December the highest point of the day was reached at [illegible]. The market later eased off a trifle on profit-taking, but the close was firm, with December at [illegible]. Clearances of wheat and flour were equal to [illegible] bushels. Primary receipts were 1,042,000 bushels, compared with [illegible] bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 497 cars, against 377 cars last week and 549 cars a year ago.

Wet weather in portions of the corn belt imparted firmness to the corn market. Shorts and commission houses were fairly active bidders, but offerings were light. The market closed firm, with prices at almost the highest point of the day. December opened unchanged to a shade higher at [illegible], sold up to [illegible] and closed at [illegible]. Local receipts were 612 cars, with [illegible] cars of contract grade.

Oats showed greater strength than either wheat or corn, sentiment in the pit being decidedly bullish. Cash houses were active buyers throughout the entire session. Excellent demand from exporters continued to be the chief strengthening influence. A reported shortage of [illegible] bushels in the oats crop of Russia was another bullish factor. December opened [illegible] higher at [illegible], sold up to [illegible], and closed at [illegible]. Local receipts were [illegible] cars.

Provisions were firm on fair demand from shorts and packers. A decline of 10c in the price of live hogs was apparently ignored. At the close January pork was up [illegible] at [illegible]. Lard was up [illegible] at [illegible]. Ribs were [illegible] higher at [illegible].

Estimated receipts for tomorrow: Wheat, 80 cars; corn, 423 cars; oats, 145 cars; hogs, 14,000 head.

The leading futures, as reported by John D. Armstrong & Co., Farmers bank building, Pittsburgh, members of the Chicago board of trade, ranged as follows:

COKE SHOWS LARGE GAIN.

Number of New Ovens Have Been Installed in Masontown and Connellsville District.

CONNELLSVILLE, PA., Sept. 14.—[Special.]—The gain in coke production in the Connellsville region was nearly [illegible] tons, and the increase in shipments was close to [illegible] cars. The increase in output from both the Connellsville and Masontown fields was over [illegible] tons. The prospects of a brisk trade throughout the region for the balance of the year seem good. A summary of the Connellsville region for the week ending Saturday, September 9, shows a total of [illegible] ovens, of which [illegible] are in operation. At the Bessemer plant [illegible] new ovens have been added, and [illegible] new ovens have been finished at the [illegible] plant, [illegible] which are in blast. Besides these [illegible] ovens at other plants have been added to the active list.

The week's production amounted to [illegible] tons, an increase over the previous week of [illegible] tons. The shipments aggregated [illegible] cars, distributed as follows: Pittsburgh district, [illegible] cars; west of Pittsburgh, [illegible] cars; east of Everson, [illegible] cars. The shipments aggregated to [illegible] tons, an increase of [illegible] tons over the previous week. The shipments from the Masontown field aggregated [illegible] cars, distributed as follows: Pittsburgh district, [illegible] cars; west of Pittsburgh, [illegible] cars; east of Everson, [illegible] cars. The shipments are estimated at [illegible] tons, being [illegible] tons greater than the previous week.

Coffee and Sugar.

NEW YORK, Sept. 14.—The market for coffee futures opened steady at unchanged prices, in keeping with steady European cables. Trading was very quiet. Much smaller interior Santos receipts were explained by private cables reporting a railroad strike and attracted little increased demand, but imparted rather steadier tone with the market closing net unchanged to [illegible] points higher. Sales were reported of [illegible] bags, including September at [illegible]; December at [illegible]; March at [illegible]; May at [illegible]. Spot Rio steady; No. 7 invoice [illegible]; mild quiet. Sugar, raw steady; fair refining, [illegible]; centrifugal, 96 test, [illegible]; molasses sugar, [illegible]; refined [illegible].

BOLD BURGLARS ARE CONVICTED

LaSalle and McKnight Will Pay the Penalty for Robbery of an Allegheny Home.

ADMIT THEY DESERTED BABY

Two of the most daring housebreakers in the United States were convicted of burglary in criminal court yesterday. Paul La Salle, alias Parker, alias Lundman, alias Doyle, and Charles McKnight, alias Joseph Flannery, who are alleged to have served long terms in all the well-known eastern and western penitentiaries, were charged with robbing the residence of Horatio W. Powell, in Franklin street, Allegheny, May 1. La Salle is a fine looking man and attracted considerable attention in the court room while the case was on trial. His partner, McKnight, has the looks and bearing of a criminal.

The two men, after serving a four-year term in the Toronto (Can.) penitentiary, were released last April and came to Allegheny a few days later. The Powell residence was robbed the day following their arrival and the two thieves left at once for Cleveland, where they disposed of most of the stolen goods, which consisted of jewelry and clothing valued at $500. La Salle and McKnight were arrested while in Cleveland about two months ago, but the former broke jail with several other prisoners by sawing the cell bars, and was at liberty for some weeks before being recaptured.

Told of Recovering Goods.

Detective Philip Mooney of Cleveland, who arrested La Salle and McKnight and who was instrumental in getting some of the stolen goods from the Powell residence back, was the principal witness against the men. He gave their police records while in Cleveland and testified as to the recovery of the Powell goods from a Cleveland pawnshop. Samuel Grossman, a pawnbroker of Erie street, Cleveland, identified the men as having pawned some of the jewelry. Detective Leon Einstein of Allegheny also gave the men bad reputations and the jury was out only a short time when a verdict of guilty was rendered.

Other cases disposed of were: Dan Farley, larceny, guilty; Bessie Cupps and Ollie Wise, larceny, pleaded guilty and sentenced suspended; Louis Schultze, larceny, pleaded guilty, sentence suspended; James Tate, misdemeanor, fined $50 and costs.

Charles E. Stevens and Kate Stevens, charged with abandoning their infant child, admitted their guilt when brought before Judge James Macfarlane yesterday in criminal court. The child was left on the doorstep of the house of F. C. Beinhauer, 115 South Eleventh street. Stevens was arrested in Allegheny and the woman was found at her home in Rhode Island and brought back. Both have been in jail for some weeks.

The story of the abandonment and the arrests was told to the court. Stevens said he would willingly pay to support the child and its mother and the latter said her mother in Rhode Island would give them a home. She told Judge Macfarlane she wanted the child and cried bitterly. Judge Macfarlane suspended sentence on the payment of costs and both prisoners were taken back to jail until the costs are paid.

R. C. Hall Files Exceptions.

Robert C. Hall has filed exceptions to the findings of fact and conclusions of law in common pleas court No. 2 in his suit against the Pennsylvania railroad relative to the use of railroad tracks in Third street. The exceptions are voluminous, covering every part of the court's opinion. Stress is laid on the conclusion of the court that the restriction of the use of the Third street tracks would be inequitable and cause loss to the shippers and merchants, that the plaintiff has no standing in equity to enforce an ordinance of the city that the Duquesne way elevated tracks will eliminate the cause of complaint, and that the defendant has a right to occupy Third street without the city's consent.

H. A. Sherwood and W. H. Frederick have been appointed appraisers of the Duquesne, Lafayette and North American Mutual Fire Insurance companies, which are in the hands of a receiver.

A bill in equity was filed by Louis Finegold against W. M. Levy and the Crucible Steel Company of America. Finegold claims he placed 100 shares of Crucible Steel Company stock in the hands of Levy, who is a broker, on June 1, to be sold at not less than $12 per share. On July 19, as the stock had not been sold the plaintiff claims he demanded the stocks returned, which was refused. Finegold claims that he has learned that Levy is irresponsible financially, and may dispose of the stock. An injunction is asked against the Crucible Steel Company to prevent it from transferring the stock pending the disposition of the suit.

Libels in divorce was filed by Margaret F. H. Vetter against her husband, Henry W. Vetter on a charge of desertion. They were married July 13, 1882. Louis Schmidt in his libel avers that his wife, Alice Schmidt, and himself were married May 10, 1888, and she has since deserted and refused to live with him.

Brings Suit for Damages.

Suit for $5,000 damages has been entered by Arthur Clemow against Jacob Rohm. The plaintiff alleges he leased a butcher shop in Taventown from Rohm, the time running until January 15, 1908. He avers that on Monday Rohm drove him out of the shop and took possession of the equipment which had been purchased from Rohm under an agreement.

A writ of habeas corpus returnable Saturday was issued in petition of Charles Fergert to get possession of his three children now in custody of his wife, Catherine Fergert. The attorney for the plaintiff told the court that he could prove Mrs. Fergert to be an habitual drunkard. The youngest child is 10 months old and it is said it has been so little with its mother that it is able to eat meat.

An appeal was taken to the superior court by Attorneys O'Brien and Brawner, in the damage suit of Felix Michalofsk and his son, Joseph Michalofsk, against the Pittsburgh Screw & Bolt Company, in which a non-suit was granted. The boy had his fingers cut off.

A charter has been applied for by the Allegheny Bavaria Beneficial society.

The grand jury returned the following true bills: Embezzlement, John E. Johnston; receiving stolen goods, Nathan Havirs; assault and battery, John Frank, Mary Kenoi, Thomas Paxton; misdemeanor, John McGrundy.

Application was made yesterday in common pleas court by citizens of North Versailles township for an injunction to restrain the members of the school board from carrying out their intention of erecting a new school building in a new plan of lots where it is alleged a lot has been purchased at a cost of $1,500. The school district has property which is said to be even more suitable, and the taxpayers claim that the board is wasting the money. It is claimed the contract for a $12,000 buff brick building has already been let by the board without first complying with the law regarding advertising. It is further claimed that the board's action was taken and kept secret from the taxpayers until the contract was let. The taxpayers held a meeting last Wednesday night, at which subscriptions were secured for the purpose of fighting the case in court, one man starting the list with $50. A committee consisting of W. H. Lange, James Topley and Thomas Love was appointed to present the case in court.

FIRST BIRTHDAY IS MADE GALA OCCASION

McCreery & Company's First Anniversary Attracts Large Number of Admiring Friends.

Beautiful decorations yesterday made even more beautiful McCreery & Company's store, Sixth avenue and Wood street. It was a gala day in the handsome big mercantile house, marking the first anniversary of the company's opening for business in this city. In every respect was the anniversary an auspicious one. The many friends which the company has made during the year which it has been in business here called at the store to show their appreciation of what the company has done in a mercantile way in this city. There was an air of elegance about the big establishment which at once attracted and elicited admiration. There was nothing flashy or gaudy, but a quiet, satisfactory harmonizing of colors which coincided with the good taste in everything the company has done since choosing Pittsburgh as one of its business centers.

In each of the show windows a large satin pillow, with the word "Anniversary" in gold silk, was conspicuous. It nestled among floral decorations. In all parts of the store pretty combinations of colors held the attention of the patrons. Every floor plainly told of general rejoicing. On the first floor the prevailing color was a deep, rich red. Another was in lavender, while the dining-room, with its groupings of flowers, ferns and palms, was a veritable bower of beauty.

The company expresses the keenest appreciation of its reception in Pittsburgh. Coming here perfect strangers, and in the face of the very sturdiest competition, it says it has been greeted on every hand by manifestations of kindness and good will, and that the results of the first floor have been entirely satisfactory. It has no new policies to announce for the future. The record of the past is good enough for this enterprising company. Pittsburghers apparently were satisfied with what it has done, and it can see no reason to make any change.

One welcome feature which the members of the company like to dwell upon is the ever-increasing patronage which the men's clothing and men's furnishing departments have enjoyed. The men, they say, were rather shy about going to the store, believing it a place only for women. This erroneous idea has been overcome, and the company will use every endeavor to hold the trade which has been built up in these lines.

Yesterday special prices prevailed in all of the departments, and they were taken advantage of by many who went to see the sights and were conquered by the beauty of the emporium and the low prices which were to be secured.

Light Developments and Small Wells Tell Story of the Drill

Light developments and small wells tell the story of the drill in the lower southwest fields for the past 24 hours. Very few wells were drilled in and none important as to location. On Fallen Timber run, Grant district, Wetzel county, the Parker & Edwards Oil Company's test on the D. B. Fisher farm is holding up at 125 barrels a day. On Buffalo run, same district, the Kanawha Oil Company's No. 105 on the John Mills tract is still producing 115 barrels a day. In the Smithfield district the South Penn Oil Company's No. 4 on the McIntyre-Peterson farm is holding up at 85 barrels a day. In the same district, the same company has drilled its test on the J. A. Parish farm four feet into the Gordon and has found no oil or gas. In the same district the test on the Lindsay Stewart farm has been drilled through the Gordon and the hole has filled up 1,400 feet with fluid. In the Littleton district, the Hope Natural Gas Company is drilling in the Big Injun at a test on the Matthew Carney farm and the hole has filled up 500 feet with fluid. It will make a small pumper and may improve with deeper drilling.

Near Downs Station, Marion county, the Freeland Oil Company has drilled its No. 4 on the P. Michael farm into the Gordon and has a show for a small pumper. In the Fairview district, in the same county, the South Penn Company has drilled its No. 19 on the Naughton-Walker farm to a depth of 3,375 feet and has developed a light gas pressure, but no oil. In the same district the same company has drilled its No. 9 on the A. Barrah farm through the fifth sand and the hole has filled up 200 feet with fluid. But two feet of sand was found in this well and it will make a very light pumper. In the Wallace district, Harrison county, the South Penn Oil Company has drilled a test on the S. H. White farm 52 feet into the stray and has a light gas pressure, but no oil at that depth in the sand. The Wick district, Tyler county, still has some fairly good producers. The Carter Oil Company's No. 4 on the N. C. Watson farm is holding up at 75 barrels. The Melrose Oil & Gas Company's No. 8 on the T. H. Ewell farm at 65 barrels, and Ellsworth, Davis & Trees' No. 3 on the B. L. Bullman farm at 85 barrels a day. North of Cairo, Ritchie county, the Stewart United Oil Company's No. 16 on the Kennedy Oil Company's farm is still holding at 100 barrels a day. On the north bank of the Kanawha river, Calhoun county, the South Penn Oil Company's No. 2 on the G. W. Silcott farm is producing 60 barrels a day.

In the Big Lime district, near Milton, Cabell county, Abraham Bros. have drilled their test on the T. J. Gwinn farm through the Berea grit and have a duster. In Curry district, Putnam county, the Velvet Oil Company has drilled its test on the Ellis farm through the same formation and had the same kind of luck. In the Yellow Creek district, Calhoun county, the Ann Oil Company has given its No. 9, a new well on the David Matthews farm, a shot and it responded by producing 100 barrels the ensuing 18 hours.

East of Marietta, up the Ohio river, Washington county, the Boston Oil Company has completed its No. 77 on the Gracey heirs' farm and has a 10-barrel pumper in the first Cow Run sand. In the Cow Run district, in the same county, the J. B. Brady Oil Company is starting a second test on the Isaac Hamilton farm. In the same district, the Cumberland Oil Company has made the location for No. 13 on the L. Snodgrass farm and No. 3 on the G. Moore farm.

STREETS TO BE MARKED.

Superintendent Barclay Orders 3,000 New Signs to Begin the Work.

It looks as if the city authorities were at last prepared to mark the streets with legible signs, for a contract was let yesterday for 3,000 of the signs to be furnished by the Illuminating Sign Company of Cleveland. These 3,000 are only an installment, and it is understood that the contractor will have some of them on hand on Tuesday next. Some of the signs are to be attached to houses, when the houses abuts on the corners, otherwise they will be erected on posts. The first order calls for plain enameled signs, the price of which is 75 cents each, without posts, and $7.40 each with posts.

George Barclay, superintendent of the bureau of lighting, will have charge of the placing of the signs. He said they would be put up first on the streets traversed by street cars, and after that on the cross streets. For this year $5,000 has been appropriated for signs, and Barclay says $20,000 will be needed to purchase all the signs.

PITTSBURGH EXPORTS SHOW HEAVY INCREASE IN AUGUST

Steel Rails Were the Greatest Single Item in Shipments of Last Month.

The exports of Pittsburgh iron and steel material show an increase of nearly 25 per cent in August as compared with the various shipments made during the previous month. In all more than 153,000 tons were consigned to foreign countries through New York and five other eastern seaboard points last month, in addition to big quantities going overland from the various plants of the United States Steel Corporation via the Pacific coast to the far east.

The biggest gain was made in the steel billet exports, the August shipments aggregating a total of nearly three times the quantity sent to various foreign countries in July. The steel rail exports show an increase of about 10 per cent. There was also a slight gain in the wire, wire nail and pipe shipments last month.

The heaviest item was steel rails. Twenty-seven thousand two hundred eighty-seven tons went abroad in August. The total shipments of wire, wire nails and pipe amounted to upwards of 11,000 tons.

MILLIONS RAISED TO PAY DEVLIN'S SHORTAGE

TOPEKA, KAS., Sept. 14.—Receiver Bradley of the defunct First National bank of this city is informed by C. S. Downing that sufficient capital from a New York underwriting corporation has practically been organized to assume all of the C. J. Devlin liabilities. The amount raised is $4,000,000. This would, it is said, pay the Devlin estate and First National bank creditors dollar for dollar.

THE THREE RIVERS

[Special Telegram to The Gazette.]

CINCINNATI, O., Sept. 14.—At 6 p. m. the Ohio river was 4.0 feet and stationary. The coal fleet, which was to come out of Pittsburgh on the last rise, got away safely and will begin to arrive here either late Sunday or early Monday morning. The boats which are to come are the Crescent, the Valiant, Samuel Brown, Coal City, Charley Brown, Exporter and Tom Dodsworth. The bulk of this coal will be left in the Cincinnati harbors. This rise is one of the most unusual in the history of the river, as water seldom falls in sufficient quantities to make a coal barge stage at Pittsburgh. The water did not last very long and ran out as fast almost as it came into the main stream. Clear and pleasant.

LOUISVILLE—Stationary. In canal, 3.5; on falls, 1.8; below locks, 4.4 feet. Clear and pleasant.

WHEELING—Eight feet 11 inches and falling. Clear and cool. Departed Jewel Newport, 11 a. m.; H. K. Bedford, Parkersburg, 11 a. m.

MARIETTA—Ten feet 6 inches and falling. Clear and pleasant. Bessie Smith for Wheeling, 7 a. m. Down with coal, Charles Brown, Crescent, Sam Brown, Helen White.

PARKERSBURG—Ten feet 6 inches and stationary. Clear and cool. The Bessie Smith left for Wheeling, the Valley Belle for Marietta, the Coal City, Exporter, Tom Dodsworth and Charles Brown passed down with coal.

GREENSBORO—Seven feet 7 inches and falling. Clear and warmer. Columbia down Friday; Woodward up.

MORGANTOWN—Six feet 10 inches and falling. Fair.

POINT PLEASANT—Six feet 8 inches and rising. Cloudy. Down, Kanawha, Greenland. Up, J. T. Hatfield.

GALLIPOLIS—Seven feet and rising. Cloudy and warmer.

OIL CITY—One foot 1 inch and falling. Clear.

TORRANCE OUT OF TRADE.

Will Wind Up Excursion Season Next Saturday Afternoon.

The stage of water at Davis Island dam at 9 o'clock last night was 5.3 feet and the river was falling.

The Francis J. Torrance will take out her last excursion of the season next Saturday afternoon. The season has not been a profitable one for her owners.

The coal fleet which left here Tuesday morning is getting on nicely and was reported yesterday at Parkersburg. It will reach Cincinnati this evening or tomorrow morning.

Capt. G. W. Thomas of the Jutte company is entertaining his family and a number of friends on a two or three days' trip up the Monongahela on the towboat called for him. The party reached Brownsville yesterday, and will go on to the limit of navigation today.

The Columbia got in from Morgantown yesterday and left at the usual time on the return trip.

Capts. William H. Clark and Charles G. Thomas were here yesterday inspecting several boats during the absence of the local inspectors on vacation.

Capt. Louis Menk of the River Coal Company has returned from a two weeks' vacation.

Maj. W. L. Sibert is asking bids for the erection of a power house at Lock No. 3, in the Monongahela.

GOOD BERTH FOR WYN B. MORRIS

Is Appointed City Passenger and Ticket Agent of the Pittsburgh & Lake Erie Here.

SIGNAL WORK ON LINES WEST

Wyn B. Morris has been appointed city passenger and ticket agent of the Pittsburgh & Lake Erie railroad in Pittsburgh. He succeeds the late George H. Thompson and will assume his new duties today. The appointment of Mr. Morris was announced by General Passenger Agent L. A. Robison yesterday. The appointment of a successor to the position occupied by Mr. Morris, that of chief clerk of the general passenger department, has not yet been made. The new city passenger and ticket agent is well-known in Pittsburgh railroad circles, having served with the Pennsylvania and Pittsburgh & Lake Erie several years, and always being an energetic worker. His first service was with the Pennsylvania railroad. After which he engaged in newspaper work and held various positions on the editorial staffs of Pittsburgh newspapers. In 1902 he was appointed traveling passenger agent of the Pittsburgh & Lake Erie road, and a year later was appointed chief clerk to General Passenger Agent Robison. He has since served in this capacity and has been greatly instrumental in the work with Mr. Robison in developing the present high standard of the Little Giant's passenger service. In connection with his work as chief clerk to Mr. Robison, Mr. Morris has also handled the advertising department for the Lake Erie. It is supposed that he will continue as the head of this department, which is one of the important details of the company's business. Mr. Morris' headquarters will be at the city ticket office in the Park building.

Wyn B. Morris.

Signal Work on Pennsylvania Lines.

The Pennsylvania lines west are now having considerable signal work done, particularly in the matter of the installation of interlocking plants at important points. The company is just about completing a manual block signal system on the Wheeling branch from Wheeling Junction, opposite Steubenville, to Wheeling. This blocking has been done to provide better track operating facilities for the increased and faster service on the Panhandle between Pittsburgh and Wheeling.

The new Duffs branch, which connects the Ohio Connecting railroad—the connecting line across the Ohio river in Lower Allegheny between the Northwest and Southwest systems—with the new Scully yard, is also being equipped with a signal system, which is of the automatic electric type. This work extends from "DU" tower to Rosslyn, where connection is made with the main line of the Panhandle. At the Allegheny end of the Ohio Connecting bridge a small interlocking plant is being installed, while a larger one is being built at the south end of the bridge and at Duffs Junction, where connection is made with the Pittsburgh, Chartiers & Youghiogheny road. An interlocking plant is also under construction at the junction of the West Penn and eastern divisions in Allegheny, while a similar plant is under way at Rochester, where the eastern and Cleveland & Pittsburgh divisions join. In order to facilitate the operations through and into the Conway yards, interlocking plants are being built at either end of the yard, these being at Freedom and Baden. All of the interlocking plants are of the all-electric type, which is the type in use at Marion avenue, Allegheny, and at the junction of the Monongahela division of the Pennsylvania and the Pittsburgh division of the Panhandle at the south end of the Monongahela river bridge. These signal improvements are in charge of Signal Engineer W. McC. Grafton, and will be completed this year.

Much Interest in Little Kanawha.

As usual in such projects, the deal of the Little Kanawha syndicate in disposing of the properties in West Virginia has occasioned much interest in the territory traversed or to be traversed by the lines. There have been several deals of importance in coal and timber lands by speculators with the view of making good winnings after the road has been extended. It is supposed that the connection will be made with the Chesapeake & Ohio a short distance south of Durbin. S. H. Bowman, a prominent citizen of Barbour county, says that the people are very anxious to know the outcome of the properties and are looking for a development of new portions of the state. The project will probably be taken up in definite form in a few days. Joseph Ramsey, Jr., is expected to arrive here today or tomorrow, when the proposition will be taken up with Col. J. M. Schoonmaker, vice president and general manager of the Pittsburgh & Lake Erie, before the latter returns to his summer home at Spring Lake, N. J.

Not Fond of Powder Explosions.

Capt. J. B. Reed of the Baltimore & Ohio and the train crew that was with him on the train that was partially caught in the explosion near Fairchance last Saturday are not particularly fond of the experience and do not care to have it repeated if it can be helped. While none of the crew or passengers was injured by the explosion, they received a severe shock and scare. The force of the powder explosion broke almost all of the windows of the cars and also shattered some of the small ventilator windows in the deck of the car, and likewise shattered the ceilings. The train was well loaded and was only a few rods away when the two small explosions, followed by the large one, let go. Besides Capt. Reed, as conductor, the crew of the train consisted of Baggage Agent C. A. Wilson, Brakeman L. C. Young, Engineman John Layton and Fireman Swan.

General Meeting of P. R. R. Agents.

Agents of the Pittsburgh division of the Pennsylvania railroad will gather here in a general meeting next Wednesday. This meeting will be held to devise ways and means of improving the service of the company in the department of local and through freight. Superintendent S. V. C. Long will preside at the coming meeting, which will be held at the Hotel Henry, and there will also be present Division Freight Agent S. L. Seymour and other officers of the company. It is probable that a dinner will be a feature of the meeting, at which matters of a social nature in connection with the agents' duties will be talked over.

C. H. & D. Sale Officially Noted.

NEW YORK, Sept. 14.—It was officially stated at the office of H. B. Hollins & Co. today that the Cincinnati, Hamilton & Dayton railway had been disposed of, the purchaser not being announced. It was reported that the road had been bought nominally by the Erie, but that the Pennsylvania and the New York Central are interested in the purchase.

Railroad Notes.

It is reported that the Pennsylvania is planning to build a new market in Buffalo.

A. H. Gallaher, a station master of the Baltimore & Ohio in Pittsburgh, is enjoying his annual vacation, accompanied by his family.

Mandel Sener, press agent of the Baltimore & Ohio railroad, passed through Pittsburgh last evening on the Chicago Limited en route to Chicago.

The railway surgeons of the Pennsylvania lines west held a meting at the Free Dispensary building in this city yesterday, surgeons being present from all principal points on the system.

The contractors are making good progress on the Railroad Y. M. C. A. building for the Pittsburgh & Lake Erie at McKees Rocks, and it is expected that the building will be occupied in a few weeks.

The new "Universal" baggage check, invented by Messrs. Conrad and Fitler of the baggage department in Pittsburgh, will be placed in use on the Pennsylvania railroad's lines east of Pittsburgh and Erie today.

Word was received here yesterday of the death of Mrs. Daniels, wife of George H. Daniels, general passenger and ticket agent of the New York Central & Hudson River railroad. Mrs. Daniels had been ailing for some time.

E. H. Temple, engineer maintenance of way of the Baltimore & Ohio's Pittsburgh system, returned to the city yesterday from Kentucky, where he was ill of typhoid fever. E. G. Lane, division engineer of the New Castle division, who has been officiating for Mr. Temple, will return to New Castle.

Robert Blickensderfer, general manager of the Wabash lines east of Toledo, returned last evening from a business trip over a portion of the system. Vice President B. A. Worthington will probably return this morning from a three-day inspection trip with General Traffic Manager Ives over the entire system east of Toledo.

PORTO RICANS ARE ANXIOUS TO BE CURED OF THE "LAZY WORM"

WASHINGTON, Sept. 14.—The people of Porto Rico have become enthusiastic in their desire to rid themselves of anemia, popularly designated the "lazy worm." Capt. B. K. Ashford, who is expending $15,000 this year in a campaign against that malady, reports as follows:

During the months of June, July and August, 10,000 patients were treated, with cures in nearly every instance. In August at Aibonito exactly one-third of the population was treated, or 2,482. Of these six died, 716 were discharged cured, while the majority of the remainder are recovering. The effect of the disease is to render the victims absolutely unfit for work. The disease gradually wastes away the tissues, during which time the afflicted becomes a public charge.

VETERANS PLAY FIRE BALL IN THE STREET

FRANKLIN, PA., Sept. 14.—(Special.)—Franklin tonight witnesses a scene familiah in the fifties. A crowd of old-timers here for old home week, renewed their youth by throwing fireballs in the streets. It was a popular pastime half a century ago. The game is played by two teams who scramble for the ball, made of candle wick, soaked in turpentine and lighted. The veterans enjoyed the sport for over an hour and delighted a crowd of thousands of people. The county centennial features today consisted of a parade of 2,000 school children of the county.

Victim of Peculiar Accident.

NEW CASTLE, PA., Sept. 14.—(Special.)—Mrs. Cyrus Cameron is lying fatally injured at her home in Union township as the result of an accident yesterday. She was holding a ladder upon which Mrs. Ollie Jacobs was standing to pick peaches. The limb against which the ladder leaned broke, throwing the ladder and Mrs. Jacobs heavily against Mrs. Cameron.

If you are about to build a new house, see that you are on the Peoples Natural Gas Company's lines. Natural gas for light, heat and power at domestic rates. No charge for services or connections or setting meters. General Offices 248 Fourth avenue, Pittsburgh, Pa.

JILTS YOUNG WOMAN AT HOUR SET FOR WEDDING

Lady Twice Engaged Is Again Doomed to Disappointment—Tears Veil to Shreds.

[SPECIAL TELEGRAM TO THE GAZETTE.]

ALLENTOWN, PA., Sept. 14.—Miss Katie Brett, aged 22 years, of Catasaqua, was jilted at the altar last evening by John Ryan, a train dispatcher. Miss Brett is in a serious condition as a result of Ryan's action. Three years ago a young man named Beers fell in love with the girl, but as their religious faiths were conflicting she refused to marry him unless he should embrace the Roman Catholic church. This he consented to do, but on the day before they were to have married Miss Brett learned that Beers had a wife and children in New Jersey.

Later she met Ryan, and after a two years' courtship, the wedding day was set for yesterday. The guests had assembled at St. Lawrence's Catholic church, Catasaqua, when word came that Ryan did not intend to marry the young woman. His mother appeared on the scene and declared that under no circumstances could her son marry Miss Brett.

The young woman became hysterical and tore her bridal gown into shreds. It was the same garment she had made for her when she was engaged to Beers. Ryan promised to make an explanation of his conduct, but so far has not done so.

TO ENLARGE HOMESTEAD.

Carnegie Steel Company Will Build 16 Open-Hearth Furnaces, Blooming Mill and Finishing Mill.

Orders have been given by the Carnegie Steel Company for the start of work on the construction of 16 open-hearth furnaces, a finishing mill and a blooming mill to be constructed on the company's property lying between the Homestead steel works and the Howard axle plant. The property extends about half a mile between the river and the Lake Erie railroad, and is about 450 feet wide.

The plans for these additions were prepared three years ago, but their construction was delayed. It is expected that work will start this fall on the additions and that they will go into service in 1906.

BRITISH FLEET VISITS NORWAY

Navy Is Watching Developments During Efforts Making for Peace.

DELEGATES IN CONFERENCE

[BY ASSOCIATED PRESS TO THE GAZETTE.]

KARLSTADT, SWEDEN, Sept. 14.—It is reported from Christiania that a British fleet of 13 vessels is cruising outside the Norwegian ports of Arendal and Christiansend.

The delegates of Norway and Sweden appointed to discuss the dissolution of the union of the two countries, spent the morning in private conferences. After a short joint session in the afternoon the delegates adjourned until tomorrow.

LONDON, Sept. 14.—Dr. Nansen, the Arctic explorer, who recently has been so active in Norwegian politics, and Capt. Wallenberg, a member of the Swedish riksdag, who are both in London, declared today that their respective countries desired nothing but a peaceful outcome of the present crisis and appeared to be hopeful of a satisfactory outcome of the negotiations. Both admitted the question of the demolition of the forts would be the only possible cause of a rupture.

In connection with Dr. Nansen's visit to the foreign office here a news agency repeats the story of the candidature of Prince Charles of Denmark for the throne of Norway and says there is reason to believe a definite offer of the Norwegian crown may eventually be made to him.

COPENHAGEN, Sept. 14.—A Norwegian diplomatist said today that if owing to the opposition of the Swedish government, Prince Charles of Denmark should decline to ascend the throne of Norway negotiations probably would be opened with Prince George of Greece, who was educated in the Danish naval college.

FUNDS TIED UP AGAIN.

State Bank Depositors Disappointed Through Claims of Checking Account Holders.

Again the funds of the defunct State bank, Bloomfield, have been filed against this time by exceptions being filed against the report of the auditors. The exceptions were filed by Attorney William McElroy, representing Frank McMasters, Armstrong Bros. and Robert J. Kingan, who had checking accounts with the bank. The exceptions claim that checking accounts should be paid first and not placed on a parity with other forms of account, savings, certificates of deposit and certified checks.

Attorney D. M. Miller left yesterday for Harrisburg to lay the exceptions before the auditors. The case will be argued before the Dauphin county court and then taken probably to the supreme court at its October sitting in Pittsburgh. There may be a distribution of the funds by the end of next month, although further delays may be forced.

Veterans Elect Pittsburghers.

WILMINGTON, DEL., Sept. 14.—The Union Veteran Legion today selected Columbus, O., as the place for holding the next annual session and elected officers as follows: National commander, Gen. Joseph W. Kay, Brooklyn; junior vice commander, Joseph A. Joel, New York; quartermaster-general, J. M. Keyser, Pittsburgh; surgeon-general, Dr. J. P. McCord, Pittsburgh.
